Evening with Lazaris, "Defining Moments of Love"

Sacred Remembrance: Lemurian Nights

Lemuria ... you have heard its call. Its music beckons you; you respond. It is your future: It is the bud waiting to blossom. It is the remembrance that you are Coming Home. As you seek the magic and mystery of union, Lemuria can be your bridge to the adventure of living, of loving and caring, and of healing. It can be your bridge to the endless discovery of who you really are. It is your bridge Coming Home.

You hear the music: You hear its call and you hear Her call. Listen to the harmony: Union is at hand. You are loved more than you can know, and we, oh yes, we love you so. – Lazaris

During this amazing time of anticipation in the Year of Union, it is time to deepen our visions and to strengthen our dreams. It is time to renew our vigor with even greater success and happiness replete with wonder and joy. As we enthusiastically seek union, we can awaken new dimensions of loving, of caring, and of healing. In the pursuit of union, we can reunite with what we have lost of ourselves, of our power, and of our magic. With awe and majesty, we can more richly create, manifest, and augment our strengthened dreams and deepened visions. With awe and majesty, we can change our worlds.

As incredible as it sometimes seems or as incredulous as we sometimes are, Lazaris reminds us ... With sacred remembrance we can deepen, strengthen, and renew. We can seek, and we can awaken. In sacred union we can uncover the awe and majesty. In the radiance of sacred remembrance and sacred union, we can change our worlds.

Lazaris invites us to gather with him and to gather with each other to create a mist of magic. Within this mist, we can find the sacred of remembrance and union. In that mist, we can cross that bridge into Lemuria.

Lemuria – the land that imagination forgot – is intricately woven and intimately embedded in the very fab-

ric of our being. Remembered or not yet remembered, it is a part of each of us. It is a part of our spiritual heritage and part of our tradition as Mapmakers, as Magicians, and as Dreamers and Dream Weavers.

With Lazaris' help, we each bring a "piece of Lemuria" with us. Lazaris, with his insight, love, wisdom, and magic will work with our vigor and enthusiasm, and he will work with our innocence and wisdom. Out of the mix: Together with Lazaris we raise a resonance that he calls and that many of us have come to know as Lemurian Nights.

Within the mist of the resonance – within the mists of Lemurian Nights – Lazaris will work with each of us, and we will find what of our power and what of our magic we lost or left in Lemuria. We can find what we lost of ourselves in the Lemurian Nights.

Through it all, we will discover for the first time or we will reunite once again with the poignant and beautiful essence of Lemuria, with what it truly means to us, and with how its mystery and mysticism can work magic in our current reality and in our present world.

Through the mists of the Lemurian Nights engulfed in sacred remembrance and sacred union we can actively give and receive. ...

Continued on Next Page ...

...We can awaken the innocence and wisdom to embrace and utilize new love and new caring. We can come face to face with our dignity and our phenomenal capacity to love. We can come face to face with miracles with which to manifest our visions and dreams and to move beyond them to create new visions and dreams. And with the sacred of remembrance and union, we can love and we can care as never before.

Come. Join Lazaris to explore and to expand the wonder and magic found in the Lemurian Nights. The magic never ends, and the love never ceases. Welcome ...

Evening with Lazaris: *Defining Moments of Love*

Thursday Evening, March 25, 2004, 7:30 – 11:00 p.m.

A moment ... a suspended moment that can be eternal ... it can be a transcendent moment that changes you forever.

Dazzling and uplifting, it can be an exquisite moment ... a defining moment ... in which you become whole and more. You become one.

We invite you to a moment. – Lazaris

Euphoria, timeless, beyond space, ineffable ... these are words conjured in attempts to define a peak experience. Filled with joy and yet totally at peace, filled with hope and expectation while tingling with self-acceptance ... these are words used to describe an ecstatic state that is often perceived as a once in a lifetime moment: a defining moment in our lives.

Whether or not we have had our “first” or “only” peak experience and ecstatic state, whether or not we are still seeking and searching for that defining moment, Lazaris has designed an enchanting evening of love and wonder. Lazaris guides us into the mystery and the magic of creating those “defining moments” in our lives. We don’t have to wait for them to spontaneously happen; we can lift a cone of power and activate a precise resonance.

