✨ CONGRESS OF MAGICIANS

The Mystery and Mattering of More Loving and Healing

Among the many whispers of Katrina and its aftermath: Blame. As so many rush to blame one another, it becomes increasingly clear: Blame is an anesthetic numbing the fears and pains; it obscures the horrible ravages of loneliness and despair. As the physical repairs are made, what happens to the emotional, mental, and spiritual damage? Come with us to New Orleans. No. It is not a time to admonish and blame. It's a time for more loving and more healing. — Lazaris

A Very Special Congress of Magicians, Saturday / Sunday, April 29/30

Among the many whispers of Katrina and its aftermath: Blame. As so many rush to blame one another, it becomes increasingly clear: Blame is an anesthetic numbing the fears and pains; it obscures the horrible ravages of loneliness and despair. As the physical repairs are made, what happens to the emotional, mental, and spiritual damage?

Come with us to New Orleans. No. It is not a time to admonish and blame. It's a time for more loving and more healing. — Lazaris

Throughout the Ages magicians have heard the call to gather at a sacred place — a place of enchanting love, of ineffable beauty, and of fascinating mystery — to work magic together: to work magic as one. Responding, each would set down the stuff of their daily life and travel distances near and far to do what magicians do: to work magic.

Lazaris has designed a weekend ... a different kind of workshop ... for healing in New Orleans. As with other Congress of Magicians events, these two days will not be about learning new techniques or exploring new ideas. The focus will be on emotional, mental, and spiritual healing for the hearts and minds and souls and spirits of the people who were so ravaged by Hurricane Katrina and its aftermath – and on healing for the land.

With Lazaris at our sides, we will come together to do what magicians do: We will come together to work magic, to love, and to heal. Those of you already involved with Concept: Synergy who live in the Gulf Coast area affected by Katrina are invited to register for this event as guests of Lazaris and Concept: Synergy. Others, 100% of the ticket proceeds will be donated to the American Red Cross and designated for Hurricane Katrina Relief in the Gulf Coast area. Come join Lazaris for a poignant healing journey to New Orleans. Welcome ...

The Lazaris Weekend

... A Gathering of Magicians, Making Miracles, Friday Evening

*Orlando, Florida
Los Angeles, California*

A Congress of Magicians:

Celebrating Love: Mystery and Magic from Beyond the Threshold

We invite you to come with us to a sacred place ... a place where magicians gather. Come with us to a secret place ... an enchanting place of mystery and wonder. And in that place ... a sacred place beyond the threshold ... let us celebrate. Let us celebrate love ... yours, ours, and the love of God/Goddess/All That Is. Come with us to a sacred place ... come with us to where magicians gather. — Lazaris

*January 14-15 ~ Orlando, FL
The Hilton in the Walt Disney World Resort*

In the traditions of our ancestry and in the visions of our future, we come together to celebrate. In celebrating love we become more. Our commitment and resolve can become more solid and grounded. Our happiness and success can become more real and vibrant. Our lives can become richer with new dimensions of achievement and reward.

The Year of Illumination gives way to the Year of Mattering, and it is time: It is a time for us to celebrate; it is time for us to allow more of Love's Magic — the magic of God/Goddess/All That Is — to work upon us, to change us and to change our world. It is time to step beyond the threshold — to step into the splendor and the boundless magnificence — to receive more of the bounty of love.

As magicians, we gather, bringing our love and our magic. As magicians, we gather, coming to participate with Lazaris in sacred rituals to honor our love — the love we know and bring — and to receive a greater love. We gather to work a greater magic.

*February 4-5 ~ Los Angeles, CA
The Renaissance Los Angeles Hotel*

Lazaris has designed a magical and mystical weekend ... a different kind of workshop. These two days will not be about learning new technique or about exploring new ideas; they will be about learning and experiencing much more, so much more, about ourselves. It will be a weekend of love and light ... a weekend of being touched by love and of being changed by Love's Magic.

