Sacred Remembrance: Lemurian Nights, Sept. 24-26

Lemuria ... you have heard its call. Its music beckons you; you respond. It is your future: It is the bud waiting to blossom. It is the remembrance that you are Coming Home. As you seek the magic and mystery of union, Lemuria can be your bridge to the adventure of living, of loving and caring, and of healing. ... It is your bridge Coming Home. You hear the music: You hear its call and you hear Her call. Listen to the harmony: Union is at hand. You are loved more than you can know, and we, oh yes, we love you so.

Lemuria ... you have heard its call. Its music beckons you; you respond. It is your future: It is the bud waiting to blossom. It is the remembrance that you are Coming Home. As you seek the magic and mystery of union, Lemuria can be your bridge to the adventure of living, of loving and caring, and of healing. It can be your bridge to the endless discovery of who you really are. It is your bridge Coming Home.

You hear the music: You hear its call and you hear Her call. Listen to the harmony: Union is at hand. You are loved more than you can know, and we, oh yes, we love you so. — Lazaris

During this amazing time of assessing in the Year of Union, it is time to deepen the richness and rightness of our lives and the richness and rightness in the world. As we enthusiastically seek union, we can awaken new dimensions of loving, of caring, and of healing. In the pursuit of union, we can reunite with what we have lost of ourselves, of our power, and of our magic.

With awe and majesty, we can more richly create, manifest, and augment our strengthened dreams and deepened visions. With awe and majesty, we can change our worlds.

As incredible as it sometimes seems or as incredulous as we sometimes are, Lazaris reminds us ... With sacred remembrance we can deepen, strengthen, and renew. We can seek, and we can awaken. In sacred union we can uncover the awe and majesty. In the radiance of sacred remembrance and sacred union, we can change our worlds.

Lazaris invites us to gather with him and to gather with each other to create a mist of magic. Within this mist, we can find the sacred of remembrance and union. In that mist, we can cross that bridge into Lemuria.

Lemuria – the land that imagination forgot – is intricately woven and intimately embedded in the very fabric of our being. Remembered or not yet remembered, it is a part of each of us.

Continued on Next Page ...

Sacred Remembrance: Lemurian Nights Continued from Previous Page ...

It is a part of our spiritual heritage and part of our tradition as Mapmakers, as Magicians, and as Dreamers and Dream Weavers.

With Lazaris' help, we each bring a "piece of Lemuria" with us. Lazaris, with his insight, love, wisdom, and magic will work with our vigor and enthusiasm, and he will work with our innocence and wisdom. Out of the mix: Together with Lazaris we raise a resonance that he calls and that many of us have come to know as Lemurian Nights.

Within the mist of the resonance – within the mists of Lemurian Nights – Lazaris will work with each of us, and we will find what of our power and what of our magic we lost or left in Lemuria. We can find what we lost of ourselves in the Lemurian Nights.

Through it all, we will discover for the first time or we will reunite once again with the poignant and beautiful essence of Lemuria, with what it truly means to us, and with how its mystery and mysticism can work magic in our current reality and in our present world.

Through the mists of the Lemurian Nights engulfed in sacred remembrance and sacred union we can actively give and receive. We can awaken the innocence and wisdom to embrace and utilize new love and new caring. We can come face to face with our dignity and our phenomenal capacity to love. We can come face to face with miracles with which to manifest our visions and dreams and to move beyond them to create new visions and dreams. And with the sacred of remembrance and union, we can love and we can care as never before.

Come. Join Lazaris to explore and to expand the wonder and magic found in the Lemurian Nights. The magic never ends, and the love never ceases. Welcome ...

Living the Enriched Life: New Maps to Fulfillment

Thursday Evening, September 23rd, 2004, 7:30 – 11:00 p.m.

The challenge of magic can bring you untold happiness with sparks of joy. The complexity of magic can lift you to uncharted and unexplored octaves of radiance and fulfillment.

– Lazaris

We have so much, and we can create so much more success and happiness. We know joy. We can find fulfillment. The richness and the rightness of our lives can become radiant. We and our lives can be as beacons of light and hope.

Dare we want more? Dare we seek more? As magicians and mapmakers, dare we not? Dare we

not seek the fullness and richness that may yet be beyond our grasp?

Lazaris has designed a powerful evening alive with magic and rich with technique. With Lazaris at our side, we begin from a scaffold of the happiness we know and then reach for new heights. From a pinnacle of joy, our exploration continues to the rarified heights of fulfillment. There we can find the richness and the rightness; there we can live an enriched life radiant with magic and miracles ... an enriched life brilliant with love and wonder.

