## *Congress of Magicians: Love and Magic in Action*

*We invite you to come with us to a sacred place ... a place where magicians gather. We invite you to love with us ... to love enough to dream – to dream new dreams you've not dared dream before – and to be courageous enough to vision – to envision new visions you've not dared vision before. Come with us to a sacred place ... come with us to where magicians gather. – Lazaris*

Throughout the Ages, magicians have heard the call to gather at a sacred place – a place of enchanting love, of ineffable beauty, and of fascinating mystery – to work magic together: to work magic as one. Responding, each would set down the stuff of their daily life and travel distances near and far to do what magicians do: to work magic.

Lazaris has designed a weekend ... a different kind of workshop. These two days will not be about learning new techniques nor about exploring new ideas, but will be about learning and exploring so

much more about us ... about who we are, about our touch with personal greatness, and about the great adventure that can suddenly become grand, our Great Work.

These days will be about applying what we have learned. They will be about doing what we do, about working magic, and about doing it together.

Saturday morning ... we will gather with Lazaris. Surely our unseen friends will gather with us. In the working of *Resonance Magic* we will create a dominion ripe with mystery and vibrant with the possibilities and potentials of creating and manifesting. We will create a sacred place in which to work our magic together. We will activate the forces of *Transcendence Magic* and of *Metamorphosis Magic*.

Saturday afternoon ... together with Lazaris, guided by his presence, his wisdom, and his love, along with our unseen friends, we will participate in wondrous *Rituals of Magic*. Together, in a congress of magicians, we will work the magic that we might otherwise work alone.

Four years of esoteric work can come together in a moment ... a moment that can be transcendent. In a sacred domain we can activate our alliance with dominion. ...

*Continued on Next Page ...*

[\\* click to return to main menu \\*](#)

... Wrapped in our alliance with mystery, we can embrace it and enter the Grace of Mystery. So engaged, we can masterfully create and manifest in alliance with each other as well as in alliance with creation/manifestation itself. As one, we can expand our power and our strength. As well as putting it into action, we can expand our love and our magic.

Union is at hand. Miracles can abound. Our reality and our world can change in ways we can yet only dream or envision. Sunday ... once again we will gather in this sacred place of our creation and we will continue doing what magicians do. When the magical workings are complete, we will gently depart to travel distances near and far.

Once home we will pick up the stuff of our daily lives knowing that we never have to be alone again ... knowing that we and our world never have to be the same again. This weekend is not about learning new techniques or exploring new ideas. It's about being ourselves; it's about being who we truly are. If you hear the call and choose to respond, welcome to a Congress of Magicians, a different kind of weekend.

**Note:** Lazaris will be working with Transcendence and Metamorphosis Magic during these two days. Resonance Magic and Crystal Magic will also be a part of the magical workings he has designed for us. You can bring as many crystals as is your custom, but if you want to involve certain of your crystals in the Rituals of Magic, select a maximum of three (3) crystals for this purpose. Thank you. Welcome...

## *Evening*

### *A Magician's Gathering: Working Global Magic with Lazaris*

*Friday Evening, May 14th, 2004, 8:00 – 10:00 p.m.*

Friday evening before the Congress of Magicians that begins the following morning, Lazaris will be creating a magical working of Global Magic. If you are attending the Congress over the weekend, you are invited to participate in this particular working of magic as a guest of Lazaris and Concept: Synergy.

If you are not participating in the weekend's Congress of Magicians, you are still welcome to be a part of the Friday evening working of magic, but there will be a charge to attend.

This is the Year of Union. This evening, a magical working rather than a workshop, is an opportunity to gather in alliance, to bind with concordance, and to bond with commitment, conviction, and loyalty. It can be an experience of union while engaging in a working of Global Magic.

Welcome.

