*Coming Home* ... these two words touch us in strange and wonderful ways. They bring tingling goose-bumps to some and reverent tears to others of us. For all of us, these words lift our minds and hearts; they stir our souls and spirits. They touch something so deep inside us that we cannot define or fully comprehend.

*Coming Home* ... the yearning catches our breath and creates a moment alive with a mystical hush ... a mysterious hush that suspends that very moment and makes it special.

Lazaris invites us to a weekend excursion called *Coming Home*. It is a magical journey to find a moment ... a very special moment. It is a magical excursion to work magic for our world and to find ourselves - to find the *Splendor* of ourselves.

And in that moment: We remember. Lazaris invites us to a weekend of mystery and magic, to a

weekend filled and overflowing with love and light. This culminating weekend can be both keystone and cornerstone to the work we have done this year and to the work — the personal work and the Great Work — that lies before us in the upcoming years. This weekend can be an armature, it can be a backbone for the changing, growing, and evolving that continually begins and that ceaselessly unfolds in our reality and in our world.

There have been several magical moments this year. In this Year of Illumination repeatedly we turned to the light but we were always seeking something more. Amid each of our various searches and explorations with Lazaris we found moments ... moments within the wisdom of soul and the freedom of spirit, moments while visioning living our dreams and loving our life, moments within inspiration.

## Coming Home: Seeking God/Goddess/All That Is ...

### Finding the Splendor of Your Self

We found special moments that were truly, even profoundly, magical. We found enchanting moments that were both pivotal and seminal to our growing and changing.

For some they were moments of clarity that can lead to revelation while for others they were moments of brightening and embellishment that can become celebration. We turned to the light, and we found moments ... moments of illumination.

And in those moments we also found luminous magic, and through it all we have taken the first earnest steps to living in the moment ... to living in those special moments. This culminating weekend with Lazaris can be another special moment.

Gently, safely, and lovingly, Lazaris guides us into those moments we have found this year. We will work with the wisdom of soul and the freedom of spirit and with our awakening and maturing Truer Self. We will climb the tiers of emotion, and in the presence of soul and spirit we can hone our skills of visioning. More able to live our dreams and love our

life, we can inspire. We can more consciously and more actively utilize the amazing magic of inspiration. We will unravel more of the mystery of living in the moment.

With the light in hand and with Lazaris at our side, we will delve into the otherwise dark labyrinth of giving. It is our nature to give; it is part of our personal grace. In the depths of exalted giving miracles can unfold and flow with elegance and ease. In the heart of exalted giving, we can find more of ourselves.

Coming Home ... in the depth of its touch, in the breath of its yearning ... there is a moment and there is a light. There is a transcendent moment of illumination. With the moments of this year, in the depths of giving, and in the resonance of *Coming Home* ... there we can discover the *confluence of moments*. There we can find the *Splendor of Our Selves*.

Welcome to the illumination. Welcome to another amazing weekend of magic and love with Lazaris.

*“In the confluence of sacred moments ... oh, the miracles that can flow. And beyond the veil of this flow ... beyond the flood of the miraculous ... the splendor of self can be revealed.” (Lazaris)*

Lazaris will conduct the third cyberspace workshop of 2005. This time it is called *Magician’s Homecoming*, and it is a follow-up to the amazing culminating weekends for this year, the Year of Illumination. We are all very excited about this particular workshop. It will be a space — a sacred space — for magicians to gather, a space made sacred by your presence. It will be a time for magicians from all parts of the world to come together ... to “come home” to ourselves and to each other. Lazaris will touch each of us as he reviews some of the highlights from the two culminating weekends ... the ones completed in Los Angeles and in Orlando. He will draw upon the energies from the weekends on each coast. This will be a time of confluence ... a confluence of energy, a confluence of resonance, a confluence of sacred moments. And it will be a time of a confluence of magicians gathering for a homecoming. The power and the magic can be beyond our expectations and imaginations. It can be miraculous.