Drawing upon and updating rituals and magical workings from Sirius, Lemuria, and Atlantis, the focus of this different kind of workshop will be twofold. It will be upon reaching beyond the threshold ... beyond the cutting edge of our magic ... and upon celebrating ... upon celebrating love. Together with Lazaris and each other, we will work Rituals of Love. Some such rituals that might be included are: *Ritual of Sacred Encounters*, *Ritual of the Moon's Secret*, *Mystic Circle of Love*, or *Sacred Ritual of Igniting the Essence of Love*. Whichever rituals are included, we will do what magicians do: We will work magic and we will do it together.

Welcome to a Congress of Magicians and a confluence of love and magic. Welcome. ...

... In Los Angeles, Friday Evening, February 3rd, 8:00 p.m. - 10:00 p.m.

As part of a powerful working of magic simply called *Making Miracles*, Lazaris will create an incredible crystal Miracle Making Machine imbued with mysteries of dignity, intensity, spirit, and freedom. It can be a wellspring of miracles ... each of us can be touched ... each of us can be awash with miracles.

As 2006, the Year of Mattering, begins and gains momentum, we can set a different tone – a magical tone – for our lives and for the world. Once initiated, we can

Illuminance of the Unknown: The Underworld, the Causal Plane, and the Imaginal Realm (6-1/2-hour Audio Intensive Excerpts)

[Click for Sound Clip](#)

It is an amazing adventure. Lazaris takes us into the Underworld – that sliver of resonance where the unconscious becomes conscious before it slips into our world. We gather what appear to be balls of light but which are, in fact, light essences of beauty and ecstasy — our beauty, our ecstasy. On the Causal Plane we gather what seem to be spheres of light that are expressions of truths that have not yet been brightened by spirit or embellished by soul. Finally, we will enter the Imaginal Realm. In this domain where creation creates itself and imagination imagines itself, we plant these seeds of light in an enchanting garden. We will be the beneficiaries of our beauty, our ecstasy, and our most precious truths. This recording contains the excerpted highlights of the Friday introduction, the Saturday and Sunday discussions, and a few fascinating “asides” of additional insights and information from Lazaris. It is not the full journey, but it is a powerful reminder for those of us who were with Lazaris in April 2005 and a wonderful map for those who could not attend. Lazaris recorded a special meditation, *Gathering the Lights of Beauty, Ecstasy, and Truth*, for this recording.

March 2005 “Magician’s Oasis” DVD

[Click to Order OnLine](#)

A video recording from the March 28th Online Workshop with Lazaris

Magician’s Oasis (March, 2005): A rare and magical evening ... Lazaris welcomed us to a cyberspace workshop that was akin to a *Congress of Magicians*. Together with Lazaris hundreds of magicians from all over the world gathered to create a sacred space – a space “made sacred by your presence.” (Lazaris)

We all joined Lazaris as he built a crystal grid ... a fount of magic and an oasis of love. Following a brief welcome and introduction, Lazaris guided us all on a loving/healing meditation. In a moment – a moment that could be eternal and a moment that could be transcendent – we all worked magic as one. Hundreds of us worked together as one magician. It was stunning; it was amazing. It was a beautiful opportunity for each of us to “stop by the oasis” and to be renewed and restored. It was a wondrous time to regenerate and realign our will, our imagination, and our love. We nourished and nurtured ourselves. This was the first of such workshops. This is the DVD recording of that delightful evening with Lazaris. Lazaris will conduct more workshops online, and it was with this workshop that it began. Two hours, plus close-up photos of the crystal grid.

The New Transformation: The Mystery of Spiraling Transcendence (Excerpts)

There is a light ... sometimes clarifying, sometimes exposing ... there is a light. Flourishing with the vision of spirit and the dream of soul, this flickering light spirals, lifting and leaping. There is a light, expanding, revealing. Celebrating, there is a light. In a delicate moment that could otherwise be lost, this is the light of transcendence ... spiraling transcendence. – Lazaris

Transcendent means that which lies beyond experience and knowledge. Transcendent forces, therefore, lie not just beyond *our* experience or *our* knowledge, but beyond *all* experience and *all* knowledge. ...

The New Transformation: The Mystery of Spiraling Transcendence (Excerpts)

Continued from Previous Page ...

