Crafting and Building Our New Life

You feel a quiet rightness — a silent truth — about crafting your life. You know it is vital, an imperative. You know it is crucial.

Perhaps you also know the hunger and the thirst. Perhaps you are aware of the yearning and longing that makes crafting your life no longer a choice. It is essential to you. — Lazaris

It is like a dream waiting to be born ... just beyond the next horizon or around the next bend. Crafting our life brings hope where it is otherwise lacking, and it provides answers as well as means and opportunity to embrace and realize those answers. Crafting our life stirs a mysterious romance for living and for loving. Such magical crafting sparks a sensuous flow of beauty ... and triggers a wondrous fount of peace.

Lazaris has crafted an amazing three-day excursion for each of us to awaken our personal unborn dream ... to craft and then to build our new life. We can call upon the power and magic of our ancestry - upon the power and magic of our "grandmothers and grandfathers" throughout the span of space and time. We can call upon the unrealized power and untold magic of our future selves - our truer, more-real selves ... our Transcendent Selves. Magic and miracles can abound.

We begin our journey with a *Call of Magicians* as we create our personal gathering or congress of

magicians: our Higher Self, our Soul/Spirit, our Ancestors from Sirius, Lemuria, and Atlantis, and a few others among our Unseen Friends.

Seeking the *Counsel of Our Ancestors*, they will prepare us and then help us as we gather the components, the magical ingredients, with which to initiate our crafting of our new life. Further, with the loving guidance of our Ancestry, we will travel along the primordial cords of time stretching from our distant past into our personal future. We can be enraptured by the mysterious and the mystical. Words cannot describe the surreal and almost hallucinogenic wonder of the journey.

We can encounter our Future Self (more real and truer than ever before). In a powerful ritual, *Awakening the Essence of Beauty*, we and our Future Self can gather the puzzle pieces and unfold the hints and clues that can add panache and verve to our crafting and building.

Crafting and Building Our New Life

A Majestic Alchemy of Ancient Traditions and Mystical Futures

With our Future Self at our side and surrounded by our Ancestry, we stand at the threshold — upon a *Pinnacle of Splendor*. Upon this threshold and pinnacle we can work magic ... We can activate an alchemy of magic composed of ancient traditions and mystical futures. And as the mist settles ... wonders can be revealed.

We can respond to that quiet rightness and that silent truth. We can answer the hunger and the

thirst. We can craft the life we have always wanted. We can craft the life to which we are destined by fate and fortune ... that we are destined to have.

Come join Lazaris for a magical, mysterious adventure. Join Lazaris for an amazing excursion into the past and into the future. You can emerge someone more ... more of who you were always meant to be.

The Lost Magic of Prosperity

Thursday Evening, April 6, 2006, 7:30 – 11:00 p.m.

A fortress of prosperity ... Locked deep within you lie the potentials and opportunities of such untold abundance and uncompromising prosperity. You hold the key; too often you deny yourself access.

— Lazaris

If only we had more abundance . . . If only our abundance generated greater prosperity . . . We have so many dreams ready to manifest and so many visions waiting to be fulfilled. We have so many ideas and plans to implement. There is so much more happiness brimming with success and joy that could be — that we feel should be — ours. If only . . .

As exciting as our lives are, with greater prosperity, our lives could be alive with even greater

magical creations and manifestations. Vibrant with the lost magic of prosperity, we could have so much more, do so much more, and be and become so much more. If only . . .

We hold the key; we know that. As Lazaris says, the potentials and opportunities lie within us. He will help us find our personal key, and he will help us revive a lost magic. We can discover our personal fortress; we can unleash and set our prosperity free.

Within the Magic of Prosperity are critical components of discovering our mattering and of crafting a life of love and magic: trustworthiness, gracious abundance, ever-expanding artistry, entwining love and will, mystical secrets, and freedom.

Welcome to a stunning evening of creating personal and spiritual prosperity.

Coming Home: Seeking God/Goddess/All That Is ... Finding the Splendor of Your Self

[Click for Sound Clip](#)

"Illumination ... It's such a beautiful word, lyrical and poetic ... It seems such a comforting word ... Illumination." — Lazaris

This evening's discussion, the first part of a phenomenal journey into the light, begins with a brief review of the year that for many, too many, was a treacherous one. Though we witnessed or experienced treachery and tragedy, we did not allow that darkness to overshadow the light. We learned to listen to the voices of illumination; more than listen, we learned to hear and to respond. And now we turn to Coming Home. Now we turn to seeking God/Goddess/All That Is with greater resolve and greater light. And what do we find? We can discover the splendor; we can discover the splendor of ourselves. Lazaris explores why discovering the splendor can be valuable: It can be a precision tool for a magician; its shimmer and luster can change the very nature of our choosing, loving, healing, and transcending. Conscious of the touch of splendor – the touch of our splendor – our magic can become unparalleled, unprecedented, unequalled, and without compromise. We can be as a lantern, bringing the light of loving and healing into the darkness.

