The New Transformation: The Mystery of Spiraling Transcendence

A Lazaris Intensive (1+2) San Francisco, July 22-24, 2005

There is a light ... sometimes clarifying, sometimes exposing ... there is a light. Flourishing with the vision of spirit and the dream of soul, this flickering light spirals, lifting and leaping. There is a light, expanding, revealing. Celebrating, there is a light. In a delicate moment that could otherwise be lost, this is the light of transcendence ... spiraling transcendence. Come let us join together to capture this light. Then let us harness and direct that light ... spiraling, lifting. Then we can set it free, releasing it into your world. Come. Let us love together to make magic and to make love for your world.

There is a light ... sometimes clarifying, sometimes exposing ... there is a light. Flourishing with the vision of spirit and the dream of soul, this flickering light spirals, lifting and leaping. There is a light, expanding, revealing. Celebrating, there is a light. In a delicate moment that could otherwise be lost, this is the light of transcendence ... spiraling transcendence. Come let us join together to capture this light. Then let us harness and direct that light ... spiraling, lifting. Then we can set it free, releasing it into your world. Come. Let us love together to make magic and to make love for your world. – Lazaris

Though we cannot fully comprehend transcendence, we can be dynamically new because of it. We can love in more profound ways. We can more graciously receive, with greater surety and confidence, with greater aplomb. And our giving can become exalted. We may never fully understand it, but with transcendence, we can find and know peace even in our turbulent world. We can become more; our world can become more.

Transcendence is the epitome of changing and evolving. Transcendence can be instantaneous and overflowing with euphoria and ecstasy. Lazaris has talked of, and many of us have worked with, this esoteric magic. For those of us not yet familiar with the workings of this unique magic, these days in July can be a rare opportunity rich with wonder and miracles. For those of us who have touched the ineffable beauty of transcendence, Lazaris offers us a grand opportunity to embrace and then to become one with this elusive and otherwise hidden magic.

For all of us, Lazaris, with the mysticism of his love and magic, will begin by helping us harness that delicate and flickering light, sometimes clarifying, sometimes exposing. With Lazaris at our side, we will cap-

ture, harness, engage, and then direct that light so that we can lift beyond our inhibitions and apprehensions and beyond the remaining residues of our impedances. Lazaris will invite us to participate and then will guide us upon two ancient and lost rituals: the *Ritual of Dark Light* and the *Ritual of Beauty's Light*. Liberated, set free, we can brighten, expand, and embellish our power and strength, our magic, our happiness and joy, and our love. And through it all ... spiraling, spiraling, the opportunity to transcend can be ours.

We will not fully comprehend all that Lazaris will do during these days; we will not be able to describe some of what happens. Yet we can be the beneficiaries of his magic and of his love as we can experience the bounty of our own. We can be the recipients of that epitome of changing and growing that is transcendence ... spiraling transcendence, the new transformation.

We all can succeed. And our world can reap the bounty of what we are about. Our world can change, grow, and evolve because of our magic, because of our dreams, because of our visions, and because of our empowered destiny that holds them. Welcome...

Evening with Lazaris:

Being an Inspiration: Lifting Success, Finding Triumph

Thursday Evening, July 21, 2005, 7:30 – 11:00 p.m.

One voice sounds. Then another joins in as yet another lifts. Then two, three, and several more, the many voices of light become one ... one.

You breathe ... first with an inhale ... filling yourself with this breath of light — this breath of life. Exhale ... give light ... life.

In an undulating moment of inspiration emerges a Symphony of Light. In the breath of inspiration you stand tender, gentle, and with an open heart. You stand still, courageous, and brave: a Beacon of Light and Beacon of Hope. – Lazaris

Lazaris has created a joyous evening of celebration and love in welcoming us to join together to make magic. Most of us will be gathering to work

with *The New Transformation: The Mystery of Spiraling Transcendence* as our way of making magic and of making love for ourselves, each other, and for our world.

In preparation of the weekend's excursion, many of us will gather with Lazaris to work the more arcane magic of breathing life and light into our success and into our happiness. As we work, we can also lift — lift with inspiration — and we can uncover the wonder and awaken the mystery of triumph. Beyond the defining and describing words, we can awaken august energies and magical forces within the twists and folds of triumph and our success and our happiness can be forever changed, forever lifted.

A Symphony of Light yielding a *Beacon of Light* and a *Beacon of Hope* heralding *Scintillating Success*. Yes. Lazaris has created a joyous evening of celebration and love. Welcome. ...

Lazaris' Newest Release ...

