A Lazaris Intensive (1+2) Orlando, FL ... August 16 - 18, 2002
Miracles Abound: Enhancing Our Skills and
Artistry of Mills Magic

There is a new excitement in the air. Magic seems to be everywhere. It is time for you to explore new dimensions and horizons; it is time to plumb new depths of creation, new depths of manifestation.

Yes, there is a new excitement in the air. ... Oh, how we love you.

– Lazaris

The solitary magician stands motionless, gazing upon the sacred ground and at the Mystical Mill that is nestled there. This journey, about to end with a few more steps, has been long. It has been harder than expected at some times, and easier at others. The magician, steeped in ancestral traditions and magic rites, in this moment sees what others would not. The magician, standing so still, is ready to seize what others would not yet dare dream.

With Lazaris, and with his love and magic, each of us can take those few steps as we delve into the mystery of "Mills Magic." Uncovering our personal Mystic Mills experiences framed in past lifetimes, we can remember, reawaken and reunite with our ancient traditions.

With a few steps, the reverent hush of a solitary magician is broken; with a few steps, as one journey ends, another is about to begin. The Calling of Miracles will soon be underway; the current and future worlds of a magician are about to change. Few will ever know of this moment; many will benefit from it.

We are ready to take those few steps. Many of us already work some of our magic upon the Mystic Mills linked to the Living Matrix of Magics. Others of us do not yet know the power of such work. Lazaris has designed this workshop for both the well-experienced and the new among us.

With Lazaris, and with his love and magic, each of us can take those few steps as we delve into the mystery of "Mills Magic." Uncovering our personal Mystic Mills experiences framed in past lifetimes, we can remember, reawaken, and reunite with our ancient traditions: The

dimensions of our current magic and its workings can dynamically expand. Activating our unique Mystic Mill, we can discover so many new potentials and opportunities for our magic. As the “circles turn upon the arbor,” secrets and mysteries normally hidden from view can be revealed: Our current magic can become more powerful and successful, yielding greater accomplishment – yielding greater happiness.

Then Lazaris will teach us new techniques born of ancient traditions including *Calling of Miracles*, *Rites of the Ancients*, and *Union of the*

Divine. Whether well-experienced or new, our current and future worlds can change. Each of us can change, and our new journey can be underway.

It is more than coincidence that this workshop comes while the Vortex of Sirius is open full and wide. We are magicians. As Lazaris reminds us, this is the dawning of our day. We are ready to take those few steps. And Lazaris, along with our Unseen Friends, is there, waiting to love us and steady us as we take those steps.

Welcome ...

An Evening with Lazaris

Resonance Magic: The Remarkable Power of Unconscious Presence

Thursday, August 15, 2002 7:30-11:00 pm

Unstoppable power ... unstoppable success ... are these unreachable dreams? Are they only empty fantasies?

Perhaps they were once, but now, as we embrace resonance magic with access to the incredible domains of our unconscious, such fantasies can be ripe with revealed truths and unraveled secrets – especially powerful truths and secrets. No matter how whimsical they once were, such dreams can come true.

Lazaris offers us yet another step in our pursuit of mastering creation and manifestation and in our endless yearning for greater happiness and grander joy, and for creating more success and more fun in our lives and in our world.

When you are conscious ... when you are truly present ... your unconscious and your conscious can become one in their natural domain.

In that domain, the power of your magic and the potentials of your success are unstoppable. The mystery and the magic lie in your presence – in your unconscious presence.

Oh, we are so excited for you.

– Lazaris

There is magic in the telling: Lazaris will quickly review the wonders of resonance magic nestled between conscious creation and co-creation magics. With Lazaris as our companion, we will explore the nine celestial dominions that are the portals through which our conscious and unconscious minds can become one.

Cloaked in the mantle of our magic, we will learn and then practice new techniques of resonance magic and marvel at the miracles that can unfold. Cloaked in our magic, we can explore Unconscious Presence and celebrate the mystery and wonder we find there.

It will be a stunning evening of love and magic with Lazaris. Welcome ...

Discovering & Engaging the Elegance of Creating & Manifesting

[click here for sound clip](#)

Our work with consciously creating and co-creating can be lifted to greater levels of achievement; our resonance work can be richer with more fulfilling success and happiness. And our happiness can lift to joy and peak with ecstasy. Our desires can blossom, becoming splendid desires as we find both richness and noble pride in the ways of living our lives. There is so much we can gain, there is so much we can garner, as we discover and then engage the elegance of – as we immerse ourselves in the resonance of our elegance and as we touch and are touched by the seed of elegance within – creating and manifesting.

Lazaris begins with a cursory exploration of why elegance is so valuable and then moves into a thorough exploration of the components that comprise both our elegance and the elegance of creating: *grace, beauty, dignity, dynamism, inspiration, eminence, and excellence*. After this lively and fun look into the mystery of elegance, Lazaris guides us upon a powerful meditation to seek, to receive, and then to hold the gift of elegance within our hearts. The gift of elegance comes from “the hand of the divine.” The magical meditation is followed with a step-by-step process for discovering and then for engaging this elegance in our work with creating and manifesting.

Unraveling & Activating The Greatest Secret of Success

[click here for sound clip](#)

We know success; we understand and can release what Lazaris calls the “standard-bearing” fears of success. We can accept and respond to the legitimate fears that always accompany success. We even understand the greatest secret of success, but we have yet to unravel it; we have yet to truly activate it to generate unlimited and unstoppable success in our reality and in our world.

