A Lazaris Intensive (1+2)

Orlando, FL ... March 15 - 17, 2002

Beyond Mystery: New Adventures in the Imaginal Realm

Within the Imaginal Realm, beyond what you can consciously imagine or create, imagination imagines itself and creativity creates itself. From within this depth with its mystery, lifts a sacred magic that is alive. From within this realm with its mysticism, flows a magic that manifests itself. So many wondrous secrets yearn to be unfolded; so many awed treasures long to be discovered. Will you allow us to intervene? Will you allow us to open new and stunning windows to sacred magic and extraordinary success? We wait for you ... we love you so.

– Lazaris

Gently yet profoundly, within the domain of the Imaginal Realm, together with our Unseen Friends and Lazaris, we can work – creating and manifesting – with the sacred magic that can generate changes deep within our unconscious mind and in the recesses of our subconscious mind. Embracing more of the majestic in us and of us, we can emerge renewed and revitalized. We can emerge different than we have ever been.

Enveloped in Lazaris' love and caring for us, wrapped in Lazaris' presence and grace, and with Lazaris at our side, we can elegantly slip beyond the boundaries of our world and enter the Imaginal Realm. As we awaken that imagination that imagines itself and that creativity that creates itself, our reality and the reality of our world can dynamically and beautifully shift, lift, and change.

Miracles can abound. As we work that sacred magic that manifests itself, our happiness can soar to untold depths and to unspoken heights. Our success can become extraordinary. Our love can come alive with joy and freedom.

Beyond the initial inhibition and apprehension, the Imaginal Realm can become a phenomenal world of majesty and awe; it can become an unimaginable and unbelievable world that we know we could not have created alone. It can become a magnificent world responding to so many of our yearnings and longings – to so many of our dreams and visions. It holds so much.

Our truer powers and strengths often slumber in the Imaginal. The transcendent nature of our Future Self waits to be stirred and awakened. Our future waits for us to craft it into the present. Stockpiled in this sacred domain are

the stuff of beauty and ecstasy that can miraculously change us and our lives. There we can find the intimacy, the passion, and the inspiration – there we can find the loving, caring, and healing – to become, as Lazaris says, more of “who we once were and who we will be again.”

Lazaris is designing a profoundly beautiful new intensive. Slipping beyond the boundaries of our current world and then stepping beyond the mystery within the Imaginal, we can gently

yet powerfully discover a special peace and an uncanny knowing that can generate extraordinary success. We can expand and shift our horizons – expand and shift our world.

Welcome to another one of those journeys that seems to change everything. Welcome to another loving and magical excursion with Lazaris that joyously lifts us beyond our imagination and expectation. Welcome ...

An Evening with Lazaris

Reclaiming Your Dignity and Freedom

Thursday, March 14, 2002 7:30-11:00 pm

Lift your voice with dignity; lift your voice and be free. In this dawning of your day, be ready for invigorating new discovery. New creation is at hand; greater magic abounds. Miracles are waiting to manifest.

Lift your voice with dignity and be free. We love you so; we love you more than you can know.

– Lazaris

Come to share the magic and the joy of another evening with Lazaris. Welcome to another opportunity to seize the moment of new creation and new manifestation. We can build a new framework for being a more powerful and more successful magician.

We all seek new meaning and understanding of how to work the magic we know and of how to develop a newer magic just beyond our grasp. We all seek to seize the opportunities that this year provides to experience and know a whole new dimension, a whole new octave, of creating and manifesting in our lives and in our world. We seek ... but where do we find what we need?

The journey of this year began with bountiful creation and power manifest. Now Lazaris adds another powerful tool to our pursuit of that next level of creating and manifesting: reclaiming our dignity and our freedom.

Neither concept is new to us. Dignity: We know the merits of valuing ourselves, and we now live our lives with a new intensity and enthusiasm; we

have cohesive relationships with our souls, and our spirits are vibrant with light. Freedom: It has always been dear; now our freedoms – personal and global freedoms – are more precious than ever.

Beyond our familiarity, within the unexplored and unknown of our dignity and freedom, there are energies and forces that are amazing and astounding. They can lift us and catapult us to new heights – to new potentials and opportunities – of manifesting our current dreams and visions and for creating even more success and happiness beyond what we might envision.

As we reclaim our dignity and our freedom, we can also reclaim and build greater value, more intensity, and stronger character. We can build a new framework for being a more powerful and more successful magician. We can find greater connection with our souls and spirits and a more profound partnership with God/Goddess/All That Is. There is so much at hand. There is so much within our reach. Welcome ...

Bountiful Creation: Abundant Success and Beyond

If only we had more abundance ... We have so many dreams ready to manifest and so many visions waiting to be fulfilled. We have so many ideas and plans to implement. There is so much more happiness brimming with success and joy that could be – that we feel should be – ours. If only ...

As Lazaris points out, we already know so much of creating success, happiness, and joy. In so many ways, our hearts are full of dreams of so many incredible and beautiful things that we want to do and to have for ourselves and for our world. No longer is it for lack of desires and dreams that such success still eludes us. For so many of us, it is now not having enough of the abundance we want.