... During this astounding intensive we found our personal gateway for transcendence: a clearing in a sacred wood, a Goddess Grove or Grotto, or some place in between. We awakened our transcendent states and worked with the fires, the winds, the waters, and the earth of transcendence. We found not only light, but illumination, and listened to the many voices of illumination: clarity, exposure, brightening with vision of spirit, expansion, embellishing with dream/substance of soul, revealing and celebrating. We found something beyond; we found something more. We found an eighth step. There is the light of transcendence beyond celebration, and the circle becomes a spiral. Then we released that light, that magic, and that love into our world. This recording captures pieces of the wonder. Lazaris recorded a special meditation, *Spiral of Transcendence*, specifically for these excerpts.

Being an Inspiration: Lifting Success, Finding Triumph

One voice sounds, crisp and clear. Then another, clarifying and exposing, joins in as yet another, brightening ... lifts. Then two, three, and several more, the many voices of light become one ... one illuminant voice ... one illuminating light. You breathe ... first an inhale filling yourself with the breath of light ... this breath of life. Then you exhale ... giving light ... giving life. – Lazaris

What happens when we are inspired? Inspiration sparks the exceptional and the triumphant in each of us. We are reminded of a private personal greatness; mystery, love and passion stir within us. Inspiration can be a magic potent in the living and loving of life. Lazaris helped us uncover the steps to become an inspiration to ourselves and then to others. Working with the *Tiers of Emotion**, we don't have to be afraid to be who we are in the moment and can open to the presence of our soul and spirit. In that presence we can receive the gifts of inspiration from the exceptional to the triumphant. Our Soul and Spirit give us an Element of Inspiration, an element to breathe ... first an inhale, then an exhale. Even Lazaris' description feels like a working of magic. The evening concluded with a powerful meditation – *Becoming an Inspiration* – for becoming a Beacon of Light and a Beacon of Hope and traveling into hot spots in the world to bring light and hope into the darkness. It is a powerful, poignant, touching, and magical experience. 2-1/2 to 3 hours, *Lazaris Evening Recording ... \$24.95 plus shipping/handling/tax*

Charting a New Course: Living Your Dream, Loving Your Life

You are alive. With beauty, goodness, and truth you stand as magicians before a future that is ready to be growing and changing in ways yet to be imagined, unfathomable ways yet to be envisioned. You stand before a future that is ready to be charted anew, a future that is fluid and flexible enough to be transformed, that is waiting for you to define its new course. You stand before a world that is waiting to be created by you. – Lazaris

It all begins with the vision of living your dream and loving your life. Lazaris explores the core of dreaming ... an imagery of the future ... and visioning ... an exceptional expression of something sublimely, exquisitely beautiful. The first step: be ourselves. Lazaris outlines an amazing three-tiered chart of emotions from the highest resonance to the lowest. Being ourselves, we can open to the presence of our soul and we can vision ourselves living our dreams, loving our lives. We can then become a new, more magical, self. The entire map is a gem, rich with possibility and potential. Lazaris concludes this watershed evening with a meditation, *Forging New Vision*.

Living in the Moment: Glorious Adventures and the Miracles That Can Unfold

During 2005, Lazaris explored four unique and powerful ways to develop rapport with illumination and an alliance with the mystery and magic of illumination.

[Click for Sound Clip](#)

Of those means, Living in the Moment is the most illusive and elusive – and potentially the most powerful. Gently, Lazaris guides us through a mystical terrain: from conscious illumination to establishing domain, infusing that domain with mystery, and then expansion. Being a “giant” we create union and then enter the arcane mysticism of surrender without submission; it is an art. And then in a moment that is beyond description and full comprehension ... Presence. We take the steps in a process that has no steps. And yet there are the practical expressions: spontaneity, beauty, hope, and working with our duality are combined with conscious/unconscious presence, illumination, and enlightenment. And when we are all done, we, as Lazaris points out, “we chop wood.” Lazaris ends with a powerful meditation, *Living in the Moment* – the steps of the stepless process. Living in the moment is a paradox. In that lies amazing power and magic.

