*In the silent depth of the Unknown, you can discover the most precious and the most treasured truths ... precious and treasured because they are your truths and the truths of your Soul and Spirit. Without uttering a sound, these truths can reveal more of the unfathomable depths of your real self and more of the ineffable dimensions of your relationship with God/Goddess/All That Is. – Lazaris*

There was a time when entering the vast and vacuous Unknown frightened us. It can frighten us still. Yet, regardless of whether we are new to the Unknown or well-experienced, beyond the initial inhibition and apprehension of our fears — in the Illuminance of the Unknown — a phenomenal world can blossom before us.

Waiting to awaken, the stuff of beauty and ecstasy can miraculously change us, can change our lives, and can change our world. Waiting to unfold, those precious and treasured truths can inspire, exhilarate, and empower us. Our magic can shine as never before.

The Unknown always remains a mystery ripe with the light and with the dark of the mystical and esoteric. Yet within the mysterious interplay of light and dark and within the mystical dance of light we can source and resource the rewarding and meaningful, the happiness and joy, and the loving and healing. We can discover the luminous and radiant. We can reach beyond our newly-expanding horizons of magic and beyond our ever-lifting limits of dreaming and visioning.

With Lazaris as our companion and guide, we will cross the terrains of the Underworld and of the Causal Plane. We will enter the intriguing realm where imagination imagines itself, where creativity creates itself, and where magic "works on its own" — the Imaginal Realm. Following the threads of luminescence from one domain to the next, we can find the treasures we seek; we can find the truths waiting to unfold.

Astounded and filled with awe, our reality and the reality of our world can dynamically and beautifully shift and change. Amazed, miracles can abound. Happiness and success can take on new meaning and new value with greater depth and height. Wonder and joy can come alive. With a delicacy and a tenderness that only love knows.

Lazaris, along with our Higher Self and Soul, will guide us to the Illuminance of the Unknown — a rare and sacred state of being. In that Illuminance changes have no words. Transcendent changes can happen with no effort. We can emerge from that light, and we never have to be the same again; we can shine as never before. Welcome to the Illuminance.

Evening with Lazaris ...

***“Living in the Moment: Glorious Adventures and the Miracles That Can Unfold”***

*Thursday Evening, August 18, 2005, 7:30 – 11:00 p.m.*

***You will glow with an inexplicable radiance. And you never have to be the same again.*** – Lazaris

We have learned so much of seeking the rewarding and the intimate; we know so much of pursuing the meaningful and the fulfilling. Our lives have been rich ... in so many ways our lives have become richer than we ever imagined or expected. And the treasures just keep on expanding.

As a prelude to our excursions into the Unknown seeking its Illuminance, or as yet another giant's step in our “dance with light and with illumination,” Lazaris has prepared a joyous evening exploration. With as much as we learn and know, the key is being able to live in the moment. All that learning and knowing can come alive with vibrancy and brilliance when we can tap the secret of Living in the Moment.

The phrase has become cliché. But the experience beyond the hackneyed phrase, the love beyond the familiar words can be miraculous . . . the magic can be astounding. Join Lazaris for an evening that can forever change us. Welcome ...

## *2005: The Year of Illumination, July - December*

Each year Lazaris offers two wonderful recordings to help guide us through each of the four phases and 12 monthly energies of the year.

in the world around us.

The second of these – for July through December – is now available. Lazaris focuses on the content of the third and fourth phases of the year. He not only highlights the specific ebbs and flows of the energies of each phase, Lazaris makes several suggestions as to how we can best utilize these forces each month.

This recording includes Lazaris Blendings for Phase 3 and Phase 4. As always, the Rhythms and Patterns are designed to make us aware of the waxing and waning of energies of each phase and to help us understand and navigate the ebbs and flows of these energies with elegance and ease.

We can utilize the energies – expansive or constrained – to maximum benefit personally and spiritually for our reality and

# Charting a New Course:

[Click to Order Online](#)

## *Living Your Dream, Loving Your Life*

*You are alive. With beauty, goodness, and truth you stand as magicians before a future that is ready to be growing and changing in ways yet to be imagined, unfathomable ways yet to be envisioned. You stand before a future that is ready to be charted anew, a future that is fluid and flexible enough to be transformed, that is waiting for you to define its new course. You stand before a world that is waiting to be created by you. – Lazaris*

With this welcome, Lazaris suggests that it all begins with visioning. It all begins with the vision of living your dream and with the vision of loving your life. With visioning we can cut through the remaining residue of so many old patterns, we can embrace success and happiness with greater precision and confidence, and we can find more elegant pathways to love, light, and laughter. Then he explores the core of dreaming ... an imagery of the future ... and visioning ... an exceptional expression of something sublimely, exquisitely beautiful.

