The New Transformation: The Mystery of Spiraling Transcendence

A Lazaris Intensive (1+2)

Orlando, May 20 - 22, 2005

There is a light ... sometimes clarifying, sometimes exposing ... there is a light. Flourishing with the vision of spirit and the dream of soul, this flickering light spirals, lifting and leaping. There is a light, expanding, revealing. Celebrating, there is a light. In a delicate moment that could otherwise be lost, this is the light of transcendence ... spiraling transcendence. Come let us join together to capture this light. Then let us harness and direct that light ... spiraling, lifting. Then we can set it free, releasing it into your world. Come. Let us love together to make magic and to make love for your world.

Evening with Lazaris, "Charting a New Course: Living Your Dream, Loving Your Life"

The New Transformation: The Mystery of Spiraling Transcendence

There is a light ... sometimes clarifying, sometimes exposing ... there is a light. Flourishing with the vision of spirit and the dream of soul, this flickering light spirals, lifting and leaping. There is a light, expanding, revealing. Celebrating, there is a light. In a delicate moment that could otherwise be lost, this is the light of transcendence ... spiraling transcendence. Come let us join together to capture this light. Then let us harness and direct that light ... spiraling, lifting. Then we can set it free, releasing it into your world. Come. Let us love together to make magic and to make love for your world. – Lazaris

Though we cannot fully comprehend transcendence, we can be dynamically new because of it. We can love in more profound ways. We can more graciously receive, with greater surety and confidence, with greater aplomb. And our giving can become exalted. We may never fully understand it, but with transcendence, we can find and know peace even in our turbulent world. We can become more; our world can become more.

Transcendence is the epitome of changing and evolving. Transcendence can be instantaneous and overflowing with euphoria and ecstasy. Lazaris has talked of, and many of us have worked with, this esoteric magic. For those of us not yet familiar with the workings of this unique magic, these days in May can be a rare opportunity rich with wonder and miracles. For those of us who have touched the ineffable beauty of transcendence, Lazaris offers us a grand opportunity to embrace and then to become one with this elusive and otherwise hidden magic.

For all of us, Lazaris, with the mysticism of his love and magic, will begin by helping us harness that delicate and flickering light, sometimes clarifying, sometimes exposing. With Lazaris at our side, we will capture, harness, engage, and then direct that light so that we can lift beyond our inhibitions and apprehensions and beyond the remaining residues of our impedances. Lazaris will invite us to participate and then will guide us upon two ancient and lost rituals: the *Ritual of Dark Light* and the *Ritual of Beauty's Light*. Liberated, set free, we can brighten, expand, and embellish our power and strength, our magic, our happiness and joy, and our love. And through it all ... spiraling, spiraling, the opportunity to transcend can be ours.

We will not fully comprehend all that Lazaris will do during these days; we will not be able to describe some of what happens.

Yet we can be the beneficiaries of his magic and of his love as we can experience the bounty of our own. We can be the recipients of that epitome of changing and growing that is transcendence ... spiraling transcendence, the new transformation.

We all can succeed. And our world can reap the bounty of what we are about. Our world can change, grow, and evolve because of our magic, because of our dreams, because of our visions, and because of our empowered destiny that holds them.

Welcome

Evening with Lazaris

Charting a New Course: Living Your Dream, Loving Your Life

Thursday Evening, May 19, 2005, 7:30 – 11:00 p.m.

As you find new ways to perceive the world, you can begin to perceive a new world. More than perceiving reality differently, you can begin to perceive different realities – realities of love, wonder, magic, and miracles.

It all begins with vision and with learning to live your dreams and to love your life. It all begins with light. She is returning, and with Her she brings a Light and a Love. Can you see? Can you feel? Can you perceive? It's time.

After all, there is a world out there waiting for the maps you make. Shall we ... ?

– Lazaris

Vision can cut through the residue of so many old patterns of apprehension and impedance. It can cut through the decay of old beliefs and choices, old images, and old fears that still entangle and confound us.

