The Lazaris Weekend

Orlando, FL ... April 26 - 27, 2003

Beyond the Glow of Enlightenment: Celebrating a Grander Love

Out there beyond the glow of enlightenment: There are worlds out there ... whole universes ... more vast and mightier than your own. There are energies and forces ... there is consciousness ... out there more majestic and magnificent than your own. Beyond the glow of enlightenment there is a grander love more beautiful and magical than any you have known. Once again, let us love together. Let us love as never before.

– Lazaris

Exceptional love with an expanded presence of our Soul and Spirit and with greater maturity, compassion and justice ...

With Lazaris at our side during this enchanting weekend, we can discover new ways to allow our love to flourish and to generate greater elegance in our daily lives. We can experience and work techniques so that our love can become exceptional love with an expanded presence of our soul and spirit and with greater maturity, compassion, and justice. Our love can soar, free of delusion and rich with complexity, to become winning, triumphant love.

It can be so refreshing and so revitalizing. It can be so exhilarating. As we accept the

enlightenment we have garnered and as we dare to reach beyond it, we can touch and embrace, and then celebrate, love – a grander love – and so much around us as well as so much within us can change. So much can be healed; so much can be made new. We can find both a long-sought-after peace and we can find renewal and resolve. There need be no limit to the bounty when we celebrate a grander love.

During this year of expansion, Lazaris has designed an intimate weekend where we can learn and then experience the dynamics and the dynamism of expanding love. We will work with adding dimension – depth, width, and length – to our love; increasing the vol-

ume and scope of love in our lives and in our world; and augmenting the meaning and developing greater significance and value of the love we know and of the love yet to be known.

We can expand the majesty and magnificence – the magic – of a grander love. In it all, with our friends, seen and unseen, we can love as we never have before; we can be loved in ways we have never known before.

Not only can we celebrate a grander love beyond the glow of enlightenment, that love that knows no limit can be our love. It can be our “secret ingredient” in our working of magic and in our living of life.

Welcome to an enchanting weekend with Lazaris as we love ourselves enough to nurture and to allow our love to expand ... to allow our love to become a grander love ... to become a love as never before. Welcome ...

An Evening with Lazaris

Calling of Miracles

Friday, April 25, 2003 7:30-11:00 pm

The solitary magician, steeped in ancestral traditions and magical rites, slowly moves among four mystical singing spheres of light. Enraptured in dignity, spirit, and freedom while embraced in the intensity of a moment ... miracles abound waiting to manifest.

– Lazaris

It's about using our magic to make miracles ... We have reached a point where crafting miracles for us and for those we love lifts our happiness and joy. In turn, such miracle-making expands and deepens our magic and inspires and extends our love.

Beyond our personal preference, our world needs the miracles that we can create. Whether out of preference or need, it truly is about making and working miracles.

Lazaris begins this enchanting evening with a brief review of our resistance. Then he lays the foundation and groundwork with an

elegant and loving *Ritual of Remembering* of our capacity to consciously make and work miracles. We can reach beyond the limitations of our fears and beliefs.

Then we begin to build the miraculous all around us. Lazaris will focus on a beautiful ancient ritual given to us by the Ancients and Shining Ones of Sirius: *The Calling of Miracles*.

To these two incredible workings of magic (*Ritual of Remembering* and *The Calling of Miracles*), Lazaris and our Higher Selves will add a bit of their magic. This is going to be another of those unforgettable evenings. Welcome ...

Celebrating Creation:

The Great Wheel Turns [Excerpts]

[click here for sound clip](#)

We can enter the Great Wheel and artfully walk its rounds. This particular weekend was a gem among weekends with Lazaris. This recording includes selected excerpts from that event. Included are excerpts from discussions of: *Eternal Turning of the Great Wheel*, the *Mystery & Magic of the Great Wheel*, and the *Grace of the Great Wheel*. Lazaris describes each turn and allows us to discover the significance of each. The excerpts also include an exploration of how to be responsible for our successes. We know the value of such responsibility, but this is the first time Lazaris has laid out the steps so clearly and concisely. Also, there are excerpts from the Sunday morning discussion of how to bring celebrating creation into our daily lives and how to work with the turns of the Great Wheel. This is a delightful recording with wonderful insights that are rich with possibility and potential and that can open us to unlimited opportunities. No meditation.