And with that foundation, Lazaris creates a magical map for charting the new course for our futures and for our world. The first step: be ourselves ... not being afraid to be who we really are. Lazaris outlines an amazing three-tiered chart of emotions from the highest resonance to the lowest. We can step by step lift our resonance by moving from the lower rungs of the lower tiers to the higher and highest. It's amazing; it's astounding.

From this first step of being ourselves, we can open to the presence of our soul and we can vision ourselves living our dreams. We can vision ourselves loving our lives. Even before we are literally doing that we can vision ourselves living and loving our dreams and our lives. We can then become a new self and we can conclude by not being afraid of being that new, more magical self. The entire map is a gem rich with possibility and potential. After offering ways of augmenting and embellishing our newly-created map for charting the new course ... for visioning. ... Lazaris concludes this outstanding evening – this watershed evening – with a meditation, *Forging New Vision*.

# March 2005 "Magician's Oasis" DVD

## A DVD from Lazaris ... Just Released

2 hours ... a video recording from the March 28th Online Workshop with Lazaris

*Magician's Oasis* (March, 2005): A rare and magical evening ... Lazaris welcomed us to a cyberspace workshop that was akin to a *Congress of Magicians*. Together with Lazaris hundreds of magicians from all over the world gathered to create a sacred space – a space "made sacred by your presence" (Lazaris).

We all joined Lazaris as he built a crystal grid ... a fount of magic and an oasis of love. Following a brief welcome and introduction, Lazaris guided us all on a loving/healing meditation. In a moment – a moment that could be eternal and a moment that could be transcendent – we all worked magic as one. Hundreds of us worked together as one magician. It was stunning; it was amazing. It was a beautiful opportunity for each of us to "stop by the oasis" and to be renewed and restored. It was a wondrous time to regenerate and realign our will, our imagination, and our love. We nourished and nurtured ourselves. This was the first of such workshops.

This is the DVD recording of that delightful evening with Lazaris. Lazaris will conduct more workshops online, and it was with this workshop that it began. Two hours, plus close-up photos of the crystal grid. *\$49.95 plus shipping/handling/tax ... DVD*

## *The Incredible Magic of Hope & Joy*

[Click for Sound Clip](#)

Joy is an emotion rich with a swirl of thoughts and feelings. Hope is a state of mind alive with mystery and mysticism. Together, hope and joy generate a chain reaction alchemy that can lift our magic and lift our lives to new heights of wonder and success. During this magical evening tape, Lazaris explores the value of this special magic of hope and joy, and he explains what has happened to each in our current world – within our consensus reality. Then he offers a powerful view of how the alchemy of renewed hope and joy can truly change our life. Lazaris talks of the evening as a defining moment in the development and maturing of our magic and in the unfolding of dominion in our lives and in our world. Midway through the discussion, it becomes excitingly clear: Hope and joy hold an incredible magic. Lazaris then offers us an array of techniques to bring hope and joy and its magic into our lives. Such techniques include: *Dreaming Hope and Joy*, *Crystal and Talisman Technique*, and *Conscious-Unconscious Link*. Meditation: *The House of Hope and Joy*.

## *New Vistas of Hope: The Mystical Core of Great Magic*

[Click for Sound Clip](#)

*Magic becomes splendid magic, it becomes great magic, when it is infused with the aesthetics and esoterics of the Divine – of God/Goddess/All That Is. – Lazaris*

During this discussion, Lazaris guides us upon a gentle journey, an intimate one. Upon this journey, we seek hope: Hope can guide us to the realm of Splendid Magic; hope can be the infuser of the Divine that can lift our magic to become Great Magic. Along the way, hope can change our magic, allowing it to be more vibrant and viable, with workings that are more profound – more far-reaching. Along the way, hope can change our life, allowing it to become richer with the texture of greater success and greater happiness. We explore the *Nature of Hope* to understand how the *Divine Hope* we received from God/Goddess/All That Is dwindled and was replaced by human hope. Then we uncover what hope can be for us, the magicians of our current and future Age: Hope can spark so much within us (power, courage/confidence, co-creation, dominion) and it can be a reservoir for so many things (love, happiness, resonance of the miraculous, and magic). With this foundation, we reach for the new horizons of what hope can be and what it can provide as it adds dimension – it is an attractor, a stabilizer, and our guide to *Splendid Magic* – to *Great Magic*. Techniques include *Seven Days of Hope*, *Elixir of Hope*, and *Mystery of Hope's Paradox*. Powerful meditation, *Reshaping Hope*, included.

## *The Power and Beauty of Self-Acceptance*

[Click for Sound Clip](#)

We know that our Higher Self, our Counselors, God/ Goddess/All That Is, and Lazaris love us totally and are completely committed to us forever. But very often we are unable to let the love in — and our resistance is in direct proportion to how much we lack self-acceptance. Remorse at our own negative impact – and the self-forgiveness and release that accompany that remorse – should have been a natural part of our development. We should have had a Foundation of Remorse grounded in the truth that we can make mistakes and be forgiven, that we have the substance to build real character. This four-phase process, with its immense compassion and powerful tools, gives us back the power of true remorse, releasing us from the martyrhood, defensiveness, and self-pity which rob us of the love we want and the love we feel.

