A Lazaris Intensive (1+2)

Los Angeles, CA ... April 8 - 10, 2005

*Evening with Lazaris, "Wisdom and Freedom of Soul and Spirit:
Awakening and Maturing Truer Self"*

Illuminance of the Unknown

The Underworld, the Causal Plane and the Imaginal Realm

*In the silent depth of the Unknown, you can discover the most precious and the most treasured truths ... precious and treasured because they are **your** truths and the truths of **your** Soul and Spirit.*

Without uttering a sound, these truths can reveal more of the unfathomable depths of your real self and more of the ineffable dimensions of your relationship with God/Goddess/All That Is. – Lazaris

There was a time when entering the vast and vacuous Unknown frightened us. It can frighten us still. Yet, regardless of whether we are new to the Unknown or well-experienced, beyond the initial inhibition and apprehension of our fears — in the Illuminance of the Unknown — a phenomenal world can blossom before us.

Waiting to awaken, the stuff of beauty and ecstasy can miraculously change us, can change our lives, and can change our world. Waiting to unfold, those precious and treasured truths can inspire, exhilarate, and empower us. Our magic can shine as never before.

The Unknown always remains a mystery ripe with the light and with the dark of the mystical and esoteric. Yet within the mysterious interplay of light and dark and within the mystical dance of light we can source and resource the rewarding and meaningful, the happiness and joy, and the

loving and healing. We can discover the luminous and radiant. We can reach beyond our newly-expanding horizons of magic and beyond our ever-lifting limits of dreaming and visioning.

With Lazaris as our companion and guide, we will cross the terrains of the Underworld and of the Causal Plane. We will enter the intriguing realm where imagination imagines itself, where creativity creates itself, and where magic "works on its own" — the Imaginal Realm. Following the threads of luminescence from one domain to the next, we can find the treasures we seek; we can find the truths waiting to unfold.

Astounded and filled with awe, our reality and the reality of our world can dynamically and beautifully shift and change. Amazed, miracles can abound. Happiness and success can take on new meaning and new value with greater depth and height. Wonder and joy can come alive.

Illuminance of the Unknown ... Continued from Previous Page ...

With a delicacy and a tenderness that only love knows, Lazaris, along with our Higher Self and Soul, will guide us to the Illuminance of the Unknown — a rare and sacred state of being. In that Illuminance changes have no words. Transcendent changes can happen with no effort. We can emerge from that light, and we never have to be the same again; we can shine as never before. Welcome to the Illuminance.

You will glow with an inexplicable radiance. But then, your light was never meant to remain hidden. – Lazaris

Evening with Lazaris

Wisdom and Freedom of Soul and Spirit: Awakening and Maturing Truer Self

Thursday Evening, April 7, 2005, 7:30 – 11:00 p.m.

We invite you: Challenge the limits of your belief and imagination. Challenge the constraints of your trust and of your love. When you do, something amazing can happen. Something miraculous can unfold.

Sometimes when you least expect it, you can touch the wisdom of your soul and the freedom of your spirit. In that moment however brief you can glimpse your Truer Self. We invite you ... we invite you with joy; we invite you with love. – Lazaris

Touching and being touched by our Truer Self, even if but for a moment, we suddenly know: the magic, the passion and compassion, and the creativity can be ours. The peace, self-acceptance, the freedom, and the being loved — being fully loved — can express itself more fully and completely in all that we do and in all that we are continuously becoming. We can give without guilt; we can love without fear.

Touching our soul's wisdom and our spirit's freedom we can find greater clarity and celebration in our own reflective and radiant light. We can find new magical keys for living and loving life. We can listen in new ways and unfold new dimensions and new expressions of our love. We can be forever changed, becoming luminous and numinous.

Lazaris has crafted a magical evening that begins with a touch and lifts to an indefinable moment. The touch can blossom into a profound awakening and maturing. The moment can be transcendent. We can find the sacred wisdom and freedom of soul and spirit. We can awaken and mature our Truer Self.