Charting a New Course:

Living Your Dream, Loving Your Life

You are alive. With beauty, goodness, and truth you stand as magicians before a future that is ready to be growing and changing in ways yet to be imagined, unfathomable ways yet to be envisioned. You stand before a future that is ready to be charted anew, a future that is fluid and flexible enough to be transformed, that is waiting for you to define its new course. You stand before a world that is waiting to be created by you. – Lazaris

With this welcome, Lazaris suggests that it all begins with visioning. It all begins with the vision of living your dream and with the vision of loving your life. With visioning we can cut through the remaining residue of so many old patterns, we can embrace success and happiness with greater precision and confidence, and we can find more elegant pathways to love, light, and laughter. Then he explores the core of dreaming ... an imagery of the future ... and visioning ... an exceptional expression of something sublimely, exquisitely beautiful...

And with that foundation, Lazaris creates a magical map for charting the new course for our futures and for our world.

The first step: be ourselves ... not being afraid to be who we really are. Lazaris outlines an amazing three-tiered chart of emotions from the highest resonance to the lowest. We can step by step lift our resonance by moving from the lower rungs of the lower tiers to the higher and highest. It's amazing; it's astounding.

From this first step of being ourselves, we can open to the presence of our soul and we can vision ourselves living our dreams. We can vision ourselves loving our lives. Even before we are literally doing that we can vision ourselves living and loving our dreams and our lives. We can then become a new self and we can conclude by not being afraid of being that new, more magical self. The entire map is a gem rich with possibility and potential. After offering ways of augmenting and embellishing our newly-created map for charting the new course ... for visioning. ... Lazaris concludes this outstanding evening – this watershed evening – with a meditation, *Forging New Vision*.

2005: The Year of Illumination, July - December

Each year Lazaris offers two wonderful recordings to help guide us through each of the four phases and 12 monthly energies of the year.

The second of these – for July through December – is now available. Lazaris focuses on the content of the third and fourth phases of the year.

He not only highlights the specific ebbs and flows of the energies of each phase, Lazaris makes several suggestions as to how we can best utilize these forces each month.

This recording includes Lazaris Blendings for Phase 3 and Phase 4. As always, the Rhythms and Patterns are designed to make us aware of the waxing and waning of energies of each phase and to help us understand and navigate the ebbs and flows of these energies with elegance and ease.

We can utilize the energies – expansive or constrained – to maximum benefit personally and spiritually for our reality and in the world around us.

Recommendations for July

This month's recommendations are a little different than they usually are. There are two recordings that are recommended for everyone: *Reaching for the Stars* and *Becoming an Artisan of Triumph*. Then there are two sets of recordings where you can choose one or the other – both if you like!

Choose One of These Two (or both if you like)

The Backdrop of Success: Creating the New Fabric

Functioning in a 3-dimensional reality requires a backdrop. We arrive at adulthood with what is basically a Backdrop of the Past – made of fears and payoffs, riddled with the components of the Dark Shield, and glued together by the Dark Law. It leads always and inevitably to mediocrity and disintegrates from there, often into a Backdrop of Tragedy which produces a reality of Nightmares. But there is another backdrop – always consciously created – which produces personal and global Dreams, a reality of ever-increasing miracles: the Backdrop of Success. On this tape Lazaris helps us to understand and step out of the backdrops we have outgrown, and helps us construct a Backdrop of Success that draws on a Context of the Future – a context that heals all four of the bodies (physical, mental, emotional and etheric) and puts us on the pathway of our true Spiritual Drive. Meditation included: *Surrendering to the Magic (Allowing Help)*. 2-1/2 to 3 hours, Lazaris Evening Recording

Crafting the Life You've Always Wanted

[Click for Sound Clip](#)

Through our growth we have achieved tremendous freedom, but many times we still feel that somehow we've wound up living a life designed by others – and we are haunted by knowing that somehow the life we really wanted to live has slipped away. Lazaris begins by drawing an image of a hand-crafted life – a life filled with creativity, imagination, beauty and dominion, and with a rarefied sense of divinity that leads to the greatest happiness. What remains is knowing how to get from where we are to a life we designed ourselves. First come Lazaris' techniques for releasing the past, and then the techniques to re-select the dream, to weed out unwanted futures, and to recapture the power from ambitions that were never our own. Lazaris culminates with a meditation to open us to Enchantor/ Enchantress, Soul, and Spirit and create a whole new life. Meditation included: *Enchantor /Enchantress: Crafting the Life*.