Lazaris has designed another incredible and magical evening tape – the first of the Evening tapes of 2002 – just for us who are so ready to create and to tangibly manifest more abundance. It can be mysterious and magical; it can be pragmatic and tangible. Our abundance can suddenly be more-real; it can suddenly be wondrously and amazingly very-real. Incredible techniques and meditation included.

We can love more deeply and more profoundly than we thought possible. We can heal old and recent wounds for ourselves and for our world. Our love and healing can lift and expand, changing us as never before. Their breadth and depth can change our world as not yet imagined. All that we are – that we truly are – can shine more brilliantly than it has ever shone before. Lazaris will be with us as we awaken our human/spiritual grace and as we craft our co-creation skills. He offers new techniques, and with our permission, he will work a bit of his magic. We can find the greater love and intimacy and awaken the personal mysteries in our lives. We can heal our broken alliances and live a more powerful life with greater magic and greater love: We can rejoice in and celebrate the presence of God/Goddess/All That Is. In the confluence of so much of our magics, we can fall in love all over again; we can stand in love, confident and sure. We can change, becoming more ... being more ... so much more. ♣ Greater Success:

The Forgotten Ally of Our Subconscious Mind

[click here for sound clip](#)

With this alliance, so much wonder can come to us. We can grow and change with elegance, excellence, and by magic. Lazaris begins with outlining the preparation: Hurdles to overcome and move beyond; Foundation of Self-Trust; Foundation of Connection with our subconscious self; and the Resonance of Knowing. Then Lazaris builds the "illumination" to strengthen our current relationship with our subconscious so we can initiate expanding that relationship to discover the potentials of alliance. During a powerful meditation, we greet our subconscious self and speak with our eyes; they guide us to the Forbidden Zone. Planting the seeds, an alliance can begin growing, building, and expanding. Lazaris includes specific powerful techniques to allow the alliance to become more real: Working with Crystals; Working with Amulets & Talismans; Working with "ash, seeds, and a basket, torus, and treasure chest" while in the Forbidden Zone.

and the way things are shaped. Lazaris explores this magnificent world, its relationship to the *Imaginal Realm*, its components of genius, self-worth, and the Soul. Slipping past the Objector/Protector, we engage an Ally and enter the *Place of Vision*. Lazaris uses a powerful meditation to show us how to create linked visions and interlocking visions – eventually to create Interlocking Visioning with others and Unseen Friends. What is born is a capacity for magical success – and for engaging the electromagnetic energy of visions for the metamorphosis of our species.

♣ *Harnessing the Power of Our Unconscious*

[click here for sound clip](#)

In this lively and fun discussion of the wonders and mysteries of our unconscious mind, Lazaris explores the *Power of Being Conscious*, the Mystery of Choice, and the alchemy of combining conscious power and mysterious choice. The result: an unstoppable force of magic. Lazaris lays the foundation as he discusses familiar access to our unconscious mind: Underworld and Causal Plane techniques are reviewed and programming and dreaming techniques are explored. Among them, Lazaris talks of the *Temporal Lobe Doorway*, the *Unconscious Programming Grid*, the *Pillars of Strength & Mercy*, and of the *Tonal Creation Manifestation Entry*. Upon the foundation, we add a precise resonance and we are ready to harness the power of our unconscious. Lazaris concludes this rousing discussion with four specific techniques including the *Focal Point* technique and the *Seven I's* technique. Wonderful meditation included.

♣ *The Ways of the Ancients: Portals to the Future*

[click here for sound clip](#)

This stunning exploration begins with a cursory review of how we are conditioned to “do the best we can” with the future that eventually becomes our reality. For so many within the consensus of our world, from childhood to old age, the future is always out there. It seems to be always out there waiting to get us, waiting to beat us, and waiting to defeat us. We can break this conditioned pattern and we can live a rich life of presence in the present. As magicians, we can do so much more. With a positive relationship with the future – with a productive alliance with the future – we can not only find presence in the present, we can tap an incredibly powerful and profound resource for the working and growing of our magic. One way to open the portals to the future is to develop rapport and magic with our future self. Another way, the focus of this uplifting discussion, is to develop the ways of the Ancient Ones. Lazaris continues this magical exploration by talking of who the Ancient Ones are and of the Gifts and Counsels of the Ancient Ones. He then offers an insightful and revealing explanation of their nature: The Grace of the Ancients. By understanding and knowing who the Ancient Ones are and by understanding their gifts, their counsels, and their grace, we can awaken Ancient Ones and their ways in our world. We can awaken the Ancient One in us – the Ancient One we once were and will be again. This audiobook concludes as Lazaris offers several techniques for opening the portals to the future. Among them: *The Gathering of Ancients*, *Oneness with the Ancients*, *Receiving the Counsel and Gifts of the Ancients*, and *Weeding & Seeding Futures in the Way of the Ancients*. A powerful meditation included.
