A Lazaris Intensive (1+2) Orlando, FL ... September 14 - 16, 2001

The Mystery of Mills Magic: Ancient Traditions for Current & Future Miracles

The solitary magician stands motionless gazing upon the sacred ground and at the Mystic Mill that is nestled there. This journey, about to end with a few more steps, has been long. It has been harder than expected at some times, and easier at others. The magician, steeped in ancestral traditions and magic rites, in this moment sees what others would not. The magician, standing so still, is ready to seize what others would not yet dare dream.

With a few steps, the reverent hush of a solitary magician is broken; with a few steps, one journey ends and another is about to begin. The *Calling of Miracles* will soon be underway; the current and future worlds of a magician are about to change. Few will ever know of this moment; many will benefit from it.

There is a new excitement in the air. Mystery seems to be everywhere. It is time for you to explore new dimensions and horizons of magic; it is time to plumb new depths of mystery.

Yes, there is a new excitement in the air ... oh, how we love you.

- Lazaris

We are ready to take those few steps. Many of us already work some of our magic upon the *Mystic Mills* linked to the *Living Matrix of Magics*. Others of us do not yet know the power of such work. Lazaris has designed this workshop for both the well-experienced and the new among us.

With Lazaris and with his love and magic, each of us can take those few steps as we delve into the mystery of "Mills Magic." Uncovering our personal *Mystic Mills* experiences framed in past lifetimes, we can remember, reawaken, and reunite with our ancient traditions: The dimensions of our current magic and its workings can dynamically expand. Activating our unique *Mystic Mill*, we can discover so many new potentials and opportunities for our magic. As the "circles turn upon the arbor," secrets and mysteries normally hidden from view can be revealed: Our current magic can become more power-

ful and successful, yielding greater accomplishment – yielding greater happiness.

Then Lazaris will teach us new techniques born of ancient traditions including *Calling of Miracles*, *Rites of the Ancients*, and *Union of the Divine*. Whether well-experienced or new, our current and future worlds can change. Each of us can change, and our new journey can be underway.

It is more than coincidence that this workshop comes at the traditional closing of the Vortex of Sirius. We are magicians. As Lazaris reminds us, this is the dawning of our day. We are ready to take those few steps. Lazaris and our Unseen Friends are there waiting to love us and steady us as we do.

Welcome ...

An Evening with Lazaris

Engaging the Mysterious Magic of Claiming & Demanding

Thursday, September 13, 2001 7:30-11:00 pm

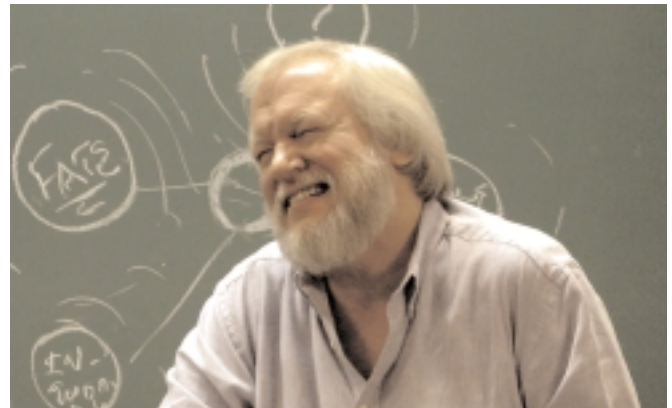

It is a rare magic sought by few. It is a lost magic waiting to be found by you.

It rests in the heart of mystery. For those who can find the magic of claiming and demanding, the rewards can be endless; the bounty can be miraculous. Come, let us show you. We love you so ...

– Lazaris

There is a skill to claiming and an art to demanding. Within the skill and art we can find the missing ingredients that can transform our magic from something wonderful into something miraculous. When we develop both skill and art, our lives can become richer with what really matters to us. So many opportunities can become realities and so many dreams can come true.

There comes an uncompromising vision and strength within the mysterious magic of claiming and demanding. This unique magic can awaken new depths of intimacy, passion, inspiration, and wisdom. We can discover new horizons of caring and healing as well as a new resolve for making mysterious and magical choice. We can activate new avenues of transcending what blocks or impedes us from being more of ourselves – from being more of who we are destined to be.

Lazaris will begin by exploring the mystery of this rare magic as he guides us into its labyrinth: the *Paradox of Claiming & Demanding*. Within the maze, beyond the pitfalls and false corridors, we can gather what we need to develop the skill and the art of magically claiming and demanding. With step-by-step technique, the skill and art can be ours. We can joyously engage the mysterious magic of claiming and demanding. Our magical workings can be different; we and our world can change.

Welcome to another unforgettable evening as we explore a sixth entry into the realm of mystery and into the power and magic found within its heart.

Welcome ...