The Reservoirs of Creativity

At the Culminating Weekend of 2002, "The Essence of Creation: Touching Personal

Greatness," Lazaris talked about how creativity wanes throughout our lives and how that lost creativity is stored in "Reservoirs of Creativity." Knowing it is there, we can retrieve our lost creativity by entering these reservoirs and working with the issues involved with them, with the conscious intent of retrieving the creativity stored there in the process. Here is a list of tapes for working with some of the reservoirs Lazaris mentioned at the workshop. For the tape on which Lazaris talks about the reservoirs, see "The Essence of Creation: Touching Personal Greatness [Excerpts]" at the end of this section.

Beyond Struggle: The Magic of Being Good Enough

[click here for sound clip](#)

Struggle: Its solution lies in dismantling our sense of undeservability. There are *Conscious Waves of Undeservability* — coming from guilt, from the things we've been told, and from deciding we deserve to struggle because we've failed in the past. But there are also *Subconscious and Unconscious Waves of Undeservability* which Lazaris explores in depth — as well as our personal core reason and personal pattern. Lazaris offers techniques including *Shadow Work* and *Engaging the Self Who Loves You* — and a fantastic meditation to help step out of the resonance of undeservability ... and the struggle that it creates.

Freeing Yourself from the Unspeakable: Jealousy, Envy, Rage

[click here for sound clip](#)

They are hidden from view, living behind a mask, dwelling in a shadow, denied. Ashamed, we try to pretend they are not there. But they contain wonders: Within them lie truths, untapped energy, ineffable and inexhaustible magic, and a spirit that can allow us a life textured with elegance and grace. Lazaris' compassionate understanding of jealousy, envy, and rage is matched only by the effectiveness of the tools he gives us for freeing ourselves. With an extraordinary meditation, *Forest Journey to meet a Wild Animal*, that absorbs our rage, and techniques for revealing the treasures of the *Light Shadow*.

New Dynamics of Processing and Programming

Lazaris has often said that "homework" is the work you do to go Home — and the work you do to bring something home. And that's what processing is: It's what you do to prepare for the reality you want to create. Lazaris begins with a clear explanation of the differences between Upward Causation (the old Cartesian paradigm) and the Downward Causation that can magically empower us. He looks at the workings of the Subconscious Mind and at our payoffs and poisons before covering many new techniques for processing more effectively and for new levels of manifestation: the *Meat Grinder Technique* for powerfully effective processing — and *Flash (Montage) Programming Techniques*, *Future Loop Programming*, *Editing the Film*, *Gift Techniques* and more for manifesting. The meditation finds us in a forest where Lazaris helps us find our way to greater power.

The Incredible Magic of Hope and Joy

Joy is an emotion rich with thoughts and feelings. Hope is a state of mind alive with mystery and mysticism. Together, they generate a chain-reaction alchemy that can lift our magic to new heights of wonder and success. Lazaris explores the special magic of hope and joy in this discussion, which constitutes a defining moment in the development and maturing of our magic and in the unfolding of

Moving Beyond Guilt and Fear:

New Entanglements with Old Names

Just when we are approaching new levels of spirituality, guilt and fear appear again – but they are not the guilt and fear we once knew. Guilt functions as a substitute for character, integrity, dignity, and conscience — and it can also act as a strange kind of motivation. Fear is an automatic response of our humanness and can be generated out of genetic, social, and ego templates. Lazaris explores the phenomena of beauty, goodness and truth, of remorse and indebtedness, of dignity and tragedy. And he gives us beautiful techniques – *Journeying through the Narrows*, *Creating Masks and Bundles of Fear*, *The Prisms of the Future Technique*, *Unconscious Programming*, and the *Triangulation of Guilt and Fear* – and a powerful meditation to move beyond them.