*Note: This Friday evening is not a usual Evening with Lazaris. There will be no discussions or explorations of techniques on a particular topic.*

# Lazaris' Newest Release

## Merlin-Arthur Legacy, Part I

*Nine Hours of Intensive & Weekend Excerpts with a  
New Meditation Especially Created for This Series*

*Gather 'round as we tell you a story – as we weave a timeless legend right and true ... in the mix of mystery and magical legend is a legacy of love – of pure love, free of suffering and sacrifice, and eternally free of martyrdom and control. It is a legacy with no beginning and with no end. Gather 'round ... Come. Let us love together once again. – Lazaris*

Many of us have explored this timeless legend and legacy with Lazaris. We have met our Knight and our Lady. We have ridden on the backs of dragons and worked magic with Merlin at our side. We have sat quietly with Arthur and have seen a bit of ourselves sitting there. We have witnessed the pure love shared by a Magician and a Man. The spiritual current embedded and encoded in that incredible legacy of love has touched us.

Exploring the Arthurian Legends and the Merlin-Arthur Legacy with that “legend right and true” can be an amazing and entertaining journey. Some of us will come again to this journey to renew and refresh and then to delve deeper into the mystery that waits for us there. Others of us will come for the first time, and amid the amazing and entertaining, we will discover so much more of ourselves. We can all become so much more. Again, or for the first time, as we work with Merlin and his magic, we can learn so much more about our magic and about the magicians we truly are. As we work with Arthur and his dreams, we can learn so more of our dreams and of the dreamers/dream-weavers that we are destined to be.

This recording includes excerpts from several of the Lazaris workshops about the Arthurian Legends and about the Merlin-Arthur Legacy of Love. We can work with Merlin and Arthur and with their love as well as with our love. We can explore the uncharted together with Lazaris as our guide. We can journey with Merlin and Arthur deeper into the mystery. They will become more as we do. They will engage the magic for themselves as we engage it for ourselves. The spiritual current – that current that can guide and accompany us “all the way” Home – can come alive in us as though electric. We can know in ways we have never known; we can be in ways that we have never been.

Welcome to the mystery and the magic of the Merlin-Arthur Legacy. Welcome to the mystery and the magic of the legacy of pure love. This recording contains excerpts from various workshops over several years, and Lazaris has included one new meditation with these excerpts. It's a delightful and magical meditation to meet “our knight.”

## Activating Our True Core of Power: Love & Will

We stand upon a pinnacle ... our pinnacle ... and we will move. The siren's call of the past and fear's call of the present can overshadow the voice of hope and opportunity coming from the future. Decision and choice are not enough: We need something mysterious and mystical that can be magical and miraculous. Our true core power can be that "something." As well, it is the initial cornerstone of a new kind of empowerment built upon a new foundation of permission and authority. During this lively evening Lazaris explores the paradox of love and will whose resolution is so critical to the success and happiness we want to create. He reviews the contribution that love makes ... its mystery and mysticism. He focuses on the magic of will: Why we know so little of will; what are the four kinds of will; where we can find our True Will; the contribution that will makes ... its mystery and mysticism. Lazaris offers us an array of techniques: *Faces of Love-Spaces of Will*, *Ebb and Flow of Will and Love* (when love says "yes" and will says "no."), *Guides to True Will* (Painter, Poet, Musician, Philosopher), and *The Elixir of Love and Will*. Meditation included: *Gathering in the Mists of Love and Will*. 2-1/2 to 3 hours, Lazaris Evening Recording ... \$24.95 plus shipping/handling/tax ... Cassette Only

## Finally Accepting Self: Being Fully Loved

Self-Acceptance is magical in its power: It can renew our talents, deepen the intimacy we have with our Soul, Spirit and Higher Self, and illuminate already luminous dreams and optimal futures. But our attempts at self-acceptance run into a collection of paradoxes involving choice, love, sentiment, the perception of strength and weakness, and paradoxes of pleasure that can rise to enjoyment or descend to addiction. Lazaris helps us wend our way through the paradoxes to discover the components of self-acceptance that can set us free, and the capacity of being fully loved that can complete us. The Chamber of Self-Acceptance and the technique of Leaning on the Love, put us ever closer in our relationships with our Unseen Friends. Finally, we present ourselves to God/Goddess/All That Is and *are* fully loved.

## Healing Our Alliances of Love

*"With the healing of alliance, your current loving can take on new richness and can generate a greater sense of being with more powerful and more profound impact. Your love can become more real with meaning and value, by choice, and with reflection."*  
(Lazaris)

We always seek greater love, and we always look to expand the love in our lives. But how do we do that? We could focus on just giving, responding, and respecting more. We could look to do more rejoicing in the presence and more experiencing of the goodness, truth, and beauty. And then we could do more and more and ... greater love and expanded love can be exhausting and dangerous.

