Lazaris Weekends

Expanding Crystal Magic: A Working Magician's Gathering

During the 20th Century, the technicians of science learned to harness crystal energy. Technology exponentially flourished. At the dawning of the 21st Century, it is time for the working magicians of mystery and mysticism – the working magicians of consciousness – to renew and to learn anew to harness crystal energy and the forces of its consciousness. Dreams and visions, magic and miracles can exponentially flourish and joyously abound for you and for your world. Come, let's work together; let's work as one.

– Lazaris

Working magicians in alliance with our crystals, we enter the realm of mystery. The veils of illusion can lift. We can discover a richer texture of magic in our lives.

With this new texture, what we seek and what we dream of achieving for ourselves and in our world can more fully be ours. Our happiness as well as our success can become more meaningful and more valuable.

The rewards are ours to define. With this richer texture of magic, we can recover more of our truer and more real spiritual selves. The bounty is ours to receive.

Somewhere deep within our personal

mystery, we can remember what we now call an ancient tradition. We can remember setting aside the things of our daily lives and collecting certain crystals among those of our keeping. We would travel together with other crystal magicians. Together we would share the stories of magic and techniques of magical workings and we would revel in the magic in the telling. We would work to refurbish our crystals and to align them for new workings. All the while, we would restore and realign ourselves. The gathering of crystals and magicians would conclude with a majestic ritual of healing, loving, and cele-

brating: A gift to our crystals and to ourselves – a gift of magic to our world.

Lazaris creates a weekend of adventure as we, the working magicians and crystal magicians of our current time, once again gather. Recreating aspects of an ancient tradition, we can learn and work new techniques of crystal magic. We can develop a deeper rapport with our crystals and with ourselves. Our alliances can grow stronger, more powerful and more productive, yielding greater results. We can enter the realm of mystery and return with more of who we really are.

On one level, this special weekend can be a time to experience new ways of crystal magic. It can be a time to heal our crystals with Lazaris right there at our sides. We will build specific crystal grids responding to our personal goals. This is a working magician's opportunity to work directly with Lazaris and with each other.

This weekend can be a time of renewal for those of us well-seasoned and a time of beginning for those among us new to the wonders of crystal magic. Magicians from all parts of the world are coming with their crystals to work magic together – to work magic to change and grow ourselves and to change and grow our world.

On a level beyond normal view, this unique weekend can be a journey into the very heart of mystery and into the magic and the power that we can find there. It can be a time to lift the veils of illusion and to see ourselves – know ourselves – more fully and more truly. It can be a time of miracles and transcendent magic.

Special Notes on This Workshop

In addition to the traditional crystal we usually receive Sunday during workshops, Lazaris also has these special gifts for us: Lazaris is creating a new Crystal Power Talisman for each of these two workshops. The actual workshop will be the same both weekends, but the talisman will be different for each. If you attend one of the weekends, you will be gifted its talisman and you will have the option of purchasing the talisman from the other weekend. Lazaris is also charging a specific crystal to your personal resonance designed to work with the Crystal Power Talisman, and that personal crystal will work with either of the talismans.

Also, for this special workshop, Lazaris suggests that you arrive with at least four crystals from among those of your keeping. Allow your Higher Self, Counselors, or other of your Unseen Friends to assist you and your crystals in determining which among them will come with you. If any particular crystal chosen to come with you is too large to conveniently travel, you should bring a surrogate crystal to represent or to stand for that crystal. If you have any questions about this, please call the office for assistance.

The gathering of working magicians will conclude with a majestic ritual of healing, loving, and celebration. It will conclude with many magicians working as one. Welcome ...

Lazaris' Most Recent Tapes

Awakening the Mysteries: The Secrets of Your Unconscious

On this tape, Lazaris works with us as we explore new and exciting ways to engage our Unconscious Mind. With specific techniques, we can more effectively harness its immense power as an active agent – a dynamic participant – as we create more of what we truly desire and as we move forward, continuing to grow and change. As we explore, we can also awaken new and exciting energies and forces lodged deep within our unconscious. We can access hidden and lost secrets – esoteric mysteries and truths – that can generate immediate as well as profound long-lasting change in us, in our lives, and in our world. We can combine the harnessed power and the accessed mysteries and our success can be richer and more fulfilling

Our magic can come more alive as it opens the way to creating even more of what we truly want. Our happiness, our joy, and our love can exceed their previous bounds. Lazaris reviews the *Gateways to the Unconscious* and the *Focal Points of Engagement*. In ways that only Lazaris can, he guides us into the uncharted terrain of our unconscious. He shows us how to find our way to those untold treasures and unspoken truths. We can awaken the mysteries. Among the many mysteries, we can awaken the mysteries of love. And we can be forever different. Meditation included.

Activating the Initial Source of All Magic

This tape discussion by Lazaris, which at first may appear as only an esoteric exercise, can become a powerful magician's tool that can enhance our lives and our loves. We can access the "primal seed" imprinted in our personal Cosmic Memory as well as the "divine seed" gifted to us by God/Goddess/All That Is.

We are magicians and we know magic and its workings. Likewise, we are successful in our

endeavors. By activating the initial source of all magic, our workings and our successes can be lifted, even catapulted, to exciting new levels. Such activation can be as a quantum leap. We can stand with new dimensions of achievement without fully knowing what we did, how we did it, or how we got there.

