The Lazaris Weekend

Orlando, FL ... February 2 - 3, 2002

Gift of the Ancients: The Miracle of Belonging

Belonging: You can heal love's pain – the pain of separation – and you can assuage love's fear – the fear of loss. You can love in ways you can only yet hope and imagine; you can work magic and change your reality in ways that only belonging can bring.

Come. The journey, the adventure, is not complete. Come. Let us love and laugh together as you receive the gifts of belonging.

– Lazaris

Midnight blue gives way to the electric blue just before dawn. Motionless, we wait under the quiet canopy of sky. Out of their counsels and gifts, we have already received so much from the Ancients, but our journey – our adventure – is not complete.

So many changes, so much happiness and success ... Our lives have become enriched; our love is more radiant; and our spirituality is exuberant with vitality. We question ourselves: Are we wrong or unappreciative to want or to expect more?

So many opportunities, so much love and magic ... We can lift to new levels of living and loving; we can reach new dimensions of magic and miracles. And so we counter: To turn back now would lack gratitude and would fly in the face of love.

So still, we wait under the quiet canopy. The Ancients come.

The Ancients can bring us growing and expanding success in our world – bountiful creation with new domain to our magic. They can stir and embellish our dignity and freedom; they can fill us with renewed hope that is alive with expectation, anticipation, and mystery.

The Ancients can empower our destiny and bring us triumph even when it seems victory is outside our grasp. We know this; we have experienced their gifts before.

And now the Ancients bring us another miracle: the gift of belonging. We can receive this gift and uncover treasures of inner knowing, inner wisdom, and the wherewithal to generate monumental change in our reality.

As Lazaris points out, we can heal love's

pain – the pain of separation – and we can assuage love's fear – the fear of loss. We can align ourselves with the most beautiful and elegant within our spiritual journey: Coming Home.

Lazaris has created a February weekend workshop of incredible proportion and of masterful and magical design. Enmeshed in the resonance of this weekend, we can receive the gifts of the Ancients: We can receive the power of

belonging and develop technique to create and manifest miracles for us and for our world.

We are ready. We do deserve. And if not us, who? And Lazaris, as always, is there for us as he works his magic and infuses us with his love. This is a weekend that none of us will want to miss. As the new year of creation and manifestation gets underway, triumph is at hand.

Welcome ...

Bountiful Creation: Abundant Success and Beyond

Friday, February 1, 2002 7:30-11:00 pm

Locked deep within you lie the potentials of untold abundance. Even as you know so much of creation and of success, it is time, during these building years, to reach beyond and lift beyond – it is time to explore bountiful creation.

Oh, yes, the opportunities wait, ready to flow into your life and your world. Come. Let us love together; let us lift a light and learn of success, of abundant success, and then let's lift beyond.

Bountiful creation: With it you can live a rich and full life as never before. We love you so.

– Lazaris

If only we had more abundance ... We have so many dreams ready to manifest and so many visions waiting to be fulfilled. We have so many ideas and plans to implement. There is so much more happiness brimming with success and joy that could be – that we feel should be – ours. If only ...

As Lazaris points out, we already know so much of creating success, happiness, and joy. In so many ways, our hearts are full of dreams of so many incredible and beautiful things that we want to do and to have for ourselves

and for our world. No longer is it for lack of desires and dreams that such success still eludes us. For so many of us, it is now not having enough of the abundance we want.

Lazaris has designed an incredible and magical evening just for us who are so ready to create and to tangibly manifest more abundance. It can be mysterious and magical; it can be pragmatic and tangible. Our abundance can suddenly be more-real; it can suddenly be wondrously and amazingly very-real.

Welcome to an evening none of us will want to miss. The opportunities wait and Lazaris is there for us. He is waiting, too. Welcome to the magic ... to the magic that Lazaris creates with his love and with his depth of caring for each of us. Welcome ...