This two-hour workshop will then draw to a close with “a burst of love and a bit of magic” for each of us to carry into our world and into the world around us. Within the embrace of these two hours each of us can draw upon the love, light, and magic of *Coming Home*. This can be incredibly fun as well. We look forward to your participation and involvement. Welcome to a magical event on the Internet. Welcome to the *Magician’s Homecoming*, Wednesday, November 30, 2005.

## Lazaris' Newest Evening Release ...

### *Living in the Moment: Glorious Adventures and the Miracles That Can Unfold*

During 2005 Lazaris explored four distinctively powerful avenues, four uniquely powerful ways, to develop rapport with illumination and thus to develop an alliance with the mystery and magic of illumination.

Of those means, *Living in the Moment* is the most illusive and elusive; it is also potentially the most powerful.

Gently, Lazaris guides us through a mystical terrain from conscious illumination, to establishing domain, infusing that domain with mystery, and then to expansion. Being a “giant” we create union and then enter the arcane mysticism of surrender – surrender without submission. It is an art. And then in a moment that is beyond description and full comprehension ... Presence. We take the steps in a process that has no steps. It is amazing.

And yet there are the practical expressions: spontaneity, beauty, hope, and working with our duality are combined with conscious/unconscious presence, illumination, and enlightenment. And when we are all done, we, as Lazaris points out, “we chop wood.”

This astounding evening ends with a powerful meditation in which Lazaris guides us through the steps of the stepless process. Yes. *Living in the moment* is a paradox. And in that truth lies amazing power and magic. Meditation included: *Living in the Moment*.

## The New Transformation:

## The Mystery of Spiraling Transcendence (Intensive Excerpts)

---

*“There is a light ... sometimes clarifying, sometimes exposing ...there is a light.*

*Flourishing with the vision of spirit and the dream of soul, this flickering light spirals, lifting and leaping. There is a light, expanding, revealing. Celebrating, there is a light. In a delicate moment that could otherwise be lost, this is the light of transcendence ... spiraling transcendence.” — Lazaris*

---

Transcendent means that which lies beyond experience and knowledge. Transcendent forces, therefore, lie beyond experience and knowledge – not just beyond our experience or our knowledge, beyond all experience and all knowledge.

During this astounding intensive, with Lazaris at our side guiding and loving us, we found our personal gateway for transcendence: a clearing in a sacred wood, a Goddess Grove or Grotto, or some place in between. And we awakened our transcendent states: enjoying life or investing in the future, our rapport with wisdom and choice, or one of the other magical and mysterious states. We worked with the fires, the winds, the waters, and the earth of transcendence. We found illumination ... not only the light, we found illumination. Reaching further, we listened to the many voices of illumination: clarity, exposure, brightening with vision of spirit, expansion, embellishing with dream/substance of soul, revealing and celebrating. We found something beyond; we found something more. We found an eighth step. There is the light of transcendence beyond celebration, and the circle becomes a spiral.

During three remarkable days we captured that light, harnessed and directed it, and then released it. Together we made magic; together we made love. And then we released that light, that magic, and that love into our world. There are not enough words to fully or adequately describe the magic and mystery of this intensive. We cannot fully comprehend what happened to those of us who participated with Lazaris. It was truly a transcendent moment in the living of our lives and in the working of our magic. This recording captures pieces of the wonder. Lazaris recorded a special meditation, *Spiral of Transcendence*, specifically for these excerpts.

lift events to the levels and octaves of being miracles. With a better understanding of the nature of miracles, Lazaris briefly outlines the pools of personal resistance to allowing them. A foundation laid, Lazaris then details two delightful rituals: *The Ritual of Remembering* and *The Calling of Miracles*. The first ritual, a gift of our ancestry; the second magical working is a gift from the Ancients and Shining Ones of Sirius. Wherever the origin, each has specific and timely application in our lives and in our world. The evening's meditation is a touching rendition of *The Calling of Miracles*. This was a stunning evening ... a magical night captured in this recording.

