*Belonging: You can heal love's pain – the pain of separation – and you can assuage love's fear – the fear of loss.*

*You can love in ways you can only yet hope and imagine; you can work magic and change your reality in ways that only belonging can bring.*

*Come. The journey, the adventure, is not complete. Come. Let us love and laugh together as you expand the gifts of belonging.*

*– Lazaris*

Midnight blue gives way to the electric blue just before dawn. Motionless, we wait under the quiet canopy of sky. Out of their counsels and gifts, we have already received so much from the Ancients, but our journey – our adventure – is not complete.

So many changes, so much happiness and success ... Our lives have become enriched; our love is more radiant; and our spirituality is exuberant with vitality. We question ourselves: Are we wrong or unappreciative to want or to expect more?

So many opportunities, so much love and magic ... We can lift to new levels of living and loving; we can reach new dimensions of magic and miracles. And so we counter: To turn back now would lack gratitude and would fly in the face of love.

So still, we wait under the quiet canopy. The Ancients come.

The Ancients can bring us growing and expanding success in our world – bountiful creation with a new domain to our magic. They can stir and embellish our dignity and freedom; they can fill us with renewed hope that is alive with expectation, anticipation, and mystery. The Ancients can empower our destiny and bring us triumph even when it seems victory is outside our grasp. We know this; we have experienced their gifts before.

And now the Ancients bring us another miracle: the gift of belonging. We can receive this gift and uncover treasures of inner knowing, inner wisdom, and the wherewithal to generate monumental change in our reality.

# Expanded Gifts of the Ancients: The Mystery, Magic, and Miracle of Belonging

Continued from previous page ...

As Lazaris points out, we can heal love's pain – the pain of separation – and we can assuage love's fear – the fear of loss. We can align ourselves with the most beautiful and elegant within our spiritual journey: Coming Home.

Lazaris has created a summer's intensive of incredible proportion and of masterful and magical design. Enmeshed in the resonance of these three or two days, we can receive the gifts of the Ancients: We can receive the power of belonging and develop technique to create and manifest mystery, magic, and miracles for us and for our world.

We are ready. We do deserve. And if not us, who? And Lazaris, as always, is there for us as he works his magic and infuses us with his love. This

is an intensive that none of us will want to miss. As the year of expansion enters its second half, triumph is at hand.

*Evening with Lazaris:*

## *Healing Our Alliances of Love*

*Thursday Evening, August 14, 2003, 7:30 – 11:00 p.m*

When our alliances of love are mended and restored, familiar and unfamiliar means to achieve the bounty and autonomy we seek seem to open; excellence abounds. New methods of gracious giving seem to appear; elegance unfurls. Inventive or innovative ways of actively participating in living the loving, magical life we desire seem to come as if out of the blue; we thrive.

With healed alliances of love, we can find the celebration and triumph of more happiness and joy and of greater love and deeper loving. We can find the greater peace that hitherto seemed beyond our grasp. We flourish.

We know of forgiveness, and we have forgiven. We also know of pain out of our old psychic contracts with the past, and we have broken those contracts. Many of us have healed the hitherto unknown and unspoken that had remained in disrepair. We have experienced the liberating freedom that came from forgiving, breaking, and healing.

Yet, for so many of us there remain our personal alliances with love. They remain in disrepair or broken; they remain tattered, frayed, or disconnected.

*Somewhere between the joys and pains you have known, somewhere within the folds of the forgiveness you have received and given, there is a mysterious elixir of love's magic.*

*Come. Let us find it together as you allow its bounty to unfold.* – Lazaris

It is time to mend. It is time to heal.

Lazaris builds upon what we have known of pain and loss, and upon what we have experienced of forgiving and healing. Emerging from the mix: mystery; out of the mystery: power and resolve. Lazaris will teach us specific techniques. And then the magic can happen.