The Lazaris Weekend

Orlando, FL ... February 16 - 17, 2002

The Joy of Right Living: Crafting the Future & Creating the Present

More of what we dream for that “some-day” that we call our future can become ours now.

We know that right choices are those choices that increase our individuality, our complexity, and our human grace. Lazaris will build upon this foundation, offering additional components and qualities that can lift right choices into a vibrant experience of *right living*. Yes, more of what we dream for our future can become ours now.

When we can pierce the veils of mystery that cloak our multiple and specific futures, so much more can be within our grasp. In the joy of *right living*, we can find new and invigorating motivation for our growing and changing. We can spark richer momentum for our evolving. As well we can uncover pro-

Of what you are becoming, you can be. The secret lies in the sacred depth of mystery.

We wait for you at the loving edge of your reality. We invite you with our love: Come let us explore and see more of who you can be.

– Lazaris

found sources of greater and more meaningful healing.

The nature – the grace – of our magic and its workings can flourish beyond its current bounds. Within the joys of *right living*, we can craft our futures and more consciously and more actively participate in crafting our world's future as well. Out of the power and magic of mystery, we can make our current lives more powerful and more magical.

Lazaris has designed another intriguing workshop that begins with a brief review of how to craft the life we have always wanted and quickly expands to combine these skills with both the power of the future and the deepening rapport with our future selves. Then, in ways that only Lazaris can, he will show us specific new techniques to lift skill, power, and rapport to levels of mastery and magic.

The Joy of Right Living:

Crafting the Future & Creating the Present

continued...

Step by step, not only can we experiment with and experience crafting different futures, but also we can experiment with and experience different *kinds* of futures.

The mystery deepens as Lazaris works with us to develop an *Organic Matrix of Futures* that is composed of various kinds of personal *right futures*. This Organic Matrix can become a guide or measuring device for

empowered decisions and choices about current and future directions in our lives. As we craft a series of right futures, we can create a more abundant and prosperous right present.

Welcome to a magical and loving weekend with Lazaris. Welcome to a weekend with a grand sweep of possibilities and potentials limited only by our will and imagination and bounded only by our love.

An Evening with Lazaris

Power Manifest: A New Domain of Magic

Friday, February 15, 2002 7:30-11:00 pm

A poignant touch can become an endearing and lasting embrace. Oh, dear one, beyond the chance encounter, you can develop a relationship with the Ancients.

Your life can glow with wonder and awe; your power – demonstrable and intense – can expand and deepen: profoundly obvious in its depth, touch, and reach.

– Lazaris

While so many in our world are beginning or continuing to seek the purity and clarity of creating and manifesting, we are reaching for newer and grander dimensions. We are upon an exciting and intriguing journey of taking creating and manifesting to new levels and new octaves.

Lazaris will gather with the Ancients and create an evening of extraordinary magic. We may not be able to describe the magic that Lazaris will work, but we can receive it. We can also receive - learn - techniques specifically designed to augment our current power, to stabilize and sharpen our strengths, and to tone our power and strength with outward success and inward triumph.

We can create a new domain of magic as we work with taking our power - our power that we know and our power yet to be unfolded - to a newer and grander dimension . . . as we learn to take our power to new levels and new octaves.

Somewhere between the laughter, light, and wonder of the discussions, new techniques, and meditation, we can renew and lift our ability and willingness to act and our enthusiasm and love for working magic higher and further than we thought possible.

Welcome to another unforgettable evening with Lazaris.

Global Magic: The Next Level of the Great Work

Excerpts from the August, 2001 Lazaris Intensive [without Meditations]

[click here for sound clip](#)

This tape includes beautiful as well as empowering discussions of the basics of Global Magic. This magic begins with applying the magic we know to world events and issues, but it is so much more. Beyond the obvious words “global” and “magic,” there is a precious and rare magic that, out of the glow of enlightenment, we are ready to explore. This recording includes the Friday morning session where Lazaris introduces the concepts of Global Magic and where he lays out the process of preparation and illumination that leads to initiating Global Magic in our reality. This audiotape also includes the Saturday morning session as Lazaris annotates the particular step-by-step energy involved in becoming a Global Magician. We learn of establishing our personal magic and its mantle as we do our mystical workings. We enter the realm of mystery with healing and loving as we are carried into the Grace of Mystery. A different kind of loving and healing happens in that mystery and its grace. Next

come our magical workings of global magic as we then conclude the process with establishing our global magic and its mantle.