Unlocking & Receiving Greater Love

& Greater Intimacy with Your Higher Self

[click here for sound clip](#)

We know love and we have experienced how much we do love. And yet, no matter how much of our own love we know, we also realize that much of our love remains lost and needs to be reclaimed. And when we do reclaim our lost love, even more of our love flows into that mysterious reservoir – that reservoir of our love waiting ... waiting to flow into our reality and into our world. So it is with our Higher Self's love for us. As much as we know of it, even more remains locked away, waiting to be released. Lazaris accompanies us upon a treasure hunt for love. Along the way we learn of *exquisite moments of discovery* and of *exquisite moments of knowing*. We remember *mystical unions* of love as well as the *mystery of love* along with the *abundance and prosperity of love*. Each of these can be a stepping-stone to unlocking and receiving greater love and greater intimacy. As our hunt continues, Lazaris shows us how to lay a solid foundation with four specific cornerstones that can lead to the keystone that we seek. This evening is rich with beauty and magic. A powerful meditation, *Unlocking Lost Love*, is included.

The Essence of Creation: Touching Personal Greatness (Excerpts)

[click here for sound clip](#)

On Sunday mornings of workshops, Lazaris explores how we can carry the magic and miracles of the workshop into the weeks and months that follow. This recording of excerpts includes a discussion to work with *Reservoirs of Lost Creativity*, *The New Map of Magic*, *The Touch of Greatness*, and *Essence*. While talking of the *Reservoirs of Lost Creativity*, Lazaris offers us incredible insight into what happens to the creative person within our consensus reality as their creativity wanes, and insight into the suffering and struggling that most creative people endure in their unwitting attempts to retrieve that creativity. Of course, Lazaris offers an alternative to us who are magicians. Lazaris also details the use of the *New Map of Magic*. It is a powerful tool to work with the *Essence of Creation* and with *Personal Greatness*, and it is an incredible map for the workings of all kinds of magic. This discussion is a gem and is presented as an excerpt from the Culminating Weekend of 2002. No meditation. *On cassette or CD.*

Manifesting Uncompromising Happiness

[click here for sound clip](#)

"You are happy; you are happier than you have been and not as happy as you want to be ... not as happy as you will be." (Lazaris). A refreshing view of what happiness is and an invigorating discussion of why we continually seek and can continually find happiness lead to a fascinating discussion of why it is hard to admit how happy we are. Our genetic-hormonal nature precludes it, our conditioning discourages it, and our fear impedes it, but we are happy. Lazaris explains why such admission is so vital to expanding the happiness we know and to manifesting uncompromising happiness. Then he goes further to offer us a variety of keys that can assist us in admitting our happiness and can guide us to that rarefied level of happiness without compromise. We can find happiness without concession or deviation of our principles, our priorities, our "demands," or our "differences". This fascinating discussion unfolds as Lazaris describes specific pragmatic and esoteric techniques: *Happiness Crystals, Talismans & Amulets of Happiness, Resonance Ritual*, and more. Powerful meditation included.

Uncompromising Success

[click here for sound clip](#)

Lazaris begins this illuminating discussion by focusing upon why it is important to open to the possibility and the potential of success that is uncompromising. Then he moves forward to explore why such important success is so difficult to achieve. Compromise can be terrific: resolving difference by concession, adjustment, and balance. And it can be dangerous: a solution that can endanger our safety and security. Uncompromising, likewise, can be imprisoning: success that is unyielding and blindly stubborn. An uncompromising success can be brilliantly liberating: without reserve, adhering to principles with character and integrity; adhering to power with goodness, truth, and beauty. Lazaris explores the dynamics of both kinds of success. The discussion continues as Lazaris outlines specific steps to activate the resonance of liberating uncompromising success. From *Lifting the Veil of Admission to Success as Magic*, we can find the path of this brilliant potential. At the core, we can bargain with our future rather than continue bargaining with the past. Lazaris concludes this powerful evening with a profound meditation and with several practical techniques that includes *New Dimensions to Our Success Cube* and *7-Day Crystal/Talisman Work*. Meditation included.