From a solid foundation of understanding, Lazaris laid out the map. With loving clarity and delightful humor, Lazaris detailed each step of the *Culminating Journey of Illumination*. The evening concluded with a powerful meditation to open the gateway so we could *stand in the domain or the resonance of Coming Home*, so we could step up, stand tall, and hear *the music: Coming Home*. As the remaining days of this amazing weekend unfolded, Lazaris guided us with a bit of magic and a lot of love as we experienced the search and as we found our splendor. This evening is not the whole of the weekend, but it offers us the map and the gems of this culminating weekend so that we can remember and reunite ... so that we can again be touched by our own splendor. Meditation included: *Quest To Hear the Music*.

"Magician's Homecoming" DVD

The Full Video of the Lazaris OnLine Seminar, November 30, 2005

Lazaris conducted the third cyberspace workshop of 2005. This time it is called a *Magician's Homecoming*, and it was a beautiful and magical follow-up to the amazing Culminating Weekends of 2005, the Year of Illumination. During the span of two hours and across the span of cyberspace, Lazaris created a space, a sacred space, for magicians — for us — to gather. It was a space, as Lazaris said, made sacred by our presence.

This OnLine Workshop provided a time for magicians from all parts of the world to come together — to "come home" to ourselves and to each other. Lazaris touched each of us during these two hours as he reviewed some of the highlights from the two Culminating Weekends — the ones completed in Los Angeles and in Orlando. He drew upon the energies from the weekends on each coast. It was a time of confluence ... a confluence of energy, a confluence of resonance, and a confluence of sacred moments. We gathered for a homecoming. The power and the magic was miraculous; it was truly beyond our expectations and our imaginations. This recorded workshop closes with "a burst of love and a bit of magic" for each of us to carry into our world and into the world around us. Within the embrace of these two hours each of us can draw upon the love, light, and magic of Coming Home. Welcome to the Magician's Homecoming ... welcome to the full recording of this live event from Wednesday, November 30, 2005. This DVD features selected video clips of discussions from the Culminating Weekends of 2005. Meditation from the online event is included.

The Mystery and Mattering of More Loving and Healing

A Very Special Congress of Magicians, Saturday / Sunday, April 29/30

Among the many whispers of Katrina and its aftermath: Blame. As so many rush to blame one another, it becomes increasingly clear: Blame is an anesthetic numbing the fears and pains; it obscures the horrible ravages of loneliness and despair. As the physical repairs are made, what happens to the emotional, mental, and spiritual damage?

Come with us to New Orleans. No. It is not a time to admonish and blame. It's a time for more loving and more healing. — Lazaris

Throughout the Ages magicians have heard the call to gather at a sacred place — a place of enchanting love, of ineffable beauty, and of fascinating mystery — to work magic together: to work magic as one. Responding, each would set down the stuff of their daily life and travel distances near and far to do what magicians do: to work magic.

Lazaris has designed a weekend ... a different kind of workshop ... for healing in New Orleans. As with other Congress of Magicians events, these two days will not be about learning either new techniques or about exploring new ideas, but are about healing. The focus will be on emotional, mental, and spiritual healing for the hearts and minds and the souls and spirits of the people and that land that were both so ravaged by Hurricane Katrina and its aftermath. ...