Though there are no meditations or magic times included in this powerful excerpt, it is an excellent map and reminder for those who participated in this magical working as well as for those who could not be there. #650

Activating the Initial Source of All Magic

[click here for sound clip](#)

This tape discussion by Lazaris, which at first may appear as only an esoteric exercise, can become a powerful magician's tool that can enhance our lives and our loves. We can access the "primal seed" imprinted in our personal Cosmic Memory as well as the "divine seed" gifted to us by God/Goddess/All That Is.

We are magicians and we know magic and its workings. Likewise, we are successful in our endeavors. By activating the initial source of all magic, our workings and our successes can be lifted, even catapulted, to exciting new levels. Such activation can be as a quantum leap. We can stand with new dimensions of achievement without fully knowing what we did, how we did it, or how we got there.

It can be a grand mystery and it can be a great secret to our success. We can access Cosmic Memory and then we can apply specific techniques to activate it – to awaken this august Memory within us and within our magic. What a marvelous way to begin a year rich with the excitement and the reward of mystery. Meditation included. #646

Awakening the Mysteries:

The Secrets of Your Unconscious

[click here for sound clip](#)

On this tape, Lazaris works with us as we explore new and exciting ways to engage our Unconscious Mind. With specific techniques, we can more effectively harness its immense power as an active agent – a dynamic participant – as we create more of what we truly desire and as we move forward, continuing to grow and change. As we explore, we can also awaken new and exciting energies and forces lodged deep within our unconscious. We can access hidden and lost secrets – esoteric mysteries and truths – that can generate immediate as well as profound, long-lasting change in us, in our lives, and in our world. We can combine the harnessed power and the accessed mysteries, and our success can be richer and more fulfilling. Our magic can come more alive as it opens the way to creating even more of what we truly want. Our happiness, our joy, and our love can exceed their previous bounds. Lazaris reviews the *Gateways to the Unconscious* and the *Focal Points of Engagement*. In ways that only Lazaris can, he guides us into the uncharted terrain of our unconscious. He shows us how to find our way to those untold treasures and unspoken truths. We can awaken the mysteries. Among the many mysteries, we can awaken the mysteries of love. And we can be forever different. Meditation included. #648

Embracing Your Legacy of Love

[click here for sound clip](#)

Our personal legacy of love defines so many of our relationships in life. That it defines our loving relationships seems obvious. But our legacy of love says so much in defining our relationship with

success and happiness, for example. Its voice speaks loudly in defining our relationships with magic, with freedom, and in defining our overall relationship with living a rewarding and meaningful life. During this powerful evening workshop, Lazaris explored the seven components – the seven benefactors – that contribute to our legacy of love. From our biological heritage (the yoke we accept) to our spiritual heritage (the mantle we denied), there are the following components: Childhood Twisted Love, Adolescent Fantasy Love, the Wounded Soul, and then the Grown-Up Manipulative Love and the Matured Abandonment Love. Lazaris further explored how our legacy of love sets the dimension of love in our lives and how it alters our patterns of living life. The legacy we received from our personal benefactors can be changed so that the legacy that we live and that we then give to our future can be more positive and more productive. Lazaris offered means for transmuting and transforming the energies and forces of our legacy received so that our legacy lived and given can be so much more. He then focused on four distinct ways of involving our new legacy of love in the working of magic and in the living of a rewarding and meaningful life. The recording includes an incredible meditation. #651

Engaging the Mysterious Magic of Claiming and Demanding

[click here for sound clip](#)