We can craft and conjure numerous defining moments. Each can be a suspended moment, a boundless moment, and a transcendent one. Now, adding to the mix and to the mystery, we can create defining moments of love. Oh, the wonder, oh, the joy ... Magic happens; love abounds. It can be miraculous. Enriching our lives can be such a joy. Welcome to the exquisite moments of love ... This can be a defining moment for each of us.

Awakening and Embracing the Majestic in You (Evening Only)

[Click here to Order Online](#)

Awakening and embracing majesty stands alone as yet another avenue that can motivate and sustain the power and magic of expansion. As well, when the majesty in you is awake and conscious, it can amplify the other avenues of choice when it comes to activating and utilizing your alliance with expansion.
– Lazaris

During the evening of this incredible culminating weekend, Lazaris laid a foundation for awakening and then embracing our majesty. Majesty can inspire us to reach for the stars, to raise our voice in the calling of miracles; and to add exultation to loving joyously. Working with our majesty can be pivotal in the workings of our personal magic and in the workings of New Magic.

As we awaken and embrace, we come to realize that majesty is the liberator; it can set you free. Often such awakening and embracing can be the missing ingredient or the unlocking key to your conscious and active participation in the Great Work. From this foundation, Lazaris explores the what, why, where, and when of the majestic: What is Majesty? Why do we resist it? Where can we find it? When can we awaken and embrace it?

This powerful evening concludes with a meditation, not to give us our majesty – we already have it – but to plant the seeds of possibility and potential that can give birth to the opportunity. The seeds are planted. The rest of the weekend Lazaris worked with fulfilling the possibility and potential – with utilizing the amazing opportunity. However, the evening with its meditation is enough to remind us and guide us to this phenomenal awakening and embracing of the majestic in each of us. Meditation included:
Seeds of Majesty.

These crystals are also sometimes offered on the website ... but first they are sent only to those on the email list. Awakening Our Genius

The concept of genius is latticed with misconceptions: some see it as high I.Q. or a specific talent. Some think genius means being perfect, or that it's something unfathomable. But more than that, fear, anxiety, dread and indebtedness all put our unique genius, which will defy consensus definitions, to sleep and – unresolved pain and rage can overshadow it. Yet it is there, and within it lies the stuff of miracles. It is a synergy of wisdom, patience, dreaming, and a perspective of the possible; it is a capacity of knowing, a quality of persistence, and the willingness to be wrong (and then to change) in the pursuit of what is right, beautiful, and true. This is an amazing discussion, with an incredible meditation which Lazaris guides to fire neurons and recalibrate the brain. He concludes with a series of incredible techniques, including the *Crimson Disk technique* and *work with the Future Self*. Meditation included: *Recalibration of the Brain Meditation for Genius*.

New Dimensions of Joy

A phenomenal discussion in which Lazaris lays out our Formula of Success and our Strategy for Change. We each have such a formula and strategy, though often we are not conscious of it. Unaware of its components, it runs us, and both success and change seem beyond our reach. Lazaris also explores how to find our Formula and Strategy and how to change them - enhance them. He includes a beautiful discussion of frustration and its precipitation of boredom, anxiety, and depression. Our frustration can become productive in redirecting and redesigning our Formula and Strategy. With precision we can infuse our Formula and Strategy with joy. Miracles can abound. Lazaris guides us upon a meditation (*The Bounty of the Sea of Success*) in which we gather the components of success and change and take them down to the sea. There the sea changes and enhances what we deliver to it. We return with new and renewed pieces of success and the energies of change. Meditation included: *Essence of Joy: Bounty by the Sea Meditation*.

Stop Feeling Not Good Enough

Feeling that we're "not good enough" keeps us asleep. Preceded and followed always by a sense of dread, it carries with it apathy, lethargy, and inertia. It makes us feel alternately stagnant and panicked and is often the source of errant thoughts, feelings, and behaviors. It is rooted in the current life, but is weighted by past lives that influence its intensity. It hides itself behind the *Masks of Depression* and *Deservability*. Lazaris explores the tentacles of this elusive and destructive feeling, and helps us discover its masks. He describes several meditations, including one for going to the *House of Masks* in the underworld to discover the origin of the problem, and one for finding its root in the place it always lives: behind the heart. *The River of Time and Space Meditation* is included. Writing techniques (with rebuttals!), affirmations, and personal creative projects solidify an image without undeservability. Meditation included: *River of Time and Space Meditation for Deservability*.