We began this Year of Union by exploring Living the Truer Life and we conclude it with Living the Enriched Life. And the magic of union, its power and its mystery, can be ours. Welcome ...

A Quotation from Lazaris ...

As consciousness arose, initially there was All That Is. And All stood still and was nowhere and everywhere at once. And All moved so rapidly that it was everywhere and nowhere at once. And All asked *Why?* and in the asking exploded into the multiplicity of all that is God, all that is Goddess. And together, the synergy: the whole that is greater than the sum of its parts.

And in the asking of why, the self-generating question, the massive expansion of consciousness balanced with the massive condensation of understanding. And out of that explosion a journey ... a journey of realizing that there is more – always more. And out of that journey: a Higher Consciousness that condensed itself into a form, and into matter, and into you.

And you had forgotten your love, and you had forgotten your journey. And it was dark, and you were alone – filled with fear. And then the light came on, and you became aware. Self-awareness: You became aware. And you remembered your journey ... and the remembering is the love. And as you remembered, you remembered also your relationship with God, with Goddess, with All That Is. And your relationship is your spirituality.

And you are on a journey. And you are on a journey home, a joyous journey, a journey that was one of pain, that now you know can be one of love.

That was one of the lessons, that now you know you can be without the lessons. It was one of loneliness, that is now filled with joy. A journey of love should only be abundant – and fulfilling. When you get home God/Goddess/All That Is is nothing – or everything. You decide. Let your God/Goddess/All That Is not be nothing. Let your God/Goddess/All That Is be Everything. Let it be. Let it be.

Lazaris' Newest Release

Merlin-Arthur Legacy (Excerpts), Part II

*Seven Hours and 45 Minutes of Workshop Excerpts with a
New Meditation Especially Created for This Series*

Gather 'round as we tell you a story – as we weave a timeless legend right and true ... in the mix of mystery and magical legend is a legacy of love – of pure love, free of suffering and sacrifice, and eternally free of martyrdom and control. It is a legacy with no beginning and with no end. Gather 'round ... Come. Let us love together once again. – Lazaris

Many of us have explored this timeless legend and legacy with Lazaris. We have met our Knight and our Lady. We have ridden on the backs of dragons and worked magic with Merlin at our side. We have sat quietly with Arthur and have seen a bit of ourselves sitting there. We have witnessed the pure love shared by a Magician and a Man. The spiritual current embedded and encoded in that incredible legacy of love has touched us.

Exploring the Arthurian Legends and the Merlin-Arthur Legacy with that “legend right and true” can be an amazing and entertaining journey. Some of us will come again to this journey to renew and refresh and then to delve deeper into the mystery that waits for us there. Others of us will come for the first time, and amid the amazing and entertaining, we will discover so much more of ourselves. We can all become so much more. Again, or for the first time, as we work with Merlin and his magic, we can learn so much more about our magic and about the magicians we truly are. As we work with Arthur and his dreams, we can learn so more of our dreams and of the dreamers/dream-weavers that we are destined to be.

This recording includes excerpts from several of the Lazaris workshops about the Arthurian Legends and about the Merlin-Arthur Legacy of Love. We can work with Merlin and Arthur and with their love as well as with our love. We can explore the uncharted together with Lazaris as our guide. We can journey with Merlin and Arthur deeper into the mystery. They will become more as we do. They will engage the magic for themselves as we engage it for ourselves. The spiritual current – that current that can guide and accompany us “all the way” Home – can come alive in us as though electric. We can know in ways we have never known; we can be in ways that we have never been.