In many ways, all magic is mysterious. Lazaris outlines how Claiming/Demanding Magic is uniquely so. We cannot just mouth the words; we need to learn the skill of claiming, and we need to develop the art of demanding. This magic is a “self-secret,” revealing itself to those who can see with other than their eyes. Lazaris explores the Paradox of Right Action, for it is here that the power of this mysterious magic lies. Within this paradox we confront the negative ego seductions of entitlement, vindication, and greed as we encounter the positive Self's opportunities of empowerment, righting of wrongs, and altruism. Beyond traversing this maze, Lazaris guides us to the various components that provide the foundation for claiming/demanding that can be truly magical and profoundly powerful in our workings of magic. This discussion includes the step-by-step explanation of the *Ritual: Skill of Claiming* and of the *Ritual: Art of Demanding*. Following an intriguing meditation, Lazaris concludes this workshop with specific techniques to ground and apply this mysterious magic so that we can make it a part of our magic. #652

Healing the Broken Alliances: Finding Peace

[click here for sound clip](#)

When magical alliances are mended and restored, familiar and unfamiliar means to achieve the bounty and autonomy we seek seem to open. New methods of gracious giving seem to appear. Inventive and innovative ways of actively participating in living the loving, magical life we desire seem to come as if out of the blue. We can find the celebration and triumph of more happiness and joy and of greater love and deeper loving. We can find the greater peace that hitherto seemed beyond our grasp.

We know of forgiveness. We have experienced its incredible force as well as the practical and magical changes that can come of it. We also know of pain out of our old psychic contracts with the past. Likewise, we have also experienced the liberating freedom that comes once we have broken those

debilitating ties. Yet, amid the muddle and chaos of what needed forgiving and of what brought about the pain, certain unknown or unspoken alliances were and still remain in disrepair. Alliances within us and with our Unseen Friends or alliances with our Higher Self, our Soul, our Spirit or with God/Goddess/All That Is may have been broken. It is time to mend. It is time to heal. Out of pain we can find our *beautiful sadness and remorse*. Out of forgiveness we can find our *myth and mystery*. Together with Lazaris, we can mend and heal; we can restore and renew what has remained broken of our magical alliances. We can find that greater peace. Greater abundance and more meaningful prosperity can be ours. Meditation included. #649

Loving God/Goddess/All That Is:

A Divine Mystery (Evening Only)

[click here for sound clip](#)

We can love more deeply and more profoundly than we thought possible. We can heal old and recent wounds for ourselves and for our world. Our love and healing can lift and expand, changing us as never before. Their breadth and depth can change our world as not yet imagined. We can discover the wonder of being in love with God, with Goddess, and of being in love with All That Is. All that we are – that we truly are – can shine more brilliantly than it has ever shone before. Lazaris will be with us as we awaken our human/spiritual grace and as we craft our co-creation skills. He offers new techniques, and with our permission, he will work a bit of his magic. With Lazaris at our side, we can enter this Divine Mystery and so much of what we seek can more completely come into focus. We can find the greater love and intimacy and awaken the personal mysteries in our lives. We can heal our broken alliances and live a more powerful life with greater magic and greater love: We can rejoice in and celebrate the presence of God/Goddess/ All That Is. In the confluence of so much of our magics, we can fall in love all over again; we can stand in love, confident and sure. We can change, becoming more ... being more ... so much more. Standing Empowered with the Ancient Ones

[click here for sound clip](#)

Their grandeur is wrapped in mystery. Ancient Ones are the weavers of truth. They weave truth into knowing and create treasured gifts of profound change. Such is the nature of their mystery; such is their grace. Come. Stand with the Ancient Ones; wrapped in your mystery, weave your truths, and your world can change in ways you cannot explain. Yes, we love you so. – Lazaris

