The Lazaris Weekend

Orlando, FL ... June 14-15, 2003

Congress of Magicians: Evolving Dreams & Living Visions

We invite you to come with us to a sacred place ... a place where magicians gather.

We invite you to love with us ... to love enough to dream – to dream new dreams you've not dared dream before – and to be courageous enough to vision – to envision new visions you've not dared vision before. Come with us to a sacred place ... come with us to where magicians gather.

– Lazaris

Dreaming can bring a dazzling clarity and brilliant precision that can fill us with awe. Laser-like, visioning can illuminate our path and clear the way along that path, allowing us to embrace success and happiness that are ripe with wonder and joy. Dreaming and envisioning can create a standing wave of resonance with a radiance rich with power, more potent than we know.

Amid our successes and within our current dreams and visions, there are plateaus and pinnacles of happiness and joy. There are enchanting reflections of our powers and strengths. There are incredible expressions of our magic and spirituality. Yet there is still too much terror in the world,

and there are too many fears and pains in our realities.

Poignantly, whether in triumph or tumult, our world reminds us of who we are and of why we are here. Tenderly, we remind ourselves of our depths of compassion and of love. We care more deeply than sometimes we can admit, and we love more deeply than often we can know.

Lazaris has designed a stunning weekend of magic that can unfold miracles. Knowing who we are and why we are here, we respond to Lazaris' invitation. He invites us to a sacred place where magicians gather. He invites us to a Congress of Magicians. ... *(Continued on next page)*

Congress of Magicians: Evolving Dreams & Living Visions

The Lazaris Weekend

As the hours of this weekend expand into days, poignantly and tenderly we will work with our current dreams and visions. We will learn how to evolve those dreams and how to live those visions. And then we will dream new dreams, and we will envision new visions. We will work with the *Dominions of Unconscious Presence*, *Hidden Mysteries of Unconscious Futures*, and, in addition, with the *Creations/Manifestations of Archetypal Traditions*. Within this work: evolved dreams vibrant with light and substance and new visions vital with warmth, movement, and voice. We will change; our world will change.

Lazaris invites us to explore and to work with elegant vision in ways that we never would have imagined and to create levels of accomplishment and success that we never could have believed. We can be about the business of making the maps we are destined to make.

Dreaming can bring a dazzling clarity and brilliant precision that can fill us with awe. Laser-like, visioning can illuminate our path and clear the way along that path, allowing us to embrace success and happiness that are ripe with wonder and joy. Dreaming and envisioning can create a standing wave of resonance with a radiance rich with power, more potent than we know.

Welcome to an intimate weekend with Lazaris in a sacred place where magicians gather. Welcome to a weekend that can spark the expansion of even greater happiness, success, and joy for ourselves and for our world. What a wonderful way to continue another wonderful year of magic. Welcome ...

Evening with Lazaris:

Embracing the Exceptional in Us: Tending Soul, Enlivening Spirit

Friday Evening, June 13, 2003, 7:30 – 11:00 p.m

When you find that touch of soul and spirit ... that magical touch that is like no other ... there are rewards beyond words and gratification beyond description.

– Lazaris

The magic of these truths and of this knowing is not found in the content. The magic is found in the touch: We need to immerse ourselves in the resonance hidden or otherwise lost in those hushed depths and silent recesses.

Lazaris has created an evening that is a lyrical ritual designed to allow us that magical touch. It is a delicate and precise working of magic in which we can tend our soul and enliven our spirit in such a way as to generate and sustain a resonance – a standing wave – of extraordinary magic.

Then, wrapped in the energies and forces of the Exceptional, we can immerse ourselves within that resonance ...

Continued on Next Page

Within the hushed depths of soul there are hidden truths that are beautiful. They can inspire and exhilarate us. They can enchant and fill us with serenity. Within the silent recesses of spirit there is transcendent knowing that can grow and change us. Touched by such truths and knowing, we can expand our participation in the Great Work and accelerate our Journey: Coming Home.

Continued from Previous Page ...

... a resonance more powerful than the components that comprise it – and that magical touch can matter. It can change and grow us. We can expand, becoming more.

With greater precision, we can make new success and new happiness with greater ease and with more joy. We can intensify and expand our personal *Radiance of Resonance*. We can attract futures overflowing with treasures and gifts and with abundance and bounty.