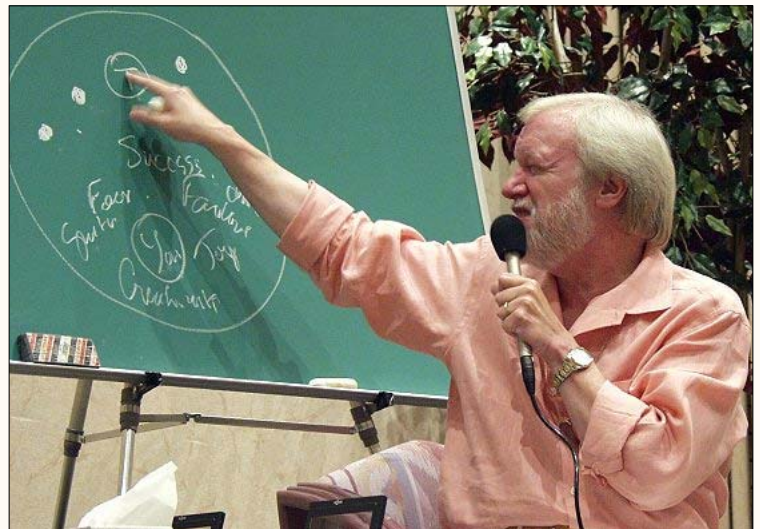

This series also contains a meditation designed especially for this series by Lazaris. It's a poignant and powerful – a beautifully magical – meditation to greet Merlin, tap the current, and then to experience the love that is at the heart of this legend ... this legend right and true. Meditation included: “Mind Meld with Merlin.”

Relationships That Work: Creating the Next Level

What we truly seek in relationships is the magic that transforms and transcends. Lazaris works with us to heal the damage of our previous relationships, to protect and heal the ones we have, and to reawaken the imagination, compassion, and passion we have lost so we can move into the next level with grace. Lazaris uses techniques which include engaging the energy of Sirius, creating physical and meditational safe spaces for relationships, forgiving the dark relationships and cherishing the light ones – and healing judgments and perfection. The meditation is deep, beautiful, and powerful, and helps us create relationships at the next level. With the profound *Meditation for Creating Relationships at the Next Level*.

Co-Creating with the Archetypes

The time is ripe and only getting riper; you are ready and your readiness only increases. – Lazaris

This magical excursion begins as Lazaris explores the value of co-creation. It is key to magical workings; it is critical to exploring Oneness; and it is vital to creating the positive future and the New World now destined to be. The journey deepens as Lazaris talks of the objective Archetypes – the “formless forms” that God and Goddess use to create all that is. From the objective Archetypes we begin to understand our personal archetypes – those objective Archetypes with whom we are destined to work and with whom we have a unique relationship of success. And then there are the private archetypes of our design. The discussion deepens as Lazaris lays out a step-by-step process to Initiate Co-Creation Magic. After a powerful meditation, the evening concludes as Lazaris offers ways to find our private and personal archetypes and how to work with the magic of the objective Archetypes. The techniques include: The Magician’s Mound, Crystal Workings, the Elixir of Dreams, and The Valley of Giants. This is another exceptional evening with implications and potentials far beyond anything words could describe. Essential for the serious magician. Meditation: *Initiating Co-Creation in the Valley of Giants*.

Awakening the Unstoppable Power of Our Magic

[Click Here for Sound Clip](#)

The first step to greater dominion – the first step to activating the magic of dominion – begins with awakening the power of our magic. After a cursory review of what dominion is, Lazaris explores means to more fully discover and then awaken our magical power. From *Conscious Presence to Unconscious Presence*, we can gather this power from familiar places (our personal framework of memories, myths, dreams, and visions and from our strengths and talents), and from less familiar places (our majesty and grace and our future and future self). Once power is awakened, with a bit of fashioning, we can touch and tap the “unstoppable” power that is often hidden within. Unstoppable magical power ... it’s exciting. It can be frightening. Assuaging our fears, Lazaris guides us upon another beautiful meditation and offers a foundation of elegant workable techniques to harness this now-awakened and unstoppable power. The first step toward greater dominion is a profound one. Meditation included: *Awakening the Unstoppable Power of Magic*.

The Magic Only Increases

It is time to heal our magic. It is time to bolster, strengthen, and balance our magic. In every Age, magicians have reached a level of magic where they confront or encounter a magic that only increases. When this happens, not only does happiness spiral up to joy, but our fear – our fear of losing the magic and of losing the power of its workings – can expand and deepen intensely. Out of this fear, many magicians retreat from their magic. During this powerful evening, Lazaris offers us a new map; he answers our question: What do we do when we fear we are losing our magic? To make this new map, Lazaris offers a *Collage of Energy* in the form of familiar and new techniques. From *The Magician’s Way to The Experience of Oneness*, and from *The Counsel of the Ancients to The New Magic*, Lazaris explores 14 distinct energies that we can utilize to heal and strengthen our magic. These energies, used individually, in clusters, or as a collage of energy, can assist us in bolstering and balancing our magic. As well, we can come to know the magic – the magic that only increases. Lazaris also offers us an array of methods with which to work with these healing and strengthening energies. This was truly a special evening and this cassette can hold untold treasures and gifts for each of us. Richly powerful meditation, *Journey of Oneness*, included.