Personal Interludes and Lazaris

A Very Different Kind of Workshop

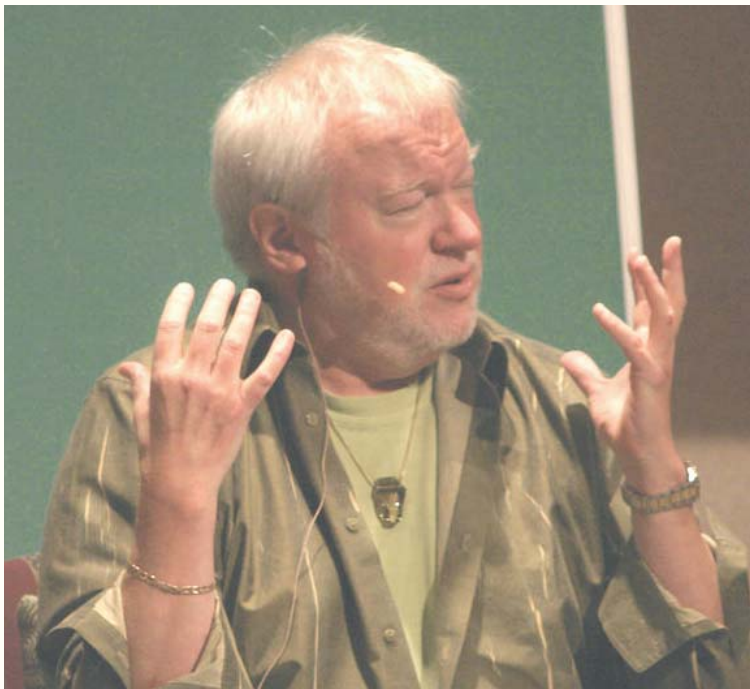

Los Angeles, July 14-16

Orlando, September 15-17

San Francisco, October 27-29

A Message from Jach ...

We have already made this opportunity available to those who are new to Lazaris. Now we are opening it to those who have more experience. Welcome to everyone ...

I imagine. ... A small group of people – maybe ten or 15 – gather around to talk directly with Lazaris in an up-close and very personal way. As one and then another receives the microphone, each asks their question. Maybe it's a personal question about their current process or about specifically what's blocking or impeding a particular personal reality creation. Perhaps it's a general question about reality creation. Imagine ... a time with Lazaris that is not unlike a private consultation of years past. Imagine that.

Through a series of events over the past many months, it occurred to me that it would be great to have a workshop in which people could just ask questions of Lazaris and of me ... any questions: personal, general, informational, fun, or serious ones ... questions about their current processes, about technique, or about new or individually personal techniques.

Since there are no more personal consultations with Lazaris and the Magic Time of an Intensive is so focused on the specific intensive topic, I thought it might be great to have a different kind of workshop that was one Magic Time after another ... a workshop that was a personal interlude upon our journey Coming Home. I foresaw limiting the size of such a workshop ... no more than 100 people ... so that many people could have a chance to ask questions, so that the space would be smaller, and the resonance could be more intimate.

We offered these Interludes initially with priority given to people who are newer to Lazaris or who missed the opportunity of private consultations, and upon those who missed the amazing Magic Times where Lazaris worked so directly and so intimately with our personal processes. Now that they have been registered we are delighted to open up the Interludes to everyone.

Friday evening I will be there to answer questions about any subjects that arise. Then Lazaris will join us Saturday morning. There will not be a specific topic. The entire workshop will be devoted to your spontaneous or well-thought-out questions. Yes, there will be a few Lazaris Blendings and Lazaris Meditations.

I am really excited about this opportunity. I hope you are as well. On the next page there's lots of information about this very different kind of workshop. There is also a Request Form for you to submit for review. Upon acceptance you can register for one or another of these very special personal interludes and to spend time with Lazaris and me. On each, Lazaris delineates the waxing and waning of energies, helping us understand and navigate the ebbs and flows with elegance and ease – so we can utilize the energy – expansive or constrained – to our maximum benefit personally, globally, and spiritually. Defining Moments of Love

"Dazzling and uplifting, it can be an exquisite moment ... a defining moment ... in which you become whole and more; you become one. We invite you to a moment." (Lazaris)

The evening begins with a delightful exploration: Not every moment we define as loving is truly a defining moment of love. But when we have those special moments that are defining moments, they can enrich our lives with the greater and the grander of love, intimacy, and caring; we can make and work miracles ... miracles can abound in our reality and in our world's reality; and the magic of union can become a part of your reservoir and repertoire of magic.

[Click for Sound Clip](#)

Lazaris clearly defines what comprises a defining moment of love and then delineates the components that compose such a moment. Beyond our hesitation and resistance, Lazaris then details a step-by-step ritual with which we can consciously create our own defining moments and become full beneficiaries of the bounty of defining moments of love.

The evening concludes with an amazing meditation/ritual: *Ritual of Creating Defining Moments of Love*.

Self-Esteem

[Click for Sound Clip](#)

Every power we have as a unique human being comes from our estimation of who we are — from our self-esteem, the love we earn by our positive qualities of self.