On solid ground, we can stand up and take our place with majesty – with grace. Welcome to another poignantly magical evening with Lazaris. Welcome ...

Lazaris' Most Recent Releases

Reaching for the Stars [click here for sound clip](#)

Reaching beyond the sludge and briar of our past, we can touch our stellar tradition. Reaching beyond the seductions and fears of our fantasies, we can touch our shining futures. And somewhere in between what was and what will be, we can begin reaching for the stars. During this amazing evening, Lazaris begins our exploration by examining what it means to reach for the stars. He speaks of more joyous success and profound happiness as well as of profound compassion and joyous knowing. He speaks of greater value and greater presence along with greater loving and healing. To achieve these qualities that are also the components of reaching, we need new and expanded technique. After a cursory review of the success cube, image/identity, and the mystery of our choices, Lazaris offers a step-by-step exploration of four distinct and profoundly powerful techniques: *Enriching & Embellishing Identity/Image*; *New Dimensions of Success Cube*; *Mystical Choice* and *Expanding Love's Domain*. Each technique is vibrant. Each overflows with the essence of magic. Meditation included.

The Essence of Creation: Touching Personal Greatness (Excerpts)

On Sunday mornings of workshops, Lazaris explores how we can carry the magic and miracles of the workshop into the weeks and months that follow. This [click here for sound clip](#) recording of excerpts includes a discussion to work with *Reservoirs of Lost Creativity*, *The New Map of Magic*, *The Touch of Greatness*, and *Essence*. While talking of the *Reservoirs of Lost Creativity*, Lazaris offers us incredible insight into what happens to the creative person within our consensus reality as their creativity wanes, and insight into the suffering and struggling that most creative people endure in their unwitting attempts to retrieve that creativity. Of course, Lazaris offers an alternative to us who are magicians. Lazaris also details the use of the *New Map of Magic*. It is a powerful tool to work with the *Essence of Creation* and with *Personal Greatness*, and it is an incredible map for the workings of all kinds of magic. This discussion is a gem and is presented as an excerpt from the Culminating Weekend of 2002. No meditation. 1 hour, 20 min. ... \$19.95 plus shipping/handling/tax [CD or cassette]

The Essence of Creation: Touching Personal Greatness (Evening)

The culminating weekend begins with a powerful overview of where we have been during this Year of Creation/Manifestation and with a clear focus on where we are going in the years to come. Lazaris suggests that to work with the *Essence of Creation* and with the *Touch of Greatness*, we first need to retrieve what we have lost of our creativity. Then we need a sense of the sweep of personal greatness, and then we need a map ... a *Map of Magic*, that can guide us and that we can easily follow. During this evening portion of a phenomenal weekend, Lazaris lays out where we can find our lost creativity and he outlines the sweep of personal greatness. Using portions of each of this year's evening discussions, Lazaris creates a stunning *Map of Magic*. During this evening portion, he offers us all the steps we need. The ensuing days of this quest were rich with experience and magic; they were ripe with miracles. But the recorded evening of this quest holds all the essentials to repeat the journey or to begin a new exploration in earnest. The Friday evening meditation is included in this recording. Becoming an Artisan of Triumph

[click here for sound clip](#)

Triumph can transform success, no matter how large or small, into grand success that can be both magical and miraculous, and where achievements and accomplishments are exuberant with happiness and joy. Triumph, a standing wave of resonance more powerful than the components that comprise it, becomes an attractor and an anchor for magical and miraculous success. With the artistry of triumph comes the elegance of living an enriched life guided by the Divine within us and beyond us – guided by our soul, our spirit, and by God/Goddess/All That Is. Despite all that triumph can be and do, we fall short of its artistry and we have resistances to it: *Lack of Understanding/ Knowing; Negative Ego's Prattle; Distorted Perspective; and Jealousy/Envy of Others*. This fascinating discussion explores the unique qualities of triumph and our resistance to it. Then Lazaris unfolds specific ways to respond to the resistance and outlines several new techniques to both develop the craft and to become the artist of creating and manifesting triumph in our lives. Meditation, *The Art of Triumph*, included.