## Reaching for the Stars

Reaching beyond the sludge and briar of our past, we can touch our stellar tradition. Reaching beyond the seductions and fears of our fantasies, we can touch our shining futures. And somewhere in between what was and what will be, we can begin reaching for the stars. During this amazing evening, Lazaris begins our exploration by examining what it means to reach for the stars. He speaks of more joyous success and profound happiness as well as of profound compassion and joyous knowing. He speaks of greater value and greater presence along with greater loving and healing.

[Click for Sound Clip](#)

To achieve these qualities that are also the components of reaching, we need new and expanded technique. After a cursory review of the success cube, image/identity, and the mystery of our choices, Lazaris offers a step-by-step exploration of four distinct and profoundly powerful techniques: *Enriching and Embellishing Identity/Image*; *New Dimensions of Success Cube*; *Mystical Choice and Expanding Love's Domain*. Each technique is vibrant. Each overflows with the essence of magic. Meditation included: *Expanding Love's Domain*.

## Creating Optimal Futures

This is an immensely powerful technique, first discussed in Lazaris' seminars about the Sirius Connection. Since the future creates the present, every future has impact now. Consciously creating a powerful, positive, joyous future of success can have immense impact on our current reality. In this title, Lazaris outlines an intricate and enchanting process in which you literally create a magnificent future that has very specific qualities – a future which may not manifest for years, but which can change the reality now. By working with the Radiance of Resonance, our range of possibility can expand and our perception can move – lift and shift – into a much more positive position within that range. Lazaris culminates with a blending that is a magical ritual to encounter the seven qualities of an Optimal Future. Also see *Standing on the Verge: Elegant Visions Creating Magical Successes* and *New Maps to More Elegant Futures*. Meditation included: *Optimal Future Blending*.

## Weeding Negative Futures & Seeding Positive Futures

The future has always created the present against the backdrop of the past. And between the future and the present, there is a pipeline filled with futures on their way to being manifest in our reality. Some are good; some we would like to avoid. The meditations on this tape take you into the Pipeline of Futures where you can safely encounter – and weed out – the futures that you don't want to experience. There are fears to be met here, but they never have to manifest. Then there is the powerful opportunity to "seed" the pipeline with beautiful futures of dreams, with wonderful relationships, with powerful love and growth – with fantasia. Meditation included: *Weeding Negative Futures/ Seeding Positive Futures*.

## Embracing Your Legacy of Love

[Click for Sound Clip](#)

Our personal legacy of love defines so many of our relationships in life, and it also says so much in defining our relationship with success and happiness, for example. Its voice speaks loudly in defining our relationships with magic, with freedom, and in defining our overall relationship with living a rewarding and meaningful life. During this powerful evening workshop, Lazaris explored the seven components – the seven benefactors – that contribute to our legacy of love. From our biological heritage (the yoke we accept) to our spiritual heritage (the mantle we denied), there are the following components: *Childhood Twisted Love*, *Adolescent Fantasy Love*, the *Wounded Soul*, and then the *Grown-Up Manipulative Love* and the *Matured Abandonment Love*. Lazaris further explored how our legacy of love sets the dimension of love in our lives and how it alters our patterns of living life. The legacy we received from our personal benefactors can be changed so that the legacy that we live and that we then give to our future can be more positive and more productive. Lazaris focuses on four distinct ways of involving our new legacy of love in the working of magic and in the living of a rewarding and meaningful life. The recording includes an incredible meditation, *Carrying Your Legacy of Love Into the Heart of Mystery*.

### Elegant Visions Creating Magical Successes

[Click for Sound Clip](#)

Visions: They are dreams illuminated by the passion of the Soul and liberated by the compassion of the Spirit. They are Optimal Futures crucial to creating the Virgin Future of the World. Existing outside of space and time, they have their own nonlinear language that may include brightness and darkness and the way things are shaped. Lazaris explores this magnificent world, its relationship to the Imaginal Realm, its components of genius, self-worth, and the Soul. Slipping past the objector / protector, we engage an Ally and enter the Place of Vision. Lazaris uses a powerful meditation to show us how to create linked visions and interlocking visions -- eventually to create Interlocking Visioning with others and Unseen Friends. What is born is a capacity for magical success -- and for engaging the electromagnetic energy of visions for the metamorphosis of our species. A powerful meditation is included: *Meditation for Linking and Interlocking Visions*.

