The Lazaris Culminating Evening & Weekend

Orlando, FL

The Essence of Creation: Touching Personal Greatness

The glory of love emerges when you honor and respect the love that you have for self and others; when you honor and respect the love that you are ... Step into the boundless magnificence of love, for there you will find the gratifying bliss of happiness, of triumph, and of rejoicing. This is the glory of love. We love you so. Come. Let the celebrating begin; let the celebrating continue.

– Lazaris

Touching personal greatness, in a transcendent magical moment, we can forever change. In that moment, overflowing with the essence of creation, we can become and be more ... more of who we have worked so hard and so long to become and more of who we have always hoped we could be. That “more” of us can shine through and it can shine more brilliantly than it has ever shone before.

In touching greatness – our greatness – so much can unfurl: *The Great Work*; *Divine Mystery*; *Divine Union*; and *God’s*

and Goddess’ Dream for Us. And we can unlock the *Essence of Creation*. We can activate the mundane and arcane magic – the ordinary and the extraordinary magic – of this incredible essence. Miracles can abound.

Lazaris has designed a culminating weekend that is both a labyrinth of magic and a labyrinth of love. Amid its twists and turns, we will uncover where our creativity is hidden or lost. We pretty much know what creativity is; we are magicians and we are creative. Too often we don't know where creativity hides.

The Essence of Creation: Touching Personal Greatness *continued...*

Specifically, we don't know where our creativity is lodged and locked inside us, and we have difficulty cultivating and activating that "something more" and that "something beyond" of our creativity.

There is more to this labyrinth of love. We will then make our way along its esoteric pathways to step beyond our limits and boundaries into the heart of mystery and into the Orbs of Mystery ... into the orbs of being before it is, of beginning before it begins, and of wholeness before it is whole. Beyond these Orbs in the abyss of mystery, we can enter the Grace of Mystery. There our greatness waits.

Through a labyrinth of love within the grace of mystery and with renewed creativity, we can discover and embrace the Essence of Creation. Then our personal greatness can touch us.

With that touch, in a burst of light and insight, so much more of our Great Work and so much more of Divine Mystery and Divine Union are revealed.

So many questions can be answered and so many uncertainties and confusions can be resolved. Touched by our greatness, God's and Goddess' dream for us gains animism and dynamism ...

becomes a living and active matrix of energies and forces.

In this Essence, touched by greatness, we can fall and then stand in splendid love. We can be madly, passionately, and wondrously in love with God and Goddess, and we can be ecstatically in love with All That Is.

What a weekend. It is a culminating weekend, and Lazaris will be with us with powerful insights and with elegant techniques as well as with his love and magic. From the lofty cognitions, we can emerge with practical recognitions and realizations.

What a time of love. Most of us will begin Friday evening while others join in Saturday. All of us, with Lazaris, our Higher Self, and with God/Goddess/All That Is can love as never before; we can lift our mastery to artistry within the touch of personal greatness. Welcome ...

~

Note: This culminating event begins Friday evening and flows into the weekend. In its fullness, it is 2-1/2 days. If your schedule does not allow full participation, you can attend only the evening or only the Saturday and Sunday segments if you wish.

The Magic of Divine Union

Divine Love ... "the love that loves for no reason at all ... the love you can do nothing to gain and can do nothing to lose." To help us gain a sense of this august and rare love, Lazaris begins with a touching exploration of the *progression of love*: From the reasons why we love beyond memory and beyond imagination to where the why of love becomes the what of love. To move beyond sensing to experience this love, Lazaris explores what he calls the players ... the aspects of ourselves that are integral to reaching Divine Love: *Objector/Protector*; *Shadow (Dark & Light)*; *Passion Stealer*; and *Personal Nemesis*. As well, we need the help of our *Ego-I*; our *Lesser/More*; and of our more realized *Self-I*. During a mystical meditation (included), the players gather and each one gives us a gift or a treasured essential for our success. In the magic of that moment, we can be lifted

into a mystical union and then it can happen: We can be gifted with Divine Union. In the oneness with God, the oneness with Goddess, and the oneness with All That Is, wrapped in the miraculous, we can be filled with the oneness with love ... the oneness of Divine Love.

