*A Lazaris Evening & Intensive*      *Orlando, FL ... May 15 - 18, 2003*  
*At Rainbow's End:*  
*Creating Reality as Never Before*

*No longer technicians, you are masterful magicians ... masterful magicians whose magic is art. Long ago you stopped chasing rainbows and began consciously creating them. Now let us reap the bounty ... the bounty at rainbow's end.*

It began with an intriguing idea that grew to become an incredibly profound truth: We create our own reality. Out of

achievement and accomplishment. We have woven a rich tapestry of love and magic.

By returning to that primal seed, we can expand our success with new dimensions of happiness and wonder. We can embellish our magic with greater meaning and value as well as with more joyous and bountiful miracles. We can augment our lives with grander love and greater healing.

has designed a unique workshop just for us. Embraced in his love, we can return to that intriguing idea of conscious reality creation to understand it more fully and more deeply. Then we can rebuild and strengthen that mysterious concept, allowing its power and magic to be richer than before. We can forge this primal seed from idea to concept and then into an even more profound – living and breathing – truth.

This workshop is designed for those among us who are newer to working with Lazaris and who missed the earlier workshops where conscious reality cre-

ation magic was the primary focus. In this back-to-the-basics exploration so much of our current work becomes empowered. Our magic as well as our creations/manifestations can become stunning and astounding.

It is also designed for those among us who are well-seasoned in our work. We explored such magic long ago, but with all that we have learned and in all the ways we have grown and changed, our observing and measuring devices ... the ones we used then when we first explored this magic ... are different now ...

NOTE: This workshop has an unusual format. It begins Thursday evening and seamlessly flows into Friday, Saturday, and Sunday. The Thursday evening portion will be recorded and subsequently available on audiotape and CD. There is a special price for this workshop . . . a gift from Lazaris and Jach . . . and you can attend as much or as little of the three and one-half days as you like for the same price.

*This is the only time  
"At Rainbow's End"  
will be offered in 2003.*

## Recent Releases

### *Reaching for the Stars*

The phrase conjures varying images each with reassuring nuances. Thoughts of Sirius and feelings about our hopes and dreams flurry about our hearts and minds.

Reaching for the stars ... As the years of this new decade have unfolded, we have developed certain allies: dominion, mystery, and mastery of creation/manifestation. We are now ready to expand our domain, the power and magic of mystery, and to expand the wonders and miracles we can create and bring into our world and into the world around us. With all that we know and with all that we have done, we are ready, we are eager, and we yearn to expand.

Reaching for the stars ... As we embark upon a year of expansion, we are ready to reach for the stars. We seek more joyous success and more profound happiness. We know we are loved, and we seek greater love with which to be more loving and with which to offer more healing. Lazaris encourages us. He also listens. Lazaris responds with a mystical and magical evening where we work with new, masterfully profound ways of expansion. And in it all, we can learn how to reach deep into our spiritual tradition and into our stellar ancestry to enhance and embellish our reaching for those stars in our reality. Among the new techniques: *Enriching Identity; Embellishing Image; New Dimensions of Success Cube, Mystical Choice Beyond Conscious Choice, and Expanding the Domain of Love*. Powerful meditation included.

### *Celebrating Creation:*

#### *The Great Wheel Turns [Excerpts]*

Available in CD or Cassette [click here for sound clip](#)

We can enter the Great Wheel and artfully walk its rounds. This particular weekend was a gem among weekends with Lazaris. This recording includes selected excerpts from that event. Included are excerpts from discussions of: *Eternal Turning of the Great Wheel, the Mystery & Magic of the Great Wheel, and the Grace of the Great Wheel*. Lazaris describes each turn and allows us to discover the significance of each. The excerpts also include an exploration of how to be responsible for our successes. We know the value of such responsibility, but this is the first time Lazaris has laid out the steps so clearly and concisely. Also, there are excerpts from the Sunday morning discussion of how to bring celebrating creation into our daily lives and how to work with the turns of the Great Wheel. This is a delightful recording with wonderful insights that are rich with possibility and potential and that can open us to unlimited opportunities. No meditation.

### *Manifesting Uncompromising Happiness*

[\*click here for sound clip\*](#)

*"You are happy; you are happier than you have been and not as happy as you want to be ... not as happy as you will be."* (Lazaris). A refreshing view of what happiness is and an invigorating discussion of why we continually seek and can continually find happiness lead to a fascinating discussion of why it is hard to admit how happy we are. Our genetic-hormonal nature precludes it, our conditioning discourages it, and our fear impedes it, but we are happy. Lazaris explains why such admission is so vital to expanding the happiness we know and to manifesting uncompromising happiness. Then he goes further to offer us a variety of keys that can assist us in admitting our happiness and can guide us to that rarefied level of happiness without compromise. We can find happiness without concession or deviation of our principles, our priorities, our "demands," or our "differences". This fascinating discussion unfolds as Lazaris describes specific pragmatic and esoteric techniques: *Happiness Crystals, Talismans & Amulets of Happiness, Resonance Ritual*, and more. Powerful meditation included.