This discussion explores this greatest singular secret and Lazaris helps us reveal the hidden within it: *Becoming more conscious, the importance and power of choice, the nature of choice, and the balance of*

power between consciousness and choice. These are the specific steps to unraveling that Lazaris discusses. We can create an alliance between our unconscious power and our conscious choice, and the result: Success becomes both unlimited and unstoppable. Lazaris continues this delightful and magical evening with further exploration of how we can activate this secret ... how we can let it thrive in our reality. With preparation, illumination, initiation, and then with the interplay of personal myth, this greatest secret can come alive and our magic can be joyous as well as triumphant. A powerful meditation, *Capsule of Love/Will*, is included.

Activating the Magics: Metamorphosis

[click here for sound clip](#)

This intimate and insightful discussion by Lazaris is a gem. He begins by describing what metamorphosis is, using the analogy of evolution of caterpillar to butterfly. Then he shows us how we can enter and move through our personal "larva, pupa, and imago" stages, emerging not just a "better person," but emerging a "different kind of person." We come to understand the potentials for working metamorphosis magic in our reality and in our world to create not just a "better past" but a "new kind of future." Thought-provoking and inspiring, this is a discussion we will listen to over and over again. Each time, we can hear something more and garner greater insight, more powerful magic, and greater success in our lives. This tape (and *Activating the Magics: Transcendence as Part of Daily Life*) is a wonderful review for those who participated with Lazaris during that long weekend, and a wonderful guide for those who could not be there. There is no meditation in this excerpt.

Activating the Magics: Transcendence as Part of Daily Life

[click here for sound clip](#)

It was Sunday morning when Lazaris began exploring how we can bring an esoteric magic into practical application. He reviews the gateways that can lead to transcendent states; he calls them the Transcendent Gateways. Some of the gateways: Depth of Soul, the Unknown, Boundary Dwellers, Goddess Grove. All of them can work; one of them can work most elegantly. Within and through these gateways, we can discover self-transcendent states, and there we can work magic that can be miraculous. From this foundation, Lazaris then suggests that we can amplify the working of our magic and improve our success if we create transcendent receptors in our personal reality. It is a powerful discussion, rich with insight, possibility, and potential; opportunity abounds. This tape (and *Activating the Magics: Metamorphosis*) is a wonderful review for those who participated with Lazaris during that long weekend, and a wonderful guide for those who could not be there. There is no meditation in this excerpt.

Awakening the Unstoppable Power of Our Magic

[click here for sound clip](#)

The first step to greater dominion – the first step to activating the magic of dominion – begins with awakening the power of our magic. After a cursory review of what dominion is, Lazaris explores means to more fully discover and then awaken our magical power. From *Conscious Presence* to *Unconscious Presence*, we can gather this power from familiar places (our personal framework of memories, myths, dreams, and visions and from our strengths and talents), and from less familiar places (our majesty and grace and our future and future self). Once power is awak-

ened, with a bit of fashioning, we can touch and tap the “unstoppable” power that is often hidden within. Unstoppable magical power ... it’s exciting. It can be frightening. Assuaging our fears, Lazaris guides us upon another beautiful meditation and offers a foundation of elegant workable techniques to harness this now-awakened and unstoppable power. The first step toward greater dominion is a profound one.

Coming Home

[click here for sound clip](#)

The *Luminous* — that which radiates light and love. The *Numinous* — the ineffable beauty and wonder of the divine. The *Liminal* — the threshold between time, between space. *The Grand Attractor* — God/Goddess/All That Is calling us to Come Home. And with this term *Coming Home* Lazaris creates a tape that is like a magical hieroglyph that generates a tangible experience of renewed and transformed spirituality. We have grown for years, and we have turned the corner. We’re not “going” Home anymore: We’re Coming Home. And with it there is a re-emergence of our Spiritual Heritage, our traditions, our stellar origins. Our lost aspects of Self and Spirit are regained. A 3-hour discussion and meditation that is really a three-hour Blending. A favorite tape of most who know Lazaris.

The Journey Unfolds: Coming Home, Part II

[click here for sound clip](#)

This evening is as a three-hour Lazaris Blending that continues the exploration of the initial “Coming Home” evening. Lazaris teaches us an incredible “*Ritual of Reuniting*” that takes us to our *Oases of Joy and Wonder*. Along the way, we enter the Abyss to make Fundamental Choice. We enter our prisons and our hidden agendas to break free. We gather the *Tools of the Artisan*. We encounter the Muse and are guided by one of the Muse to a world beyond. The depth of the experience is far reaching. The *Ritual of Reuniting* can become a bountiful tool upon our Journey Coming Home.

Earth Changes: Cresting the Wave, Dawning the Light

[click here for sound clip](#)

During the November Culminating Weekends (1997), Lazaris explored the genuine negative possibilities and the genuine positive potentials of coming Earth Changes. In an exhilarating discussion, he spoke of the power of active and conscious participation to assure the Dream of the New World now destined to be. Then he explored in exquisite detail how we can consciously and actively participate. The final meditation of this seminar was an incredibly powerful one, and many of us wanted to have it so we could do it over and over again. Recorded here, Lazaris again speaks of the value and power of active and conscious participation: we are part of the mix; we are part of the equation of success and the New World. We count; we matter. Following the newly recorded discussion is an excerpt from the San Francisco weekend where Lazaris discusses five of the seven ways to actively participate: *Building our Buildings*, *Disarming and Dismantling the Negativity*, *Hearing the Music*, *Cresting the Wave/Dawning the Light*, and working with our *Great Awakening Crystal*. It is a delightful, profound discussion. Then Lazaris recorded the Cresting the Wave Meditation ... the meditation that concluded the Culminating Weekend of that year. It is a meditation you will cherish for so many years to come. The meditation is recorded on both sides of the second tape so it's easy to use over and over again.