On this tape Lazaris lovingly guides us through another portal of mystery that stands with the several other doorways we have explored this year. Yet this wondrous entry also stands alone in its incredible power and profound capacity to change us and to brighten our world: Hope, enthusiasm, and joy can abound. As we come to stand with the Ancients, our love can leap and our happiness can soar. New vistas, new horizons, and new futures come into view. And out of the mystery of our work, the methods and the means to create and manifest new dreams and new visions can become clearer and more accessible. We can expand the sweep of our current success, and we can enliven and enrich our lives beyond compare. And in this new exploration we can awaken a special love and work magic – beautiful and fulfilling magic. With an extraordinary and magnificent meditation. #653

Unlocking and Receiving

Greater Love & Greater Intimacy with Your Higher Self

[click here for sound clip](#)

We know love, and we have experienced how much we do love. And yet, no matter how much of our own love we know, we also realize that much of our love remains lost, needing to be reclaimed. And when we do reclaim our lost love, even more of our love flows into that mysterious reservoir – that reservoir of our love waiting ... waiting to flow into our reality and into our world. So it is with our Higher Self's love for us. As much as we know of it, even more remains unknown, remains locked away, waiting to be released. Lazaris accompanies us upon a treasure hunt for love. Along the way we learn of *exquisite moments of discovery* and of *exquisite moments of knowing*. We remember *mystical unions* of love as well as the *mystery of love* along with the *abundance and prosperity of love*. As our hunt continues, Lazaris shows us how to lay a solid foundation with four specific cornerstones that can lead to the keystone that we seek. The techniques are so clear as they focus around how to make, work, and touch to unlock this greater love. Powerful meditation included. #647

♻️ *Activating the Initial Source of All Magic*

[click here for sound clip](#)

Lazaris begins with a powerful statement: "This year can be a great year of stellar success where realities change and where opportunities come to pass with magical elegance and ease." He continues, "It can be a year of exceptional and extraordinary success and happiness, of exceptional and extraordinary love, and of exceptional and extraordinary wisdom and knowing. It can be all this and more . . . or not." The major keys to the kind of year we create lie in how we relate to mystery and in how we go about making mystery. We begin by exploring the initial source of all magic: Cosmic Memory. Lazaris talks of the awakening of the magician in each of us and of how it is a time of maturing that magician to create a more compassionate, more responsible, and a more just reality for us and for our world. After defining Cosmic Memory, he discusses four specific ways to encounter that august and ancient realm: *Foundational Approach*; *Gateways to Unconscious Presence*; *Imaginal Realm Procession of Symbols*; and *The Right Path*. Following a profoundly powerful meditation, Lazaris concluded the evening talking about how to activate Cosmic Memory as we work our magic. These techniques include such things as developing the *Skill/Art of Accessing Cosmic Memory*, finding a *Tangible Symbol of Mystery* or an *Audible Symbol of Mystery*, and working with our *Personal Myth & Mystery*. This is a rousing evening of wonder and magic.

♻️ *Healing the Broken Alliances: Finding Peace*

[click here for sound clip](#)

When magical alliances are mended and restored, familiar and unfamiliar means to achieve the bounty and autonomy we seek seem to open. New methods of gracious giving seem to appear. Inventive or innovative ways of actively participating in living the loving, magical life we desire seem to come as if out of the blue. During this magical discussion, Lazaris lays the groundwork for healing our broken alliances by exploring what can come from such work: We can open another doorway into the realm of mystery and we can find an elixir of love's magic. And there is so much more. Healed alliances can be a tether for entering and returning from the depths of mystery and from the heights of magic. Mended alliances can lead to clear avenues for dealing with the grand mystery: Our future. With such work, we can sharpen our magic, create greater abundance and prosperity, and heal our pain in new and more productive ways. In a cursory discussion, Lazaris points out the dynamics of our mystical alliances that are there with birth, but that get broken in the function of living life. From the dynamics of alliances, he moves to work with the dynamism of broken alliances: What goes wrong when these alliances break. With this groundwork, we can build a foundation for healing these all-important alliances. Lazaris concludes the discussion with techniques that include *Interlude with the Ancients*, *Healing Bonfire (Good Fire)*, and *Elixir of Love's Magic*. During the meditation (included on the recording), Lazaris guides us to healing our broken alliance with our Higher Self. It is truly a magical and mystical experience that goes beyond words.