Embellishing Our Magic

[click here for sound clip](#)

Once we begin healing our personal nemesis, it is as if a dam bursts or as if all the currents have been opened at once. There is a burst of greater light that can either illuminate or blind. In that light, there is a temptation to retreat. In the face of this temptation, it is time to move forward; it is time to embellish our magic. Our negative egos embellish things with fictions, exaggerations, and lies. Our magical selves embellish things with beauty. Lazaris guides us upon a lively and intriguing discussion of the temptation to retreat at this point upon our journey. Then he explores the several sources of beauty. From these sources, now resources, we can embellish our magic and we can embellish – make more beautiful – anything in our reality. With Lazaris, we can learn about engaging our soul and spirit, about opening to the domains within our unconscious, and about ecstasy in the pursuit of beauty. After a particularly powerful meditation, Lazaris explains several specific techniques: *Embellishing Crystal/Talisman; Magic Potion of Embellishment; Embellishing Night Dreams*, and *Seeking the Counsel of the Muse, of Glamoury, of Ancient Ones, and Shining Ones*. It is truly a beautifully magical recording.

New Strategies to Optimize Success

This is a tape we will listen to time and time again. We can hear a new depth and we can find a deeper meaning each time. Lazaris lays the backdrop for this vitally important discussion by talking of why we need a new strategy to create optimum success. He speaks of the Great Awakening, access to ports of greater happiness and greater knowing as well as access to the ports of transcendence and metamorphosis. He talks of the information revolution we are currently in and how we could become overwhelmed and overrun with information without new strategies. And it is a time of grand opportunity. From this backdrop, Lazaris talks of creating an environment to attract optimum success by working with our current *Strategy for Success* and by developing a living relationship with success – a fascinating concept that can yield untold results. Once we have an environment to attract the optimum, we need to create specific “Attractors” to place within that environment. *Intensity-Intimacy*, *Elegance-Enthusiasm*, *Trust-Partnership*, and the *Complexity of Wisdom* play key roles. Lazaris then turns his attention and his love upon the specifics of new strategies: *Celebration-Triumph*, *Co-Creating with Crystals*, and *Archetypal Guidance* are names – labels – for some of the techniques Lazaris brings to life and teaches us. *Developing Fortune* and working with the Unknown form the foundation for our new strategies. It is a thrilling discussion. One that you will not want to miss and one that you will want to listen to time and again.

In Search of Miracles

[click here for sound clip](#)

A miracle is a living energy, a process -- an amplified, paranormal synchronicity that drops into reality. It supersedes all our expectations. It is truth, mystical choice, a "raining down" of resonance, a transcendent event. But what is a Miracle Maker? Lazaris creates a mystical journey to show us how to create a resonant environment that draws miracles like a magnet. Techniques include the *Chronicle of Miracles*, the *Miracle Chamber*, the *Sacred Time Technique*, *Claiming the Right of Miracles*, and developing greater humility, self-forgiveness, and self-reflection. In the meditation our Higher Self heals us, clearing out the residues around our hearts, rewiring our brains, and giving us new eyes. Then miracles "rain down" on those we love, on our reality, and on us.

Utilizing the Magic of Self-Trust

[click here for sound clip](#)

Self-Trust is critical to so much that we value: It is the keystone of love, intimacy, and caring, and it is essential for building the esteem and confidence necessary in being the Valued Self. It is key to the vibrancy of our magic and to enhancing the quality of our relationship with our Higher Self. Yet beyond the wonder of Self-Trust, there is a magic – a magic that can reach far beyond the beauty of trust itself. In an enlivened discussion, Lazaris explores why it has been so hard to trust ourselves: Social paradoxes, the lack of trustworthiness, and the “magic pill” are some of those reasons. Also, the “substitutes for trust” make genuine trust seem out of reach. Lazaris lays the groundwork not only for trusting ourselves but also for awakening the magic that lies dormant within trust. What is our optimum resource? How do we generate the resolve and “grow” our magic? How do we ground our Great Work? These questions answered, through meditation and technique we can find self-trust and work its magic. Techniques include *Trust Crystal Matrix*, *Trust Dust*, *Trust Mask*, and *Trust Dreaming*. Powerful meditation included.

In explorations that range from an understanding of the mineral, plant, animal and human kingdoms to our four choices to grow, Lazaris opens an amazing door. Then he moves to a process to prepare us to meet our Higher Self. The journey begins with love and culminates with a respect for the love and power of the Higher Self as well as an overview of the entire Topography of Consciousness. And at the end of this journey, we touch and begin to know our Higher Self in a series of three meditations that many have called the most beautiful they have ever known.