## Unlocking & Receiving Greater Love & Greater Intimacy with Your Higher Self

We know love and we have experienced how much we do love. And yet, no matter how much of our own love we know, we also realize that much of our love remains lost and needs to be reclaimed. And when we do reclaim our lost love, even more of our love flows into that mysterious reservoir – that reservoir of our love waiting ... waiting to flow into our reality and into our world. So it is with our Higher Self's love for us. As much as we know of it, even more remains unknown – remains locked away, waiting to be released. Lazaris accompanies us upon a treasure hunt for love. Along the way we learn of *exquisite moments of discovery* and of *exquisite moments of knowing*. We remember *mystical unions* of love as well as the *mystery of love* along with the *abundance and prosperity of love*. Each of these can be a stepping-stone to unlocking and receiving greater love and greater intimacy. As our hunt continues, Lazaris shows us how to lay a solid foundation with four specific cornerstones that can lead to the keystone that we seek. This evening is rich with beauty and magic. The techniques are so clear as they focus around how to make, work, and touch to unlock this greater love. A powerful meditation, *Unlocking Lost Love*, is included.

## Wisdom and Freedom of Soul and Spirit: Awakening and Maturing Truer Self

[Click for Sound Clip](#)

*We invite you: Challenge the limits of your belief and imagination. Challenge the constraints of your trust and of your love. When you do, something amazing can happen. Something miraculous can unfold.*

*Sometimes when you least expect it, you can touch the wisdom of your soul and the freedom of your spirit. In that moment however brief you can glimpse your Truer Self. We invite you ... we invite you with joy; we invite you with love.* – Lazaris

Touching and being touched by our Truer Self, even if but for a moment, we suddenly know: the magic, the passion and compassion, and the creativity can be ours. The peace, the self-acceptance, the freedom, and being loved — being fully loved — can express itself more fully and completely in all that we do and in all that we are continuously becoming. We can give without guilt; we can love without fear. Touching our soul's wisdom and our spirit's freedom we can find greater clarity and celebration in our own reflective and radiant light. We can find new magical keys for living and loving life. We can listen in new ways and unfold new dimensions and new expressions of our love. We can be forever changed, becoming luminous and numinous.

Lazaris crafted this magical evening which begins with a touch and lifts to an indefinable moment. The touch can blossom into a profound awakening and maturing. The moment can be transcendent. We can find the sacred wisdom and freedom of soul and spirit. We can awaken and mature our Truer Self. A discussion and process which stand in the light of this Year of Illumination, it is a beautiful experience with a powerful meditation.

# Morning, Evening & Crisis Tapes on CD

Three special releases from the Accelerated Journey Series have become available in CD form. The Crisis Tape is one of the most extraordinary and powerful tapes in the Lazaris library. The Morning and Evening Tapes are perennial favorites. On these new Morning and Evening CD releases, each of the seven tracks is laid out in order, so that it's not necessary to "rewind" as with the taped version. We are excited to bring these to you.

## The Morning Tape

[Click to Order Online](#)

Like The Evening Tape (its complement), this tape contains four separate meditations used in a specific formula over a week's time. Some mornings there will be a chakra/color meditation to lift resonance, and on other mornings Lazaris guides 33-Second Techniques for programming or specific meditations for healing. The blending/meditation on Day 7 is an extraordinarily beautiful experience that deepens our experience of our Higher Self, The Goddess, and Lazaris – and that gives us a glimpse of the vastness of our own path. A terrific tape that is indispensable for resonance building. Its companion: The Evening Tape.

A powerful, resonance-building tape which contains four separate meditations – which you'll use in a specific formula over a week's time. Lazaris, the Goddess, and our Higher Self all work to effect emotional growth, resonance, brain development, success, and any form of healing you want – and to help fill the subconscious and unconscious mind with thoughts which help to create more success and beneficial realities. They are relaxing, soothing evening meditations which are also incredibly magical – and incredibly beautiful in the love emanated from Lazaris and our Unseen Friends. Also recommended is its complement: The Morning Tape.

## The Crisis Tape

In earlier times, people recognized a spiritual crisis as a time of challenge and an opportunity for transcendent growth. Now crises are points of shame and embarrassment – and the esoteric process of crisis and liberation is unknown to most of us. In this invaluable tape Lazaris first heals with a meditation/blending that is one of the most beautiful ever put on tape. Once we are in a more secure place, Lazaris explains the building of a crisis, its bursting into reality, and its dreaded "vacuous space" – and gives us a ritual to bring the crisis to resolution. Included also are invaluable suggestions for heading off crises before they even manifest.