The Ways of the Ancients: Portals to the Future

[click here for sound clip](#)

This stunning exploration begins with a cursory review of how we are conditioned to “do the best we can” with the future that eventually becomes our reality. For so many within the consensus of our world, from childhood to old age, the future is always out there. It seems to be always out there waiting to get us, waiting to beat us, and waiting to defeat us. We can break this conditioned pattern and we can live a rich life of presence in the present. As magicians, we can do so much more. With a positive relationship with the future – with a productive alliance with the future – we can not only find presence in the present, we can tap an incredibly powerful and profound resource for the working and growing of our magic. One way to open the portals to the future is to develop rapport and magic with our future self. Another way, the focus of this uplifting discussion, is to develop the ways of the Ancient Ones. Lazaris continues this magical exploration by talking of who the Ancient Ones are and of the Gifts and Counsels of the Ancient Ones. He then offers an insightful and revealing explanation of their nature: The Grace of the Ancients. By understanding and knowing who the Ancient Ones are and by understanding their gifts, their counsels, and their grace, we can awaken Ancient Ones and their ways in our world. We can awaken the Ancient One in us – the Ancient One we once were and will be again. This audiobook concludes as Lazaris offers several techniques for opening the portals to the future. Among them: *The Gathering of Ancients, Oneness with the Ancients, Receiving the Counsel and Gifts of the Ancients, and Weeding & Seeding Futures in the Way of the Ancients*. A powerful meditation included: *The Gathering of Ancients*.

“Their grandeur is wrapped in mystery. They are the weavers who weave truth into knowing. They are the alchemists, exceptional and extraordinary. Wrapped in the tragic mystery of your time and in the wondrous mystery of yourself, you come in search of that grandeur and in pursuit of truths that can become knowing ... living knowing, good, true, and beautiful ... and of that magical alchemy that can change your world. You come to stand tall - to stand empowered – with the Ancient Ones. Welcome.” (Lazaris)

So begins a powerful exploration as Lazaris discusses the grandeur found in the Grace of the Ancients as well as Counsels and Gifts of the Ancients. Lazaris continues by unfolding the Story of the Ancients and the magic in the Presence of the Ancients. ...

Engaging the Mysterious Magic of Claiming & Demanding

In many ways, all magic is mysterious. Lazaris outlines how Claiming/Demanding Magic is uniquely so. We cannot just mouth the words; [click here for sound clip](#) we need to learn the skill of claiming, and we need to develop the art of demanding. This magic is a “self-secret,” revealing itself to those who can see with other than their eyes. Lazaris explores the *Paradox of Right Action*, for it is here that the power of this mysterious magic lies. Within this paradox we confront the negative ego seductions of entitlement, vindication, and greed as we encounter the positive Self’s opportunities of empowerment, righting of wrongs, and altruism. Beyond traversing this maze, Lazaris guides us to the various components that provide the foundation for claiming/demanding that can be truly magical and profoundly powerful in our workings of magic. This discussion includes the step-by-step explanation of the *Ritual: Skill of Claiming* and of the *Ritual: Art of Demanding*. Following an intriguing meditation, Lazaris concludes this workshop with specific techniques to ground and apply this mysterious magic so that we can make it a part of our magic. Resonance Magic: The Remarkable Power of Unconscious Presence

Unstoppable power.... somewhere within the midst of our magic, amid the many powers of magic at our disposal, there is a unique power that, once activated, cannot be stopped. Unstoppable success ... when we make the most powerful choices most consciously, our success can be both unlimited and unstoppable. The key to our unstoppable power and to creating unstoppable success lies within a precious and rare domain where our unconscious and conscious can become one: it lies within unconscious presence. Resonance magic is critical to utilizing that key; it is vital to accessing the unstoppable in our magic and of our success. During this exploration, Lazaris reviews resonance and resonance magic and clearly defines the *nine domains of unconscious presence*: the nine locations where our unconscious and conscious minds become one mind. Then he outlines and guides us upon a remarkable journey. It begins with *exploration* of necessity and chance, moves into *reflection* to step outside the Sets of Necessity and Chance. We then *enter* the liminal: that mysterious place and state “between.” Within the liminal, with *focus & release* we can empty ourselves of all thought and all feeling so that we can engage our mind beyond our conscious mind. Seeking *clarity & purity*, we reach beyond our unconscious mind to experience our truer self, to reside beyond self-doubt, and to be confident of our self-liberating freedom. Then we can experience the domains of unconscious presence. [click here for sound clip](#)

Working magic here ... our mystical power can be unstoppable; our successes can be unlimited and unstoppable as well. The evening’s meditation is truly a metaphysical treat. Meditation: *The Journey of Unconscious Presence* 2½-3 hours ... \$24.95 plus shipping/handling/tax

Activating the Magics:

Transcendence as Part of Daily Life

[click here for sound clip](#)

(Except from Lazaris Long Weekend Workshop: "Activating the Magics: Transcendence & Metamorphosis," Orlando, FL.)