Joy is an emotion rich with a swirl of thoughts and feelings. Hope is a state of mind alive with mystery and mysticism. Together, hope and joy generate a chain reaction alchemy that can lift our magic and lift our lives to new heights of wonder and success. During this magical evening tape, Lazaris explores the value of this special magic of hope and joy, and he explains what has happened to each in our current world – within our consensus reality. Then he offers a powerful view of how the alchemy of renewed hope and joy can truly change our life. Lazaris talks of the evening as a defining moment in the development and maturing of our magic and in the unfolding of dominion in our lives and in our world. Midway through the discussion, it becomes excitingly clear: Hope and joy hold an incredible magic. Lazaris then offers us an array of techniques to bring hope and joy and its magic into our lives. Such techniques include: *Dreaming Hope & Joy*, *Crystal & Talisman Technique*, and *Conscious-Unconscious Link*. The meditation, called *The House of Hope & Joy*, is stunning.

☛ *Integrity / Honesty*

These tapes are designed for much more than correcting character flaws about honesty and integrity -- though they will do that, for sure. They are about deeper levels of honesty with self and those who can be trusted with our vulnerability. And they are about the courage for the spontaneity that is required for true integrity. Whatever the source of our resistances to them, more integrity and deeper levels of honesty create a profoundly beautiful character in us that makes for a far more solid and secure pathway for our Spiritual Journey Home.

The Red Label Series is a very special series of meditation tapes from Lazaris. Each title contains two topics which work together, and for each Lazaris gives a days-on/days-off formula for listening which follows the pattern with which your subconscious works most effectively in creating change. Though they are not subliminal tapes, once you have listened to them consciously, many may be used at night while you're asleep. Each double-cassette title consists of two 30-minute meditations.

☛ *Passions Awaken: The Soul's Call To Adventure* [click here for sound clip](#)

Lazaris initiates an esoteric alchemy of combustion that can transform the fertile disorder of chaos into the creative elegance of passion, that can transform fear and anxiety of the Unknown into luminous inner guidance with greater meaning, greater significance, and thus greater value for each of us. On this tape, Lazaris clearly explains the boundless love, the unbridled enthusiasm, the insatiable yearning, and the unending longing that is passion. He shows us the essential role passion plays in our spiritual growth. It is a foundation of empowerment, integral in our Soul's voice, critical to hearing our *Soul's Call to Adventure*, and to responding to that Call. Lazaris explores what passion provides and how we have lost passion. And Lazaris defines precisely what our *Soul's Call to Adventure* is. The evening concludes with a series of esoteric techniques that involve working with our *Passion Stealers* and with the *Muse*. Also included are pragmatic techniques: *The Steamy Breath of Passion*, *Chronicling Passions*, *The Grace of Challenge and Competition*. He culminates with the *Bonfires of Passion Meditation*.

☛ *Choosing Your Own Lessons* [click here for sound clip](#)

We make a lot of assumptions about the lessons we learn. We assume that they are meted out by God/Goddess/All That Is or some karma -- rather than that they're chosen. We assume they mean we've done something wrong, and that being a better person requires more struggling and suffering. We certainly don't think we have the right to choose the lessons we learn. Lazaris begins by exploring all the misconceptions, helping us discover how some of our foibles -- and some of the lessons we have to learn -- may look like our negativity when they're really distorted versions of our inventiveness, creativity, self-reliance, passions, courage, commitment, and compassion. A four-phase journey helps us dispel our taboos against learning the positive, beautiful lessons and starts us on an exploration not of what's wrong with us, but of what's right with us. That, in turn, leads us to the realization that sometimes lessons repeat themselves not because we didn't reveal the bad stuff, but because we never unveiled the beauty within them. *No meditation*.