It can be a grand mystery and it can be a great secret to our success. We can access Cosmic Memory and then we can apply specific techniques to activate it - to awaken this august Memory within us and within our magic. What a marvelous way to begin a year rich with the excitement and the reward of mystery.

Unlocking & Receiving Greater Love and Greater Intimacy with Your Higher Self

We know love and we have experienced how much we do love. And yet, no matter how much of our own love we know, we also realize that much of our love remains lost and needs to be reclaimed. And when we do reclaim our lost love, even more of our love flows into that mysterious reservoir – that reservoir of our love waiting . . . waiting to flow into our reality and into our world. So it is with our Higher Self’s love for us. As much as we know of it, even more remains unknown – remains locked away, waiting to be released. Lazaris accompanies us upon a treasure hunt for love. Along the way we learn of exquisite moments of discovery and of exquisite moments of knowing. We remember mystical unions of love as well as the mystery of love along with the abundance and prosperity of love. Each of these can be a stepping-stone to unlocking and receiving greater love and greater intimacy. As our hunt continues, Lazaris shows us how to lay a solid foundation with four specific cornerstones that can lead to the keystone that we seek. This evening is rich with beauty and magic. The techniques are so clear as they focus around how to make, work, and touch to unlock this greater love. A powerful meditation is included.

Current Tape Recommendations from Lazaris ...

The Gentle Walk:

Step-by-Step Intimacy with Your Higher Self

Lazaris has often said that the lifetime in which your Higher Self becomes real for you is the lifetime in which you go home. In a consensus reality where many consider the Higher Self a technique, Lazaris gives us this magical tape to help bring our Higher Self into crystal-clear focus, and goes with us through a ritual called *The Gifts of Intimacy* to allow us to have a contact with our Higher Self that is tangibly real. The Gentle Walk meditation with the Higher Self – the origin of the yin-yang symbol – brings us into a shimmering communion. With other techniques and rituals, including one with our *Spirit Animal*, we can craft an ever-more-intimate relationship with our Higher Self. A very beautiful discussion; a luminous meditation included.

Receiving the Healing From Your Higher Self

If you've found yourself wanting to listen to this tape, you can be sure that your Higher Self has a gift of healing for you right now. Allowing the Higher Self to give us gifts of healing is a way

*** click to return to main menu ***

to move toward greater and greater self-love – which is in itself the solution for so much. If we loved ourselves completely, we would love others more, and we would create a positive future. The four-phase process on this tape is an engaging and fascinating one. Lazaris helps us look at a host of potential obstacles on the way to more self-love: control, the elements of the Dark Shield, fear of trusting, happiness, love, intimacy. Then he presents us with a ball made of layers of brown moss, shell, mud, twine, and even a sticky tar – a ball we unwind to be free of our blockages. Our Higher Self then heals us in a *Chrysalis of Love*.

Creating, Building & Keeping Intimate Relationships

Our desire for intimate relationships – with ourselves, with another, with our inner and outer worlds – is the desire for love and for magic. In this beautiful discussion Lazaris sheds light on what this magic is that we so fervently seek, how we lost it, and how we can get it back. He explores our resistances and lays out a myriad of techniques – from the mystical Engaging of the Muse to the mundane but crucial understandings of how to fight fairly, how to deal with raw emotions and how to achieve the real empathy of trading places with another (with your Higher Self there to help). What awaits is an unlimited frontier, a new wilderness to explore. With a magnificent meditation.

Chakra Link: You and Your Higher Self

In any relationship of love, there is always fear of loss. Its cure is an intimacy that can allow love to wax and wane, ebb and flow – without the fear that its fluctuations mean it is no longer there. This tape is about developing an intimacy with your Higher Self that alleviates the fear of loss, and allows us a closeness through which we can see ourselves through our Higher Self's own eyes. Lazaris offers a poignant discussion of love, intimacy, paradox, and the fear of love's loss, and then guides us on a meditation in which we link chakras with our Higher Self. Then in an instant, we switch places, looking out through our Higher Self's eyes to see ourselves as they see us. Beautiful meditation included.

Crystal Cave: A Healing Journey with Lazaris

A beautiful gift from Lazaris, this meditation tape is for those times of beginning and those times of completing. As we are about to embark on creating some success, we can pause a moment and meet with Lazaris in the Crystal Cave that he and Peny have been working in for decades. As we have finished the processing and programming for some wonderful shift and change in our reality, we can have a private interlude with Lazaris in the Crystal Cave. There we can talk of our issues and concerns. There we can receive the loving, healing, and succeeding energies to maximize our success. There we can work with Lazaris to send those energies to those we love and to our world. With precision, step by step we make our way. Deep within the heart of a forest, deep within a crystal cave, we come to a sacred round of crystals. Within the round and beyond the pillars of crystal, Lazaris waits for us. Together we work magic. This meditation is recorded on both sides of the cassette for ease of use.

***Healing the Scars of the Past:
Charting a Course for the Future***

There is much that hurts us in our lives, but not everything that does damage leaves a scar. But some things do, and the scars leave us with haunting memories and sorrow that eventually lead to the very serious damage of judgments of ourselves and others, a debilitating lack of emotional intensity that robs us of magic, and hidden agendas that wreak havoc with our programming. The scars of the past rob us even of what we have to give, and they offer nothing positive in return. Lazaris offers strong, beautiful techniques to work with and a powerful healing meditation to free us from our haunting. He culminates with a process to chart a loving, spirit-filled course for the future.