Beyond Struggle: The Magic of Being Good Enough

Struggle: Its solution lies in dismantling our sense of undeservability, which is an intricate task. There are Conscious Waves of Undeservability – coming from guilt, from the things we've been told, and from deciding we deserve to struggle because we've failed in the past. But there are also Subconscious and Unconscious Waves of Undeservability which Lazaris explores in depth. Finally, we have a personal core reason why we don't feel deserving – and we have a personal pattern. Lazaris deals with all of this intricacy with astonishing clarity, offering techniques that include *Shadow Work* and *Engaging the Self Who Loves You* – and a fantastic meditation to help step out of the resonance of undeservability ... and the struggle that it creates. Meditation included: *Beyond Struggle Meditation (Deservability)*.

Weeding Negative Futures & Seeding Positive Future

The future has always created the present against the backdrop of the past. And between the future and the present, there is a pipeline filled with futures on their way to being manifest in our reality. Some are good; some we would like to avoid. The meditations on this tape take you into the Pipeline of Futures where you can safely encounter – and weed out – the futures that you don't want to experience. There are fears to be met here, but they never have to manifest. Then there is the powerful opportunity to “seed” the pipeline with beautiful futures of dreams, with wonderful relationships, with powerful love and growth – with fantasia. Meditation included: *Weeding Negative Futures/Seeding Positive Futures Meditation*.

Discover the Dreamer from Lemuria

[Click here for sound clip](#)

This tape is a journey to Lemuria – the fabled land that lies beyond the Bridge of Belief, and which is as real today as it was 90,000 years ago. Lazaris begins by describing the shimmering Continent in the Mist – its woodlands, its jagged mountains, its overwhelming fjords ... its mystical central plain where Crystal Cities towered above the forest floor. Lazaris talks about the beauty of Lemurian spiritual life – and about the Dreamers whose task it was to dream into reality the dreams of others. In the meditation, Lazaris takes you to meet the Dreamer from Lemuria – as alive now as ever, as powerful and beautiful now as ever – and the Dreamer dreams a dream for you to help you create what you want. An extraordinary tape that evokes an incredible sense of personal knowing about Lemuria, the Land That Imagination Forgot. Meditation included: *The Lemurian Dreamer Meditation*.

Morning, Evening & Crisis Tapes on CD

Recently Concept: Synergy began releasing new Lazaris recordings on CD as well as cassette. Now, for the first time, three tapes from the Accelerated Journey Series have become available in CD form. The Crisis Tape is one of the most extraordinary and powerful tapes in the Lazaris library – and the Morning and Evening Tapes are perennial favorites. On these new Morning and Evening CD releases, each of the seven tracks is laid out in order, so that it's not necessary to "rewind" as with the taped version. We are excited to bring these to you.

The Morning Tape

[Click Here To Order Online](#)

Like The Evening Tape (its complement), this tape contains four separate meditations used in a specific formula over a week's time. Some mornings there will be a chakra/color meditation to lift resonance, and on other mornings Lazaris guides 33-Second Techniques for programming or specific meditations for healing. The blending/meditation on Day 7 is an extraordinarily beautiful experience that deepens our experience of our Higher Self, The Goddess, and Lazaris – and that gives us a glimpse of the vastness of our own path. A terrific tape that is indispensable for resonance building.

A powerful, resonance-building tape which contains four separate meditations – which you'll use in a specific formula over a week's time. Lazaris, the Goddess, and our Higher Self all work to effect emotional growth, resonance, brain development, success, and any form of healing you want – and to help fill the subconscious and unconscious mind with thoughts which help to create more success and beneficial realities. They are relaxing, soothing evening meditations which are also incredibly magical – and incredibly beautiful in the love emanated from Lazaris and our Unseen Friends. The Crisis Tape

In earlier times, people recognized a spiritual crisis as a time of challenge and an opportunity for transcendent growth. Now crises are points of shame and embarrassment – and the esoteric process of crisis and liberation is unknown to most of us. In this invaluable tape Lazaris first heals with a meditation/blending that is one of the most beautiful ever put on tape. Once we are in a more secure place, Lazaris explains the building of a crisis, its bursting into reality, and its dreaded "vacuous space" – and gives us a ritual to bring the crisis to resolution. Included also are invaluable suggestions for heading off crises before they even manifest.