Welcome to an astounding evening that stands alone in the light of this year – the Year of Illumination. Welcome to a stunning evening that is prelude and preparation for the Intensive: Illuminance of the Unknown.

Lazaris' Newest Release ... Culminating Weekend Excerpt

Rising to the New Dawn:

Forging Courage, Perseverance, and Conviction

(Excerpts from the Culminating Weekend)

Beyond our confusion and uncertainty, beyond our resistance and apprehension, we have discovered so many treasures and gifts, and there are so many more gems and jewels of happiness, of success, and of love waiting to be uncovered and embraced. In the current airs of transformation, we stand ready to step forth as illuminating beacons of hope; we stand ready to transcend. Even as our course of the future may be uncharted and uncertain, our upcoming successes can be unprecedented and unparalleled. We are ready and it is the dawning of our day.

The entire Friday evening portion of this incredible culminating weekend workshop is available as a CD or an audiotape recording. Now, excerpts from Saturday and Sunday are available including a meditation especially recorded for this release.

Lazaris carefully details the components necessary to construct our forge ... he speaks of the domain of happiness and love – the happiness of living the truer life and the exquisite love of defining moments. To this domain we bring mystery ... the mystery of passion and of intimacy. Once we build our forge, we need to activate it with the glimmer and shimmer of fulfillment. Within the forge, we can engage the lost art of forging magic. We can become the smithies of this lost art. We can metaphorically hammer and bend, we can carefully form and reform: we can forge courage, perseverance, and conviction. And we can work the magic – forging magic – with so much more.

These excerpts capture the essential information of this culminating weekend. We can learn a new expression of magic that can be a powerful and profound addition to our already existing repertoire of magic. We can find our voice and we can be heard. And as Lazaris reminds us, we never have to be the same again. New meditation, *Creating the Forge*, included.

Lazaris' Newest Release ... Culminating Evening with Lazaris

Rising to the New Dawn:

Forging Courage, Perseverance, and Conviction (Evening Only)

Forging Courage, Perseverance, and Conviction: It is time to hone and sharpen our skills, to lift our mastery to exquisite levels, and to be artisans of magic. It is time to find our voice and to lift that voice, heroic, lyrical, and celestial, to be heard in our world. As magicians, this truly is the dawning of our day. And it takes courage; it takes perseverance. It takes conviction. Though we already have each of these, to more fully respond to our calling, we need more than an increase in each. We need to rediscover a lost art: We need to become the magical smithies of the lost art of forging . . . carefully shaping and reshaping, carefully forming and reforming our courage, perseverance, and conviction. As we learn the alchemical magic of forging these components essential, crucial, and integral to charting our future, we can use our magical forge to change so many things about us and about our world. During this discussion Lazaris defines courage, perseverance, and conviction. Then he outlines why each can be so important: core of commitment; core of transformation leading to transcendence; essential to maturity, integral to lifting our voices, key to becoming a beacon of light and hope, and key to relinquishing the numbing blinding blanket of mediocrity. The foundation laid, Lazaris creates a wonderful journey to create our magical forge, to activate the forge, and then to step into the forge. Step by step, we can forge courage, perseverance, and conviction in our selves and gradually there can be a greater presence of courage, perseverance, and conviction in our world. This enchanting evening concludes with an exciting and uplifting meditation.

Enchanted Wisdom: Windows to the New World

[Click for Sound Clip](#)

Awakening our genius and becoming wise ... keys to building a new structure of permission and authority to be powerful ... and yet the components of wisdom have been dismembered and wisdom has been forgotten; there is no room for wisdom. Lazaris discusses what has happened to wisdom and he helps us explore our personal resistance to becoming wise, as he helps us lift the veils of our personal resistance to becoming wise, including: *Temptation of "One Problem"; "Resonance of Destiny; Animism of Senses; Dynamism of the Possible; Complexity of Wisdom, and that "Something More."* Lazaris explores explicit techniques: *Wisdom Catcher; Tests of Wisdom; Bundles and Wisdom Crystals* are only a few. With the magic of enchanted wisdom, we can take that giant's step closer to the Possible Future of dreams and vision – to that New World we are destined to create. And our lives can come alive with wonder, happiness, and success. They can come alive now. Meditation included: *Wisdom Catcher Meditation.* 2-1/2 to 3 hours, Lazaris Evening Recording ... \$24.95 plus shipping/handling/tax, Cassette or Streaming-Downloading