There is another way: We can discover our alliance with love and then heal it. Each of us has an alliance that Lazaris suggests is like a dance. How do we dance with love? Once we understand our personal alliance – our private dance – we can heal it. With the healing of our alliance with love can come greater love, expanded love, and new love in our lives. During this magical evening tape, Lazaris explores the merits of such healing and then unfolds the components that contribute to and then that generate our personal alliance. From encumbrances and entanglements to anchors and tethers, from fantasies to fantasies, and from who in us responds to love, we can unravel our current alliance. In an altered state, we can enter the metaphorical heart of love to allow the magic and the miracle of healing. Out of the guided meditation, Lazaris concluded this evening recording by offering specific techniques for grounding and then expanding the healing. Alliance healed, love grows. Love grows, and we become more of who we truly are. It can be magical; it can be miraculous. Meditation included: *Healing Alliance with Love*.

## The Magic Only Increases

It is time to heal our magic. It is time to bolster, strengthen, and balance our magic. In every Age, magicians have reached a level of magic where they confront or encounter a magic that only increases. When this happens, not only does happiness spiral up to joy, but our fear – our fear of losing the magic and of losing the power of its workings – can expand and deepen intensely. Out of this fear, many magicians retreat from their magic. During this powerful evening, Lazaris offers us a new map; he answers our question: What do we do when we fear we are losing our magic? To make this new map, Lazaris offers a *Collage of Energy* in the form of familiar and new techniques. From *The Magician's Way to The Experience of Oneness*, and from *The Counsel of the Ancients to The New Magic*, Lazaris explores each of 14 distinct energies that we can utilize to heal and strengthen our magic. ...

... These energies, used individually, in clusters, or as a collage of energy, can assist us in bolstering and balancing our magic. As well, we can come to know the magic – the magic that only increases. Lazaris also offers us an array of methods with which to work with these healing and strengthening energies. This was truly a special evening and this cassette can hold untold treasures and gifts for each of us. Richly powerful meditation included.

### Manifesting Uncompromising Happiness

*You are happy; you are happier than you have been and not as happy as you want to be ... not as happy as you will be. – Lazaris ...* A refreshing view of what happiness is and an invigorating discussion of why we continually seek and can continually find happiness lead to a fascinating discussion of why it is hard to admit how happy we are. Our genetic-hormonal nature precludes it, our conditioning discourages it, and our fear impedes it, but we are happy. Lazaris explains why such admission is so vital to expanding the happiness we know and to manifesting uncompromising happiness. Then he goes further to offer us a variety of keys that can assist us in admitting our happiness and can guide us to that rarefied level of happiness without compromise. We can find happiness without concession or deviation of our principles, our priorities, our “demands,” or our “differences.” This fascinating discussion unfolds as Lazaris describes specific pragmatic and esoteric techniques: *Happiness Crystals, Talismans & Amulets of Happiness, Resonance Ritual*, and more.

### Uncompromising Success

Lazaris begins this illuminating discussion by focusing upon why it is important to open to the possibility and the potential of success that is uncompromising. Then he moves forward to explore why such important success is so difficult to achieve. Compromise can be terrific: resolving difference by concession, adjustment, and balance. And it can be dangerous: a solution that can endanger our safety and security. Uncompromising, likewise, can be imprisoning: success that is unyielding and blindly stubborn. An uncompromising success can be brilliantly liberating: without reserve, adhering to principles with character and integrity; adhering to power with goodness, truth, and beauty. Lazaris explores the dynamics of both kinds of success. The discussion continues as Lazaris outlines specific steps to activate the resonance of liberating uncompromising success. From *Lifting the Veil of Admission to Success as Magic*, we can find the path of this brilliant potential. At the core, we can bargain with our future rather than continue bargaining with the past. Lazaris concludes this powerful evening with a profound meditation and with several practical techniques that include *New Dimensions to Our Success Cube* and *7-Day Crystal/Talisman Work*. Meditation included: *Gateway to Uncompromising Success*.