## Utilizing the Magic of Self-Trust

[Click for Sound Clip](#)

Self-Trust is critical to so much that we value: It is the keystone of love, intimacy, and caring, and it is essential for building the esteem and confidence necessary in being the Valued Self. It is key to the vibrancy of our magic and to enhancing the quality of our relationship with our Higher Self. Yet beyond the wonder of Self-Trust, there is a magic – a magic that can reach far beyond the beauty of trust itself. In an enlivened discussion, Lazaris explores why it has been so hard to trust our-

selves: Social paradoxes, the lack of trustworthiness, and the “magic pill” are some of those reasons. Also, the “substitutes for trust” make genuine trust seem out of reach. Lazaris lays the groundwork not only for trusting ourselves but also for awakening the magic that lies dormant within trust. What is our optimum resource? How do we generate the resolve and “grow” our magic? How do we ground our Great Work? These questions answered, through meditation and technique we can find self-trust and work its magic. Techniques include Trust Crystal Matrix, Trust Dust, Trust Mask, and Trust Dreaming. An empowering meditation, *Trust’s Magic*, is included.

#### In Search of Miracles

A miracle is a living energy, a process -- an amplified, paranormal synchronicity that drops into reality. It supersedes all our expectations. It is truth, mystical choice, a "raining down" of resonance, a transcendent event. But what is a Miracle Maker? Lazaris creates a mystical journey to show us how to create a resonant environment that draws miracles like a magnet. Techniques include the Chronicle of Miracles, the Miracle Chamber, the Sacred Time Technique, Claiming the Right of Miracles, and developing greater humility, self-forgiveness, and self-reflection. In the meditation our Higher Self heals us, clearing out the residues around our hearts, rewiring our brains, and giving us new eyes. Then miracles “rain down” on those we love, on our reality, and on us. Meditation included: *Raining of Miracles Meditation*.

## A Quotation from Lazaris ...

... And if you look from Earth, through your galaxy in a particular direction, there is a particular star that has been given the name Sirius. There. That star, so close, so bright — only eight and a half light years away — is Sirius. It is aligned with the portal. It is that portal, therefore, through which all energy has flowed and is flowing into the whole of your universe. Even though it appears that energy is exploding outward because it is traveling outward at a phenomenal speed — even though the energy appears to have started in the “center” of the universe and is moving outward (Big Bang) — that is not really how it works. Energy is being “drawn” from somewhere outside itself. ... Though appearing as an explosion, it must also be understood as an implosion. Energy, and thus your universe, is being pulled by the Attractor, the Grand Attractor, the Ultimate Attractor, by the Goddess. It is through this portal that is called Sirius — it is through this gateway represented by the brilliant blue-white star Sirius — that all the energy enters your universe. It is through this doorway that the Grand and Ultimate Attractor enters. It is through this portal and gateway that the Goddess enters your universe. It is Her vortex: The Vortex of Sirius.

## Standing List for Tapes and CDs

If you have not yet signed up for the Standing List, just give us a call at 1-800-678-2356 or email us at [ConceptSynergy@Lazaris.com](mailto:ConceptSynergy@Lazaris.com) and we'll be happy to arrange this for you. Once you are on our Standing List, you will automatically receive Lazaris' newest recordings (cassette or CD as you prefer) as soon as they are available.

## Crystal Email List

We know that everyone cannot make it to every workshop and that there are often crowds at the crystal tables during events. With that in mind, we are now offering certain groupings of special crystals via email. Some of the crystals offered will be available at the next or at upcoming workshops. Some are only available by email. Those of you who are on the Crystal Emailing List will receive digital photographs and descriptions of the current crystals being offered by email. We invite all of you to enjoy the resonance of those photographed crystals. If you find crystals of your keeping you can contact us to make those arrangements. To sign up, please email your request to: [AndrewWilliam@att.net](mailto:AndrewWilliam@att.net) or [ConceptSynergy@Lazaris.com](mailto:ConceptSynergy@Lazaris.com)