Resonance Magic: The Remarkable Power of Unconscious Presence

[click here for sound clip](#)

Unstoppable power ... somewhere within the midst of our magic, amid the many powers of magic at our disposal, there is a unique power that, once activated, cannot be stopped. Unstoppable success ... when we make the most powerful choices most consciously, our success can be both unlimited and unstoppable. The key to our unstoppable power and to creating unstoppable success lies within a precious and rare domain where our unconscious and conscious can become one: it lies within unconscious presence. Resonance magic is critical to utilizing that key; it is vital to accessing the unstoppable in our magic and of our success. During this exploration, Lazaris reviews resonance and resonance magic and clearly defines the nine domains of unconscious presence: the nine locations where our unconscious and conscious minds become one mind. Then he outlines and guides us upon a remarkable journey. It begins with an exploration of necessity and chance, and moves into reflection to step outside the Sets of Necessity and Chance. We then enter the liminal: that mysterious place and state "between." Within the liminal, with focus & release we can empty ourselves of all

thought and all feeling so that we can engage our mind beyond our conscious mind. Seeking clarity & purity, we reach beyond our unconscious mind to experience our truer self, to reside beyond self-doubt, and to be confident of our self-liberating freedom. Then we can experience the domains of unconscious presence. Working magic here ... our mystical power can be unstoppable; our successes can be unlimited and unstoppable as well. The evening's meditation is truly a metaphysical treat.

Generating Abundance as Never Before

[click here for sound clip](#)

There was a time when we did not know abundance, because we did not know our desires and dreams. There was a time when we lacked the willingness and did not choose abundance. But those times are not now. It is not for lack of willingness or the lack of choice that abundance still eludes us. Lazaris begins with the basics that so many others who speak of abundance ignore. He builds a solid foundation upon which he unfolds the resolutions and the knowings necessary to construct our personal Abundance Machine. The discussion is light, fast, and delightfully informative. Once we can build our Abundance Machine, we need to find the key – the missing key. With that key – an ignition key – we can turn on our Abundance Machine, and it can start churning out abundance – physical, emotional, mental, and esoteric abundance – as never before. Perhaps we have lost our personal key to abundance in our old patterns or in the unexplored regions of our nemesis. It could be that our missing key is in the grief that will not end or in the malady that will not mend. In a powerful meditation, we can find our key. We can turn on our Abundance Machine. Lazaris concludes the evening discussion with an array of techniques that can ground our success and our abundance more profoundly. He includes techniques that involve crystal work, placing abundance in our Unconscious Mind, developing rapport with abundance, and several others. Elegant meditation included.

A Cherished Secret of Success: Resonance

[click here for sound clip](#)

The Law of Resonance says that when two sources of energy are vibrating at different frequencies, in time they will vibrate at the same frequency, for one will jump to the frequency of the other or they will meet somewhere in the middle. The *Essence of Success* has its own resonance, its own frequency. If we can move to that frequency we can restart success that is stalled, dissolve limitations and create and sustain whole new levels of success. Lazaris discusses success as access to physical, emotional, and spiritual resources and does a meditation that lifts our resonance up to the Essence of Success.

Releasing Your Dreams & Visions into the World

[click here for sound clip](#)

Lazaris uses the Four Elements – Air, Water, Earth, and Fire – and combines them with the Four Forces – Gravity, Electromagnetism, Strong Force and Weak Force – as a means to release our dreams and visions into the world. Beginning with mapping dreams in the Subconscious and solidifying them in the Unconscious, they are then brought to the Conscious arena in a masterful way. Lazaris, with his artistry, provides a Blending to be done four times -- one in which you discover your own personal element from hints given by body type, personality type, or astrological sign. Once prepared, we're ready for the meditation in which we attach a dream or vision to each of the Elements, which then release them into the world.