Greater Success: The Forgotten Ally of Our Subconscious Mind

[Click for Sound Clip](#)

With this alliance, so much wonder can come to us. We can grow and change with elegance, excellence, and by magic. We can access sources and resources to enhance the techniques we know and to empower techniques we are learning. As well, we can enhance our relationship with our Higher Self, Soul, and Spirit and our partnership with God/Goddess/ All That Is. An added treasure: We can discover the love ... yes, the love ... that our Subconscious Mind has for us. Lazaris begins with outlining the preparation: Hurdles to overcome and move beyond; Foundation of Self-Trust; Foundation of Connection with our subconscious self; and the Resonance of Knowing. Then Lazaris builds the "illumination" to strengthen our current relationship with our subconscious so we can initiate expanding that relationship to discover the potentials of alliance. During a powerful meditation, we greet our subconscious self and speak with our eyes; they guide us to the Forbidden Zone. Planting the seeds, an alliance can begin growing, building, and expanding. Lazaris concludes the evening with specific powerful techniques to allow the alliance to become more real: *Working with Crystals; Working with Amulets & Talismans; Working with "ash, seeds, and a basket, torus, and treasure chest"* while in the Forbidden Zone. A powerful discussion ... a profound opportunity. With a powerful meditation, *The Forbidden Zone.*

The Great Circle of Love: Magic and Miracles

We fear losing the focus of our love. We fear losing the trust of love. We fear losing the mystery and mysticism of love. We fear we will be forever bound by our yearning for love ... more love ... greater love. ...

Recommendations for March ... continued ...

Continued from Previous Page ...

Lazaris unfolds an incredible ritual that can respond to and heal so many of our fears around and about love. There are five rounds in the Great Circle of Love. Step by step we can move through the outer two rounds and then enter the more sacred rounds of Soul and Spirit. With intimacy, passion, inspiration, and wisdom we can enter the inner round of transcendence, caring, healing, and choosing so that we might take our stand upon the mound of love. The experience is beyond words. The meditation, *The Great Circle of Love*, can be life-changing.

Resonance Magic: The Remarkable Power of Unconscious Presence

Unstoppable power ... somewhere within the midst of our magic, amid the many powers of magic at our disposal, there is a unique power that, once activated, cannot be stopped. Unstoppable success ... when we make the most powerful choices most consciously, our success can be both unlimited and unstoppable.

[Click for Sound Clip](#)

The key to our unstoppable power and to creating unstoppable success lies within a precious and rare domain where our unconscious and conscious can become one: it lies within unconscious presence. Resonance magic is critical to utilizing that key; it is vital to accessing the unstoppable in our magic and of our success.

During this exploration, Lazaris reviews resonance and resonance magic and clearly defines the *nine domains of unconscious presence*: the nine locations where our unconscious and conscious minds become one mind. Then he outlines and guides us upon a remarkable journey. It begins with *exploration* of necessity and chance, moves into *reflection* to step outside the Sets of Necessity and Chance.

We then enter the liminal: that mysterious place and state "between." Within the liminal, with *focus & release* we can empty ourselves of all thought and all feeling so that we can engage our mind beyond our conscious mind. Seeking *clarity & purity*, we reach beyond our unconscious mind to experience our truer self, to reside beyond self-doubt, and to be confident of our self-liberating freedom. Then we can *experience* the domains of unconscious presence.

Working magic here ... our mystical power can be unstoppable; our successes can be unlimited and unstoppable as well. The evening's meditation is truly a metaphysical treat. Meditation included: *The Journey to Unconscious Presence*.