Wisdom and Freedom of Soul and Spirit:

Awakening and Maturing Truer Self

[Click for Sound Clip](#)

Illumination involves seeking meaning that leads to understanding, to enlightenment. Illumination deals with the light and the Light, but it also deals with darkness. Illumination comes when we can “dance with the light and the dark.” The expansive exploration begins with meeting the players – *Soul, Spirit, Twelve Aspects of Self*, and our *Truer Self* – and exploring the terrain of energies and forces: *Wisdom, Freedom, and Awakening and Maturing*. Preparation, illumination, initiation, and resolution then trigger the awakening and maturing of the visionary, transcendent dreamer who is our Truer Self. The meditation, *Awakening and Maturing Truer Self*, was created especially for this recording.

Accepting the Gifts of the Metaphysician

[Click To Order OnLine](#)

The Gifts of the Metaphysician are the Gifts of Knowing, Imagination, Celebration, and Reflection. On this recording, Lazaris outlines a series of four meditations to bring into you these Gifts. It includes a beautiful discussion about what a metaphysician truly is and what living our spirituality is all about. It also includes a "surprise" initiation from the Higher Self, with Lazaris there as a Spark of Light, in which the Higher Self bestows the sword, cup, wand and mirror (disk) that symbolize the Gifts of the Metaphysician. A fascinating sidebar is Lazaris' discussion of judgmentalness and how we often fall into it by refusing the positive aspects of opinion, evaluation, discernment, and discrimination which are part of the responsibilities of the metaphysician.

Awakening and Embracing the Majestic in You

[Click for Sound Clip](#)

Awakening and embracing majesty stands alone as yet another avenue that can motivate and sustain the power and magic of expansion. As well, when the majesty in you is awake and conscious, it can amplify the other avenues of choice when it comes to activating and utilizing your alliance with expansion. —Lazaris

During the evening of this incredible culminating weekend, Lazaris laid a foundation for awakening and then embracing our majesty. Majesty can inspire us to reach for the stars, to raise our voice in the calling of miracles; and to add exultation to loving joyously. Working with our majesty can be pivotal in the workings of our personal magic and in the workings of New Magic. As we awaken and embrace, we come to realize that majesty is the liberator; it can set you free. Often such awakening and embracing can be the missing ingredient or the unlocking key to your conscious and active participation in the Great Work. From this foundation, Lazaris explores the what, why, where, and when of the majestic: What is Majesty? Why do we resist it? Where can we find it? When can we awaken and embrace it? This powerful evening concludes with a meditation, not to give us our majesty -- we already have it -- but to plant the seeds of possibility and potential that can give birth to the opportunity. The seeds are planted. The rest of the weekend Lazaris worked with fulfilling the possibility and potential -- with utilizing the amazing opportunity. However, the evening with its *Seeds of Majesty* meditation is enough to remind us and guide us to this phenomenal awakening and embracing of the majestic in each of us.

Becoming a Winner at Living Life

[Click for Sound Clip](#)

"As much as you win, and you do win often, you are less than the winner you could be." (Lazaris) During this magical evening we can learn to create more and more winning moments in our reality and in our world. More, we can become winners at living life. Lazaris defines the resonance ... the secret energy that all winners have; he makes it clear exactly what a winner -- a winner at life -- really is. Between the resonance and the qualities of winning, we can see our personal way, clear and strong. This is an exciting exploration. Then Lazaris helps us see why we would deny the winner in each of us: addictions to the past, residues of what we carry, wear or drag along with us, lack of momentum, and a lack of celebration and triumph play a major role in all this. In a touching discussion, Lazaris helps us understand what happened to us; he helps us understand why we made a fundamental choice (choice to the 3rd power) to be less than the winner we could have been. What were we trying to find? Love, happiness, to minimize fear, or to end the pain ... what was our goal? Lazaris shows us how we made such a long-lasting choice. We have been adhering to it for most of our lives. Then he teaches, step-by-step, how we can make a new choice that is just as powerful. We can choose to be the winner ... the winner at living life. This is truly a life-changing chance to become more of who we are. An amazing meditation, *A New Choice: The Winner's Meditation*, included.