Becoming an Artisan of Triumph (recommended for everyone)

[Click for Sound Clip](#)

Triumph can transform success, no matter how large or small, into grand success that can be both magical and miraculous, and where achievements and accomplishments are exuberant with happiness and joy. Triumph, a standing wave of resonance more powerful than the components that comprise it, becomes an attractor and an anchor for magical and miraculous success. With the artistry of triumph comes the elegance of living an enriched life guided by the Divine within us and beyond us - guided by our soul, our spirit, and by God/Goddess/ All That Is. Despite all that triumph can be and do, we fall short of its artistry and we have resistances to it: *Lack of Understanding/Knowing; Negative Ego's Prattle; Distorted Perspective; and Jealousy/Envy of Others*. This fascinating discussion explores the unique qualities of triumph and our resistance to it. Then Lazaris unfolds specific ways to respond to the resistance and outlines several new techniques to both develop the craft and to become the artist of creating and manifesting triumph in our lives. Meditation included: *The Art of Triumph*.

Utilizing the Power of Choice To Generate Profound Change

With belief, choice is the most powerful of the raw materials from which all of reality is created. It is the cornerstone of success, and it is so powerful that it can supersede every hormonal, gene-tic, and ego template: It can direct the neural pathways and the calibrations of the cerebral cortex and the frontal, temporal, and occipital lobes. It is seminal to change, integral to learning, and it is always conscious. Lazaris' exploration of the power of choice and his meditation to discover its mystery and mysticism are gifts of the capacity for profound change. He helps us alleviate the impact of chauvinism, blockages, and limited life patterns and world views. Included are several powerful techniques for utilizing the immense power of choice: Luminous Intent and Self-Reflection Techniques, Threading the Needle Technique, and a process for Navigating the Narrows. Meditation included: *Mystery & Mysticism of Choice Meditation*.

Unraveling & Activating the Greatest Secret of Success

We know success; we understand and can release what Lazaris calls the "standard bearing" fears of success. We can accept and respond to the legitimate fears that always accompany success. We even understand the greatest secret of success, but we have yet to unravel it; we have yet to truly activate it to generate unlimited and unstoppable success in our reality and in our world. This discussion explores this greatest singular secret, and Lazaris helps us reveal the hidden within it: *Becoming more conscious, the importance and power of choice, the nature of choice, and the balance of power between consciousness and choice* are the steps to unraveling. We can create an alliance between our unconscious power and our conscious choice, and the result: Success becomes both unlimited and unstoppable. Lazaris continues this delightful and magical evening with further exploration of how we can activate this secret ... how we can let it thrive in our reality. With preparation, illumination, initiation, and then with the interplay of personal myth, this greatest secret can come alive and our magic can be joyous as well as triumphant. A powerful meditation, *Capsule of Love/Will* is included.

Reaching for the Stars (recommended for everyone)

Reaching beyond the sludge and briar of our past, we can touch our stellar tradition. Reaching beyond the seductions and fears of our fantasies, we can touch our shining futures. And somewhere in between what was and what will be, we can begin reaching for the stars. During this amazing evening, Lazaris begins our exploration by examining what it means to reach for the stars. He speaks of more joyous success and profound happiness as well as of profound compassion and joyous knowing. He speaks of greater value and greater presence along with greater loving and healing. To achieve these qualities that are also the components of reaching, we need new and expanded technique. After a cursory review of the success cube, image/identity, and the mystery of our choices, Lazaris offers a step-by-step exploration of four distinct and profoundly powerful techniques: *Enriching & Embellishing Identity/Image; New Dimensions of Success Cube; Mystical Choice* and *Expanding Love's Domain*. Each technique is vibrant. Each overflows with the essence of magic. Meditation: *Expanding Love's Domain*.

March 2005 "Magician's Oasis" DVD

A DVD from Lazaris ... Just Released

2 hours ... a video recording from the March 28th Online Workshop with Lazaris

Magician's Oasis (March, 2005): A rare and magical evening ... Lazaris welcomed us to a cyber-space workshop that was akin to a *Congress of Magicians*. Together with Lazaris hundreds of magicians from all over the world gathered to create a sacred space – a space "made sacred by your presence" (Lazaris).

We all joined Lazaris as he built a crystal grid ... a fount of magic and an oasis of love. Following a brief welcome and introduction, Lazaris guided us all on a loving/healing meditation. In a moment – a moment that could be eternal and a moment that could be transcendent – we all worked magic as one. Hundreds of us worked together as one magician. It was stunning; it was amazing. It was a beautiful opportunity for each of us to "stop by the oasis" and to be renewed and restored. It was a wondrous time to regenerate and realign our will, our imagination, and our love. We nourished and nurtured ourselves. This was the first of such workshops.

This is the DVD recording of that delightful evening with Lazaris. Lazaris will conduct more workshops online, and it was with this workshop that it began. Two hours, plus close-up photos of the crystal grid.