Together with Lazaris, we can mend and heal; we can restore and renew what has remained broken of our alliances of love. We can find that greater peace. With abounding excellence and unfurling elegance, we can thrive; we can flourish.

Welcome. ...

## *At Rainbow's End: Creating Reality as Never Before (Evening Only)*

This workshop was designed for those among us who are newer to working with Lazaris and who missed the earlier workshops where conscious reality creation magic was the primary focus. In this back-to-the-basics exploration, so much of our current work becomes empowered. Our magic as well as our creations/manifestations can become stunning and astounding.

It was also designed for those among us who are well seasoned in our work. We explored such magic long ago, but with all that we have learned and in all the ways we have grown and changed, our observing and measuring devices ... the ones we used then when we first explored this magic ... are different now. With new observation, the idea that became a truth can be understood, known, and lived in new expanded ways. Our magic and all that attends it can also become stunning and astounding.

Whether new or well seasoned, some of this journey that is both back to the basics for some and brand-new for others will involve exploring and working with the Stuff of Reality Creation, the Dark & Light Matrix, and the Fundamentals of Processing & Programming.

This evening-only recording includes a powerful meditation to begin healing our errant chemistry and mechanics that still stand in the way of our success and happiness – that still stand in the way of fully accepting that we are loved and of being more loving in the living of our lives. It includes a mind-melding with our inner child. Meditation, *Mind-Meld with Our Inner Child*, included.

## *Calling of Miracles*

Our dreams and visions can manifest with less struggle and less suffering; they can hold greater significance and value. With our grace as spiritual beings, metaphysicians and magicians, and with a subtle air of majesty, we can lift out of the mire of fixing and curing into the realm of changing and healing. We can change; our world can change. So much can come from the calling of miracles in our reality and in our world's reality. A working of spirit, a working of science, Lazaris begins this enchanting exploration with a review of the components – the constituent voices – that lift events to the levels and octaves of being miracles. With a better understanding of the nature of miracles, Lazaris briefly outlines the pools of personal resistance to allowing them. A foundation laid, Lazaris then details two delightful rituals: *The Ritual of Remembering* and *The Calling of Miracles*. The first ritual, a gift of our ancestry; the second magical working is a gift from the Ancients and Shining Ones of Sirius. Wherever the origin, each has specific and timely application in our lives and in our world. The evening's meditation is a touching rendition of *The Calling of Miracles*. This was a stunning evening ... a magical night captured in this recording.

## *Reaching for the Stars*

Reaching beyond the sludge and briar of our past, we can touch our stellar tradition. Reaching beyond the seductions and fears of our fantasies, we can touch our shining futures. And somewhere in between what was and what will be, we can begin reaching for the stars. During this amazing evening, Lazaris begins our exploration by examining what it means to reach for the stars. He speaks of more joyous success and profound happiness as well as of profound compassion and joyous knowing. He speaks of greater value and greater presence along with greater loving and healing. To achieve these qualities that are also the components of reaching, we need new and expanded technique. After a cursory review of the success cube, image/identity, and the mystery of our choices, Lazaris offers a step-by-step exploration of four distinct and profoundly powerful techniques: *Enriching & Embellishing Identity/Image*; *New Dimensions of Success Cube*; *Mystical Choice* and *Expanding Love's Domain*. Each technique is vibrant. Each overflows with the essence of magic. Meditation included. 2½-3 hours ... \$24.95 plus shipping/handling/tax [CD or cassette]