Improved Health / Balance and Harmony

Sometimes despite our best efforts we have health problems, we get out of balance, and we lose the sense of harmony that gives us so much security. Lazaris suggests beginning with the Balance & Harmony meditation to make sure the Subconscious Mind gets the message about where you're intending to go. And then use Improved Health -- which can be used when you're asleep and which can bring about a whole new level of health. These can be used with any other of the Lazaris recordings on healing and health. The Red Label Series is a very special series of meditations from Lazaris. Each title contains two topics which work together, and for each Lazaris gives a days-on/days-off formula for listening which follows the pattern with which your subconscious works most effectively in creating change. Though they are not subliminal, once you have listened to them consciously, many may be used at night while you're asleep. *Two 30-minute meditations, A Lazaris Red Label Series Recording \$29.95 plus shipping/handling/tax ... Living the Enriched Life: New Maps to Fulfillment

[Click for Sound Clip](#)

Fulfillment is a hard concept for us to grasp because of our unspoken resistance to or apprehension about it. For example, too often we look for a tangible thing or a specific emotional/mental success to give us fulfillment, but fulfillment is not inherent in the thing or in the success. It is, however, inherent in us; it is woven into the fabric of our being. We just have to find and uncover it. During this discussion, Lazaris explores our resistance and apprehension. He also helps us clarify more precisely what the riches are that can enrich our lives. We are human, of course. But we are also magicians; we are also spiritual beings. And the riches for each are different. With the potential riches in mind we can step beyond our resistance/apprehension and embark on The Road to Fulfillment. There are experiences to be garnered: *experiencing happiness, experiencing grace, experiencing wholeness and oneness, and experiencing wonder and beyond*. There are awakenings to embrace: awakening genius and awakening mystery. And then there is creating union with self. The journey continues beyond the specific experiences, awakenings, and creation. The key to fulfillment is found in surrendering . . . surrendering without submission; it involves the magic and the mystery of surrendering self without abandoning, rejecting, betraying, or humiliating self. It involves surrendering our separateness. After an amazing *Road to Fulfillment* meditation, Lazaris concludes the evening with a summary of techniques that include *Fetish of Fulfillment; Torus of Fulfillment; Sphere of Paradox; and Reflecting Pool of Riches*. We can use these and other techniques to ground the magic and to live the enriched life. It's a stunning recording.

Living the Truer Life: New Maps to Happiness

[Click for Sound Clip](#)

"Yes, you do know happiness. You just are not feeling it often enough. You are not feeling it deeply enough. And there is so much more happiness to be had: Happiness you have lost, happiness you have abandoned, happiness you want, but have not acquired, and happiness you never thought you could have." (Lazaris)

During this astounding evening, Lazaris pointed out that as we approach and unfold this Year of Union and as we work with the remaining years of this decade and beyond, we will need to deal with – we will need to confront or encounter – our issues with happiness. When we do work with our issues around happiness, we can begin to feel the happiness we know and we can begin to create new maps – new ways – to create more happiness (increasing the quantity) and greater happiness (expanding the quality). So Lazaris explores and works with our *Traditional Resistance; Current Resistance; and Genuine Ongoing Fears of Happiness*. Then the discussion becomes more mystical as Lazaris lays out the Components of Right Living in a triad of being, becoming, and wholeness. After a beautiful and powerful meditation, *The Gifts of Happiness and of the Truer Life*, Lazaris designs seven new maps . . . new maps to more and to greater happiness. These maps include *Fetish of Happiness, Sphere of Paradox, Fire of Frustration, Celebration of Right Living, Mound of the Magician, Reflecting Pool of the Truer Self, and the Torus of Happiness*. It is an amazing recording.

The Grand Awakenings of Ancient Crystals

as Experienced by Jack Pursel

“There was no escape and there was little time. The magician would enter a deep altered state with this grand crystal firmly gripped in hands ... The magician’s head slowly lowered to rest upon one primary face after another. The wisdom and knowing, the freedom and joy, the caring/compassion, and magic were systematically transferred from magician to crystal. When the authorities broke down the barriers they would find a magician slumped over a crystal. The magician was dead; the capture, though successful, was a failure. ... Only days later would a young child retrieve this crystal. For reasons they could not explain, the child would rest their head upon the successive primary faces. Coming as a child, this young one would return as a magician ... with the wisdom and knowing, the freedom and joy, the caring/compassion, and the magic of a Sage ...” From ... The Guardian of the Records.