The vision of living our dream and of loving our life can have unique and distinctive impact. Such a vision can bring a dazzling clarity and brilliant precision that can fill us with awe. It can fling open the doors of our personal prison to unlock the remaining doubts and mysteries surrounding our destiny and its fulfillment. Laser-like, this vision of living and loving can illuminate our path and clear the way along that path allowing us to embrace success and happiness that is ripe with wonder and joy. The vision of living our dream and loving our life can create a standing wave of resonance with radiance more powerful – more potent – that we know.

During this sweet evening in May, Lazaris will guide us deeper and deeper into the lost realms of our Unconscious. At that rare depth we will *Forge Vision* – the specific vision of loving and living that offers us so much. The magic of the smithy underway, we will then enter the *Valley of the Giants* to work with the Archetypes in the crafting and the co-creating of our new vision for living our dream and loving our life. We can begin to work a magic of transcendence – indefinable and indescribable.

We can be about the business of making the maps we are destined to make. Welcome to another magical evening of love with Lazaris. Welcome. ...

Forging Courage, Perseverance, and Conviction

(Excerpts from the Culminating Weekend)

Beyond our confusion and uncertainty, beyond our resistance and apprehension, we have discovered so many treasures and gifts, and there are so many more gems and jewels of happiness, of success, and of love waiting to be uncovered and embraced. In the current airs of transformation, we stand ready to step forth as illuminating beacons of hope; we stand ready to transcend. Even as our course of the future may be uncharted and uncertain, our upcoming successes can be unprecedented and unparalleled. We are ready and it is the dawning of our day.

The entire Friday evening portion of this incredible culminating weekend workshop is available as a CD or an audiotape recording. Now, excerpts from Saturday and Sunday are available including a meditation especially recorded for this release.

Lazaris carefully details the components necessary to construct our forge ... he speaks of the domain of happiness and love – the happiness of living the truer life and the exquisite love of defining moments. To this domain we bring mystery ... the mystery of passion and of intimacy. Once we build our forge, we need to activate it with the glimmer and shimmer of fulfillment. Within the forge, we can engage the lost art of forging magic. We can become the smithies of this lost art. We can metaphorically hammer and bend, we can carefully form and reform: we can forge courage, perseverance, and conviction. And we can work the magic – forging magic – with so much more.

These excerpts capture the essential information of this culminating weekend. We can learn a new expression of magic that can be a powerful and profound addition to our already existing repertoire of magic. We can find our voice and we can be heard. And as Lazaris reminds us, we never have to be the same again. New meditation, *Creating the Forge*, included.

Lazaris' Newest Evening Release ...

Wisdom and Freedom of Soul and Spirit: Awakening and Maturing Truer Self

We invite you: Challenge the limits of your belief and imagination. Challenge the constraints of your trust and of your love. When you do, something amazing can happen. Something miraculous can unfold.

Sometimes when you least expect it, you can touch the wisdom of your soul and the freedom of your spirit. In that moment however brief you can glimpse your Truer Self. We invite you ... we invite you with joy; we invite you with love. — Lazaris

Touching and being touched by our Truer Self, even if but for a moment, we suddenly know: the magic, the passion and compassion, and the creativity can be ours. The peace, the self-acceptance, the freedom, and being loved — being fully loved — can express itself more fully and completely in all that we do and in all that we are continuously becoming. We can give without guilt; we can love without fear.

Touching our soul's wisdom and our spirit's freedom we can find greater clarity and celebration in our own reflective and radiant light. We can find new magical keys for living and loving life. We can listen in new ways and unfold new dimensions and new expressions of our love. We can be forever changed, becoming luminous and numinous.

Lazaris crafted this magical evening which begins with a touch and lifts to an indefinable moment. The touch can blossom into a profound awakening and maturing. The moment can be transcendent. We can find the sacred wisdom and freedom of soul and spirit. We can awaken and mature our Truer Self.

A discussion and process which stand in the light of this Year of Illumination, it is a beautiful experience with a powerful meditation.