It was Sunday morning when Lazaris began exploring how we can bring an esoteric magic into practical application. He reviews the gateways that can lead to transcendent states; he calls them the *Transcendent Gateways*. Some of the gateways: *Depth of Soul, the Unknown, Boundary Dwellers, Goddess Grove*. All of them can work; one of them can work most elegantly. Within and through these gateways, we can discover self-transcendent states, and there we can work magic that can be miraculous. From this foundation, Lazaris then suggests that we can amplify the working of our magic and improve our success if we create transcendent receptors in our personal reality. It is a powerful discussion, rich with insight, possibility, and potential; opportunity abounds. This tape (and "*Activating the Magics: Metamorphosis*") is a wonderful review for those who participated with Lazaris during that long weekend, and a wonderful guide for those who could not be there. There is no meditation in this excerpt.

Getting More Magic Out of Your Meditations

When we are in meditation, we are sure, beyond the shadow of any doubt, that we can create magic – that we can create unlimited joy and success. Then we exit to a world with only bits of magic in it, for we have left most of the magic inside the meditation. The purpose of this tape is to make sure that when we exit the meditation, we bring much more magic out of it than we normally do. Lazaris works in four phases with a *Magical Fire Technique*, a *Bubbles of Light Technique* that employs intricate color work, and finally a *Blending* in which Lazaris makes subtle adjustments to help us allow more magic to get OUT of our meditations – and into our reality. A fascinating tape with delightfully engaging techniques, and powerful results.

Lucid Dreaming: The Night's Labyrinth Revealed

[click here for sound clip](#)

Lazaris discusses spontaneous lucid dreaming – the kind we all can read about in the few books available within the consensus reality. He crosses the threshold of determined lucid dreaming into the unexplored realm of directed lucid dreams. He then explores what lucid dreaming can mean to living our dreams, to accelerating our growing and changing, to working with our love and will, and to the revelation of the mysteries of life. Lucid dreaming is much more than being conscious that we are dreaming; it can be a cornerstone in our new foundation of empowerment. Includes several techniques: *Beds of Lucidity, Lemurian Dreamer, Calling the Dream Keepers*. Additionally, it includes instructions for making a *Dream Machine* and a *Mobile of Dreams*. Lazaris takes us on a meditation – "Opening the Night's Labyrinth" – in which he and our Higher Self work upon our brain and neural pathways. We can open to the secrets still locked in the night.

Giving Voice to Your Soul: Greater Spiritual Depth

[click here for sound clip](#)

Once the Initiations of the Soul were conscious, the Soul's voice clear. But in a consensus reality which has reduced it to myth, the Soul, with its love, with its gifts, reaches us the only ways it can: through the enchanted moments and through the crises of our lives. On this tape Lazaris outlines the Seven Faces of the Soul – *the Name, the Power, the Eternal Youth, the Wounding, the Shadow, The Double, and the Remain* – and provides the means to create the Sacred Place where our Soul can talk to us. The meditation is a treasure: It creates a beautiful resonance in which the Faces of the Soul converge into one and speak to us. We see through their eyes the love God/Goddess/All That Is has for us. Lazaris completes the tape with a beautiful Blending.

Enhancing Visualization:

Allowing Your Meditations to Come Alive

[click here for sound clip](#)

A candle, a wedge of fruit ... When we use meditative and visualization techniques – with pre-set images designed ahead of time – we generally have the level of visualization we'll need to effect the manifestation of what we want. But when we enter free-form meditations of exploration, when we encounter the Unconscious, when we go to our Higher Self for answers, we need an enhanced level of visualization that transcends the one-dimension visualization of seeing and engages a multidimensional sensing. Lazaris gives a four-phase process using a candle and a wedge of fruit (accompanied by a music/communication meditation to use in all four phases) to bring our visualization to a level that can be relied upon in free-form explorations with our Unseen Friends and in the episodic development of our personal dream.