## *Co-Creating with the Archetypes*

***"The time is ripe and only getting riper; you are ready and your readiness only increases."* (Lazaris)**

This magical excursion begins as Lazaris explores the value of co-creation. It is key to magical workings; it is critical to exploring Oneness; and it is vital to creating the positive future and the New World now destined to be. The journey deepens as Lazaris talks of the objective Archetypes – the "formless forms" that God and Goddess use to create all that is. From the objective Archetypes we begin to understand our personal archetypes – those objective Archetypes with whom we are destined to work and with whom we have a unique relationship of success. And then there are the private archetypes of our design. The discussion deepens as Lazaris lays out a step-by-step process to Initiate Co-Creation Magic. After a powerful meditation, the evening concludes as Lazaris offers ways to find our private and personal archetypes and how to work with the magic of the objective Archetypes. The techniques include: The Magician's Mound, Crystal Workings, the Elixir of Dreams, and The Valley of Giants. This is another exceptional evening with implications and potentials far beyond anything words could describe. Essential for the serious magician. Meditation included: *Initiating Co-Creation in the Valley of Giants*. 2½-3 hours ... \$24.95 plus shipping/handling/tax [Cassette only]

## Rekindling the Thrill: The Magic of Enthusiasm

Enthusiasm, an excitement imbued with the divine, is a lost art. It is seminal to being fully conscious and awake, to our longevity, and to fulfilling our destiny. It is key to our passion and our ecstasy. When we can rekindle the thrill, enthusiasm can, once again, become a mysterious force within our repertoire of magic. Greater happiness and joy ... a greater love and greater living ... can be ours. Lazaris explores what rekindling the thrill can mean to our pleasure, our passion, and our destiny. He shows how thrill plays a profound role at the core of power. As well, thrill can be a critical part of our long and happy life (longevity), our "best yet" future, and our sacred sense of dominion and divinity. Then Lazaris takes us upon a delightful journey to discover where we can find the thrill – where we can find the thrill we once had and where we can find the thrill brand new. From the messages lost within our old hidden agendas to the messages from the Muse, we can find, rekindle and make new. We can find within the antidotes our substitutes for expectation, and within our enemies of choice, we can find the hints and clues of where to search for our personal thrill and the enthusiasm that accompanies it. Then we can look into the peaks of our love and into the troughs of our past. Often we did not lose the thrill: It was stolen. The pain and trauma that we once knew may well have stolen our thrill as well as our dreams. Within the field of force of our love, we can heal that old pain and remove its scars. We can find the thrill we once knew. Lazaris concludes his discussion with techniques for working with crystals – calcite and apophyllite. He talks of techniques to involve working in *The Liminal* and with working with the seven Underlying Truths of 1998. A profoundly beautiful and powerful meditation, *The Sacred Place of Enthusiasm*, is included.

## Healing the Broken Alliances: Finding Peace

When magical alliances are mended and restored, familiar and unfamiliar means to achieve the bounty and autonomy we seek seem to open. New methods of gracious giving seem to appear. Inventive or innovative ways of actively participating in living the loving, magical life we desire seem to come as if out of the blue. During this magical discussion, Lazaris lays the groundwork for healing our broken alliances by exploring what can come from such work: We can open another doorway into the realm of mystery and we can find an elixir of love's magic. And there is so much more. Healed alliances can be a tether for entering and returning from the depths of mystery and from the heights of magic. Mended alliances can lead to clear avenues for dealing with the grand mystery: Our future. With such work, we can sharpen our magic, create greater abundance and prosperity, and heal our pain in new and more productive ways. In a cursory discussion, Lazaris points out the dynamics of our mystical alliances that are there with birth, but that get broken in the function of living life. From the dynamics of alliances, he moves to work with the dynamism of broken alliances: What goes wrong when these alliances break. With this groundwork, we can build a foundation for healing these all-important alliances. Lazaris concludes the discussion with techniques that include *Interlude with the Ancients*, *Healing Bonfire (Good Fire)*, and *Elixir of Love's Magic*. During the meditation (included on the recording), Lazaris guides us to healing our broken alliance with our Higher Self. It is truly a magical and mystical experience that goes beyond words. Meditation included: *Elixir of Love's Magic*.

The people on this crystal emailing list will receive digital photographs and descriptions of the current crystals being offered right in an email. These crystals are also sometimes offered on the website ... but first they are sent only to those on the email list.