Deeper Magic: Greater Rapport with Our Future Self

[Click To Order Online](#)

Your Future Self, eager to know you more, is bountiful in its embrace. – Lazaris

Even when we have a living relationship with our most positive Future Self, there is so much more magic available to us when we expand our rapport. Active or reactive, we all have a relationship with our future selves just as we all have a relationship with the future. First Lazaris explains why it is vital that we deepen our magic and that we develop a more healthy, active relationship with our future selves. His suggestions are compelling. In the discussion of this magical pursuit, Lazaris explores why we resist our future selves and he explains the power - the immense power - of the future. Then he talks of the favorable environment to attract our future selves to our reality. After a review of the technique for *Blossoming our Future Self*, Lazaris offers a 7-step process for developing and deepening greater rapport with our future self. Additional techniques include *Dialogs with Future Self*, *Magical Workings with Future Self*, *Awakening Future Self Now*, and *Crystal Work with Future Self*. Meditation included: *Rapport with Future Self*.

Healing Our Personal Nemesis: Keys to Abundance

[Click To Order Online](#)

Lazaris begins this spectacular evening by pointing out why we are truly ready to heal our personal nemesis and by showing us why we need to heal that "enemy that we never grow tired of." From the general consensus meaning of the word, nemesis, we turn to find the first clues within Greek Mythology and the story of the goddess, Nemesis. Lazaris points out that our nemesis is the part of us that wants to "right the wrongs" through requital, which has become the retribution of revenge. Our nemesis is not our negative ego, he adds. Our weak Ego-I is our enemy and it seeks retribution; it seeks to punish and to inflict pain. But it does not seek justice - a necessary component of our personal nemesis. ...

After we discover what our nemesis is, we can prepare to heal it. We can ask and answer questions: "What do we feed our personal nemesis?" "What is the retribution we have experienced?" "Who is our nemesis?" The beauty of this evening becomes apparent when we work with our Higher Self and with Lazaris to actually initiate the healing of this seemingly timeless enemy: our personal nemesis. This evening is more powerful than is at first evident. It will be an evening to which we will return frequently to benefit from the magic. Meditation, *Healing Our Personal Nemesis*, included.

Investing in the Future: Joy of Living Life

[Click To Order Online](#)

We know joy. And investing in our future with the joy of living life offers powerful magic for living our lives with greater success and happiness. It is also the seventh step in our pursuit of dominion. Lazaris begins this powerful discussion with a cursory review of what joy is and when it occurs. He then explores what usually happens when we encounter the opportunity of joy and more joy in our lives. Even when we know how to embrace and manifest it in our lives, we often don't have a way of holding that joy for future use – as an investment in the future. Opportunity denied, missed, ignored, or opportunity that lacks a way of holding it can diminish or evaporate. We lose the opportunity and the joy seems lost. Lazaris explains that once we create a viable receptacle to receive the bursting energies and forces of joy, we can open the way to grasp the "joy among joys," the joy of living life. There can be many specific expressions of joy in our lives and then there can be a grand, sweeping sense and experience: The joy of being alive; the joy of living life. This enlightening discussion continues as we explore the value of this "joy among joys," and it unfolds as we learn how to create and develop that magical receptacle of joy. Lazaris offers several practical techniques to make this mysterious investment in our personal and global futures. These techniques include *Laying the Foundation; Crystal Grid of Joy, Deepening Rapport with Future Self, Investment Strategy for the Future*, and *Seeding the Future*. Another beautiful Lazaris Meditation, *Investing in the Future*, is included.