“Set” between ages seven and ten, and deeply influenced by the relationships we have with our fathers, self-esteem motivates both our belief and our choice. Seeking false self-esteem leads to depression, physical exhaustion, anxiety, worry, doubt, and confusion.

But true self-esteem leads to the aliveness, creativity, pleasure, positive pride, and the willingness to adventure that make life a joy. With several processes of evaluation and a beautiful guided meditation, the *Meditation for Self-Esteem*.

Unlocking and Receiving Greater Love and Greater Intimacy with Your Higher Self

We know love and we have experienced how much we do love. And yet, no matter how much of our own love we know, we also realize that much of our love remains lost and needs to be reclaimed. And when we do reclaim our lost love, even more of our love flows into that mysterious reservoir — that reservoir of our love waiting ... waiting to flow into our reality and into our world.

[Click for Sound Clip](#)

So it is with our Higher Self's love for us. As much as we know of it, even more remains unknown — remains locked away, waiting to be released. Lazaris accompanies us upon a treasure hunt for love.

Along the way we learn of exquisite moments of discovery and of exquisite moments of knowing. We remember mystical unions of love as well as the mystery of love along with the abundance and prosperity of love. Each of these can be a stepping-stone to unlocking and receiving greater love and greater intimacy.

As our hunt continues, Lazaris shows us how to lay a solid foundation with four specific cornerstones that can lead to the keystone that we seek. This evening is rich with beauty and magic. The techniques are so clear as they focus around how to make, work, and touch to unlock this greater love. A powerful meditation, *Unlocking Lost Love*, is included.

The Power and Beauty of Self-Acceptance

[Click for Sound Clip](#)

We know that our Higher Self, Counselors, and God/Goddess/All That Is love us completely. But often we are unable to let the love in because we lack self-acceptance and unable to feel true remorse. Lazaris' four-phase process gives us back the power of true remorse, taken from us by shame and pre-verbal damage to brain chemistry and mechanics, releasing the love we want and the love we feel.

Self-Acceptance can magically renew our talents and illuminate dreams and optimal futures. But our attempts at self-acceptance run into a collection of paradoxes involving choice, love, sentiment, the perception of strength and weakness. Lazaris helps us wend our way through the paradoxes with *The Chamber of Self-Acceptance Meditation* and the technique of Leaning on the Love. Finally, we present ourselves to God/Goddess/All That Is and *are* fully loved.

Loving God/Goddess/All That Is: A Divine Mystery (Evening Only)

[Click for Sound Clip](#)

Lazaris weaves an enchanting and magical evening as prelude to a phenomenal culminating weekend. Before we fully get underway, Lazaris offers a Lazaris Blending (recorded). Then we review the basics of human grace, of spiritual grace, and of the grace of magicians. Each is a reservoir from which we can unfold our personal grace. Lazaris offers techniques: *The Trine of Value, Maiden/Mother/Crone*, and *Magic Upon the Mills* and completes with an incredible meditation, *Finding Personal Grace*.

There is so much we can gain, there is so much we can garner, as we discover and then engage the elegance of - as we immerse ourselves in - the resonance of our elegance and as we touch and are touched by the seed of elegance within - creating and manifesting. Lazaris opens the evening's discussion with a brief exploration of why the elegance is so valuable and then moves into a thorough exploration of the components that comprise both our elegance and the elegance of creating: *grace, beauty, dignity, dynamism, inspiration, eminence, and excellence*. Powerful meditation included.

Healing Ourselves and Our World with Resonance

Resonance: It is the source of all creation in the universe. Resonance and the future that determine reality — not logic and the past. Lazaris outlines the *Seven Principles of Resonance*, the *Standing Wave of Resonance* that is created from the interaction of two or more frequencies, and the *Four Concepts* that make healing with resonance more possible. The *Healing with Resonance Meditation* on this recording is an exquisitely beautiful visualization in which you and your Higher Self work with resonance for healing.

Crystal Email List

We know that everyone cannot make it to every workshop and that there are often crowds at the crystal tables during events. With that in mind, we are now offering certain groupings of special crystals via email. Some of the crystals offered will be available at the next or at upcoming workshops. Some are only available by email. Those of you who are on the Crystal Emailing List will receive digital photographs and descriptions of the current crystals being offered by email. We invite all of you to enjoy the resonance of those photographed crystals. If you find crystals of your keeping you can contact us to make those arrangements. To sign up, please email your request to: AndrewWilliam@att.net or ConceptSynergy@Lazaris.com