Healing the Broken Alliances: Finding Peace

[*click here for sound clip*](#)

When magical alliances are mended and restored, familiar and unfamiliar means to achieve the bounty and autonomy we seek seem to open. New methods of gracious giving seem to appear. Inventive and innovative ways of actively participating in living the loving, magical life we desire seem to come as if out of the blue. We can find the celebration and triumph of more happiness and joy and of greater love and deeper loving. We can find the greater peace that hitherto seemed beyond our grasp.

We know of forgiveness. We have experienced its incredible force as well as the practical and magical changes that can come of it. We also know of pain out of our old psychic contracts with the past. Likewise, we have also experienced the liberating freedom that comes once we have broken those debilitating ties. Yet, amid the muddle and chaos of what needed forgiving and of what brought about the pain, certain unknown or unspoken alliances were and still remain in disrepair. Alliances within us and with our Unseen Friends or alliances with our Higher Self, our Soul, our Spirit or with God/Goddess/All That Is may have been broken. It is time to mend. It is time to heal. Out of pain we can find our *beautiful sadness and remorse*. Out of forgiveness we can find our *myth and mystery*. Together with Lazaris, we can mend and heal; we can restore and renew what has remained broken of our magical alliances. We can find that greater peace. Greater abundance and more meaningful prosperity can be ours. Meditation included.

Awakening the Mysteries: The Secrets of Your Unconscious

[*click here for sound clip*](#)

On this tape, Lazaris works with us as we explore new and exciting ways to engage our Unconscious Mind. With specific techniques, we can more effectively harness its immense power as

an active agent – a dynamic participant – as we create more of what we truly desire and as we move forward, continuing to grow and change. As we explore, we can also awaken new and exciting energies and forces lodged deep within our unconscious. We can access hidden and lost secrets – esoteric mysteries and truths – that can generate immediate as well as profound long-lasting change in us, in our lives, and in our world. We can combine the harnessed power and the accessed mysteries and our success can be richer and more fulfilling.

Our magic can come more alive as it opens the way to creating even more of what we truly want. Our happiness, our joy, and our love can exceed their previous bounds. Lazaris reviews the *Gateways to the Unconscious* and the *Focal Points of Engagement*. In ways that only Lazaris can, he guides us into the uncharted terrain of our unconscious. He shows us how to find our way to those untold treasures and unspoken truths. We can awaken the mysteries. Among the many mysteries, we can awaken the mysteries of love. And we can be forever different. Meditation included.

The Missing Ingredient of Miracles

[click here for sound clip](#)

If we have ever felt fear or the allure of freedom, if we have ever attempted to control or have ever been attracted by the idea of miracles, there is a love and a depth of love that we once knew and have now lost. We can reclaim that love; we can regain that depth. Lazaris explores our inhibitions: layers of "not enough" and of feared consequence or erroneous responsibility – and the *Silent Sentinel* and *Silent Voices*, Weakness of Self-I and Ego-I, the weak choices that are not wise, willed, right and empowered choice. He adds texture with such techniques as *The Power of the Possible*, *The Skill of Claiming*, and *The Art of Demanding*. The meditation, entitled *Meditation of Reclamation*, is both powerful and profound.

♫ **Finally Accepting Self: Being Fully Loved**

[click here for sound clip](#)

Self-Acceptance is magical in its power: It can renew our talents, deepen the intimacy we have with our Soul, Spirit and Higher Self, and illuminate already luminous dreams and optimal futures. But our attempts at self-acceptance run into a collection of paradoxes involving choice, love, sentiment, the perception of strength and weakness, and paradoxes of pleasure that can rise to enjoyment or descend to addiction. Lazaris helps us wend our way through the paradoxes to discover the components of self-acceptance that can set us free, and the capacity of being fully loved that can complete us. The *Chamber of Self-Acceptance* and the technique of *Leaning on the Love* put us ever closer in our relationships with our Unseen Friends. Finally, we present ourselves to God/Goddess/All That Is and **are** fully loved. Meditation included.

♫ **Lucid Dreaming: The Night's Labyrinth Revealed**

[click here for sound clip](#)

Lazaris discusses spontaneous lucid dreaming – the kind we all can read about in the few books available within the consensus reality. He crosses the threshold of determined lucid dreaming into the unexplored realm of directed lucid dreams. He then explores what lucid dreaming can mean to living our dreams, to accelerating our growing and changing, to working with our love and will, and to the revelation of the mysteries of life. Lucid dreaming is much more than being conscious that we are dreaming; it can be a cornerstone in our new foundation of empowerment. Includes several techniques: *Beds of Lucidity*, *Lemurian Dreamer*, *Calling the Dream Keepers*. Additionally, it includes instructions for making a *Dream Machine* and a *Mobile of Dreams*. Lazaris takes us on a meditation – *Opening the Night's Labyrinth* – in which he and our Higher Self work upon our brain and neural pathways. We can open to the secrets still locked in the night.

These crystals are also sometimes offered on the website . . . but first they are sent only to those on the email list.