Living the Enriched Life: New Maps to Fulfillment

[Click for Sound Clip](#)

Fulfillment is a hard concept for us to grasp because of our unspoken resistance to or apprehension about it. For example, too often we look for a tangible thing or a specific emotional/mental success to give us fulfillment, but fulfillment is not inherent in the thing or in the success. It is, however, inherent in us; it is woven into the fabric of our being. We just have to find and uncover it. During this discussion, Lazaris explores our resistance and apprehension. He also helps us clarify more precisely what the riches are that can enrich our lives. We are human, of course. But we are also magicians; we are also spiritual beings. And the riches for each are different. With the potential riches in mind we can step beyond our resistance/apprehension and embark on *The Road to Fulfillment*. There are experiences to be garnered: *experiencing happiness, experiencing grace, experiencing wholeness and oneness*, and *experiencing wonder and beyond*. There are awakenings to embrace: *awakening genius* and *awakening mystery*. And then there is creating union with self. The journey continues beyond the specific experiences, awakenings, and creation. The key to fulfillment is found in surrendering ... surrendering without submission; it involves the magic and the mystery of surrendering self without abandoning, rejecting, betraying, or humiliating self. It involves surrendering our separateness. There is so much magic in the mystery. ...

... After an amazing meditation Lazaris concludes the evening with a summary of techniques that include *Fetish of Fulfillment*; *Torus of Fulfillment*; *Sphere of Paradox*; and *Reflecting Pool of Riches*. Living the Truer Life: New Maps to Happiness

[Click for Sound Clip](#)

Yes, you do know happiness. You just are not feeling it often enough. You are not feeling it deeply enough. And there is so much more happiness to be had: Happiness you have lost, happiness you have abandoned, happiness you want, but have not acquired, and happiness you never thought you could have. – Lazaris

During this astounding evening, Lazaris pointed out that as we approach and unfold this Year of Union and as we work with the remaining years of this decade and beyond, we will need to deal with – we will need to confront or encounter – our issues with happiness. When we do work with our issues around happiness, we can begin to feel the happiness we know and we can begin to create new maps – new ways – to create more happiness (increasing the quantity) and greater happiness (expanding the quality). So Lazaris explores and works with our *Traditional Resistance*; *Current Resistance*; and *Genuine Ongoing Fears of Happiness*. Then the discussion becomes more mystical as Lazaris lays out the Components of Right Living in a triad of being, becoming, and wholeness. After a beautiful and powerful meditation Lazaris designs seven new maps ... new maps to more and to greater happiness. These maps include *Fetish of Happiness*, *Sphere of Paradox*, *Fire of Frustration*, *Celebration of Right Living*, *Mound of the Magician*, *Reflecting Pool of the Truer Self*, and *The Torus of Happiness*. It is an amazing recording. Meditation included: *The Gifts of Happiness and of the Truer Life*.

Ways of the Ancients: Portals to the Future

[Click for Sound Clip](#)

This stunning exploration begins with a cursory review of how we are conditioned to “do the best we can” with the future that eventually becomes our reality. For so many within the consensus of our world, from childhood to old age, the future is always out there. It seems to be always out there waiting to get us, waiting to beat us, and waiting to defeat us. We can break this conditioned pattern and we can live a rich life of presence in the present. As magicians, we can do so much more. With a positive relationship with the future – with a productive alliance with the future – we can not only find presence in the present, we can tap an incredibly powerful and profound resource for the working and growing of our magic. One way to open the portals to the future is to develop rapport and magic with our future self. Another way, the focus of this uplifting discussion, is to develop the ways of the Ancient Ones. Lazaris continues this magical exploration by talking of who the Ancient Ones are and of the Gifts and Counsels of the Ancient Ones. He then offers an insightful and revealing explanation of their nature: The Grace of the Ancients. By understanding and knowing who the Ancient Ones are and by understanding their gifts, their counsels, and their grace, we can awaken Ancient Ones and their ways in our world. We can awaken the Ancient One in us – the Ancient One we once were and will be again. This audiotape concludes as Lazaris offers several techniques for opening the portals to the future. Among them: *The Gathering of Ancients*, *Oneness with the Ancients*, *Receiving the Counsel and Gifts of the Ancients*, and *Weeding & Seeding Futures in the Way of the Ancients*. A powerful meditation, *The Gathering of Ancients*, is included