### *Uncompromising Success*

[\*click here for sound clip\*](#)

Lazaris begins this illuminating discussion by focusing upon why it is important to open to the possibility and the potential of success that is uncompromising. Then he moves forward to explore why such important success is so difficult to achieve. Compromise can be terrific: resolving difference by concession, adjustment, and balance. And it can be dangerous: a solution that can endanger our safety and security. Uncompromising, likewise, can be imprisoning: success that is unyielding and blindly stubborn. An uncompromising success can be brilliantly liberating: without reserve, adhering to principles with character and integrity; adhering to power with goodness, truth, and beauty. Lazaris explores the dynamics of both kinds of success. The discussion continues as Lazaris outlines specific steps to activate the resonance of liberating uncompromising success. From *Lifting*

*the Veil of Admission to Success as Magic*, we can find the path of this brilliant potential. At the core, we can bargain with our future rather than continue bargaining with the past. Lazaris concludes this powerful evening with a profound meditation and with several practical techniques that includes *New Dimensions to Our Success Cube* and *7-Day Crystal/Talisman Work*. ### *Embellishing Our Magic*

[click here for sound clip](#)

Once we begin healing our personal nemesis, it is as if a dam bursts or as if all the currents have been opened at once. There is a burst of greater light that can either illuminate or blind. In that light, there is a temptation to retreat. In the face of this temptation, it is time to move forward; it is time to embellish our magic. Our negative egos embellish things with fictions, exaggerations, and lies. Our magical selves embellish things with beauty. Lazaris guides us upon a lively and intriguing discussion of the temptation to retreat at this point upon our journey. Then he explores the several sources of beauty. From these sources, now resources, we can embellish our magic and we can embellish – make more beautiful – anything in our reality. With Lazaris, we can learn about engaging our soul and spirit, about opening to the domains within our unconscious, and about ecstasy in the pursuit of beauty. After a particularly powerful meditation, Lazaris explains several specific techniques: *Embellishing Crystal/Talisman*; *Magic Potion of Embellishment*; *Embellishing Night Dreams*, and *Seeking the Counsel of the Muse, of Glamoury, of Ancient Ones, and Shining Ones*. It is truly a beautifully magical recording.

### *New Strategies to Optimize Success*

This is a tape we will listen to time and time again. We can hear a new depth and we can find a deeper meaning each time. Lazaris lays the backdrop for this vitally important discussion by talking of why we need a new strategy to create optimum success. He speaks of the Great Awakening, access to ports of greater happiness and greater knowing as well as access to the ports of transcendence and metamorphosis. He talks of the information revolution we are currently in and how we could become overwhelmed and overrun with information without new strategies. And it is a time of grand opportunity. From this backdrop, Lazaris talks of creating an environment to attract optimum success by working with our current *Strategy for Success* and by developing a living relationship with success – a fascinating concept that can yield untold results. Once we have an environment to attract the optimum, we need to create specific “Attractors” to place within that environment. *Intensity-Intimacy*, *Elegance-Enthusiasm*, *Trust-Partnership*, and the *Complexity of Wisdom* play key roles. Lazaris then turns his attention and his love upon the specifics of new strategies: *Celebration-Triumph*, *Co-Creating with Crystals*, and *Archetypal Guidance* are names – labels – for some of the techniques Lazaris brings to life and teaches us. *Developing Fortune* and working with the Unknown form the foundation for our new strategies. It is a thrilling discussion. One that you will not want to miss and one that you will want to listen to time and again.

### *In Search of Miracles*

[click here for sound clip](#)

A miracle is a living energy, a process -- an amplified, paranormal synchronicity that drops into reality. It supersedes all our expectations. It is truth, mystical choice, a "raining down" of resonance, a transcendent event. But what is a Miracle Maker? Lazaris creates a mystical journey to show us how to create a resonant environment that draws miracles like a magnet. Techniques include the *Chronicle of Miracles*, the *Miracle Chamber*, the *Sacred Time Technique*, *Claiming the Right of Miracles*, and

developing greater humility, self-forgiveness, and self-reflection. In the meditation our Higher Self heals us, clearing out the residues around our hearts, rewiring our brains, and giving us new eyes. Then miracles "rain down" on those we love, on our reality, and on us.

### *Utilizing the Magic of Self-Trust*

*[click here for sound clip](#)*

Self-Trust is critical to so much that we value: It is the keystone of love, intimacy, and caring, and it is essential for building the esteem and confidence necessary in being the Valued Self. It is key to the vibrancy of our magic and to enhancing the quality of our relationship with our Higher Self. Yet beyond the wonder of Self-Trust, there is a magic – a magic that can reach far beyond the beauty of trust itself. In an enlivened discussion, Lazaris explores why it has been so hard to trust ourselves: Social paradoxes, the lack of trustworthiness, and the "magic pill" are some of those reasons. Also, the "substitutes for trust" make genuine trust seem out of reach. Lazaris lays the groundwork not only for trusting ourselves but also for awakening the magic that lies dormant within trust. What is our optimum resource? How do we generate the resolve and "grow" our magic? How do we ground our Great Work? These questions answered, through meditation and technique we can find self-trust and work its magic. Techniques include *Trust Crystal Matrix*, *Trust Dust*, *Trust Mask*, and *Trust Dreaming*. Powerful meditation included.
