A Lazaris Intensive (1 + 2)

Orlando, FL ... March 2 - 4

Messages from the Lemurian Dreamers

We can strengthen our dreams and deepen our visions; we can create a new foundation of magic and miracles. We can seize this moment – this moment that can be transcendent – with renewed vigor and enthusiasm. Love, more vital and more vibrant than before, can come alive and flourish. We can change, our reality can change, and our world can be a much more wonderful place.

Lazaris has designed a magnificent journey for this first intensive during this year of mystery. He will delicately and safely envelop us in his loving and caring and guide us through the luminous gateways to Lemuria and to dream with the Lemurian Dreamers. We can learn to stand shoulder to shoulder to work conscious creation, resonance, and co-creation magic in more profound ways with more joyous results.

As we attend a Congress of Dreamers, as we move among the Dreamers, one will step forth;

You hear the music; you hear the call. And the Dreamers wait, dreaming you to come hear their messages - their messages for you. So many wondrous mysteries and secrets yearn to be unfolded; so many awed treasures and precious gifts long to be discovered.

Will you allow the Lemurian Dreamers and your personal Lemurian Dreamer to speak to you? Will you allow us to open new and shining gateways to Lemuria, to your Lemurian Dreamer, and to the dreams and messages they have crafted just for you?

We are excited for you; we love you so. We love you more than you can ever know.

– Lazaris

one will stand out. Perhaps it is the Lemurian Dreamer we once were; maybe it's the Dreamer to whom we were Companion. Among the dreamers there is one – one who is our personal Lemurian Dreamer.

Discovering our personal Lemurian Dreamer, in the awe and the wonder of a moment, we can receive the messages that our Lemurian Dreamer has been waiting to tell us for so very long.

For many of us, Lazaris has helped us open our Souls and Spirits to the majestic grace of Lemuria and to the magnificent presence of its Dreamers. Each has come alive with vibrant passion and immeasurable meaning; each has been awakened with the textured richness of compassion and understanding. Lemuria and its Dreamers are now remembered in our hearts and minds and in our grace and in our presence.

For others of us, the wonders of Lemuria and the Lemurian Dreamers still sleep within us. What we forgot of ourselves still slumbers deep and solid.

Yet the Dreamers – the Lemurian Dreamers – wait for us; they have new messages and new dreams just for us. Well-seasoned or new, we are ready to revitalize and reawaken our Souls and Spirits and our hearts and minds all over again or for the first time. We are ready to hear the Dreamer speak to us. We are ready to allow them to dream dreams for us as never before. We are ready to seize this moment more fully and more deeply than before.

This journey – this three-day excursion – with Lazaris will be sacred and it will be new. We can join together in this symphony of magic

and be lifted into the mystery of *Mystical Union of Love & Oneness*. We can be gifted with the magic of *Divine Elegance & Divine Essence*. Out of the wonder of mystery, we can each emerge new, more, and better than before.

The Lemurian Dreamers wait. Our Lemurian Dreamer – the Dreamer we once were or the Dreamer to whom we were once Companion – waits for us to return, to reunite, and to remember. We have heard the call. It does beckon us and we do respond. Welcome to a grand opportunity to expand our grace and presence – to work magic, to make miracles, and to take another step closer to Coming Home. Welcome to a magic journey – another sacred journey of wonders – with Lazaris.

Welcome ...

An Evening with Lazaris

Thursday Evening, March 1, 2001, 7:30 - 11:00 p.m.

Unlocking & Receiving Greater Love & Greater Intimacy with Your Higher Self

*Love grows. Intimacy deepens.
Mystery expands. And in the swirl,
magic becomes more.*

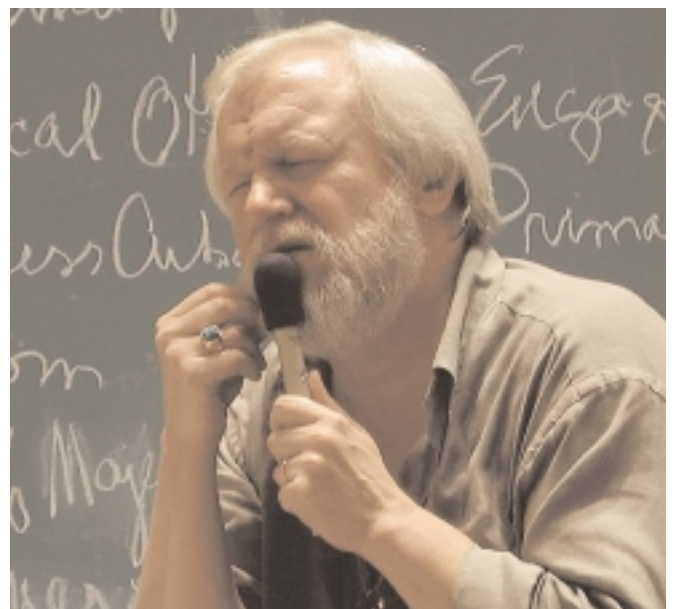

– Lazaris

None of us need to be convinced of the merit and value of greater love and intimacy with our Higher Selves. So many of us experience so much of this love and intimacy already. We have grown and changed and our lives have become so much more out of the love we already know. We also understand that there is so much more waiting for us and there are also depths of love and intimacy that we cannot yet fathom.

No matter how much we know and experience love, we always seek more and we always seek new and more elegant means of acquiring it. Lazaris has designed a magical evening where we can unlock and then receive the love and intimacy that still waits for us. Through insights, techniques, and magical workings, we can unlock and receive the unfathomable of love and intimacy with our Higher Self.

This evening can be another piece in the puzzle of mystery that we are exploring and it can be another clue for reaching the power and the magic hidden in the mystical heart of mystery.

Lazaris has pointed out that the keys for cre-

ating a stellar year of success and happiness are found in how we relate to mystery in our world and in how we go about making mystery in our lives. We may not know how to use these keys, but our Higher Selves do. We may not know how to explore mystery or to find its mystical heart, but our Higher Selves do.

We do not need convincing when it comes to the greater of love and intimacy. We do seek guidance. Lazaris is there ready to help us.

Welcome ...

Lazaris' Most Recent Tapes

Activating the Initial Source of All Magic

This tape discussion by Lazaris, which at first may appear as only an esoteric exercise, can become a powerful magician's tool that can enhance our lives and our loves. We can access the "primal seed" imprinted in our personal Cosmic Memory as well as the "divine seed" gifted to us by God/Goddess/All That Is.

We are magicians and we know magic and its workings. Likewise, we are successful in our endeavors. By activating the initial source of all magic, our workings and our successes can be lifted, even catapulted, to exciting new levels. Such activation can be as a quantum leap. We can stand with new dimensions of achievement without fully knowing what we did, how we did it, or how we got there.

It can be a grand mystery and it can be a great secret to our success. We can access Cosmic Memory and then we can apply specific techniques to activate it - to awaken this august Memory within us and within our magic. What a marvelous way to begin a year rich with the excitement and the reward of mystery.

Magician's Dream: Celebrating Love & Magic

(Evening Only)

The glory of love emerges when you honor and respect the love that you have for self and others; when you honor and respect the love that you are . . . Step into the boundless magnificence of love for there you will find the gratifying bliss of happiness, of triumph, and of rejoicing. This is the glory of love. We love you so. Come. Let the celebrating begin; let the celebrating continue.

– Lazaris

Lazaris weaves discussion, myth, ritual, and meditation together to create a stunningly magical weekend. And out of these days, we found those grander dreams with vision, that greater love with

*** [click to return to main menu](#) ***

mystery and mysticism, and that greater magic with precision.

During this recorded Friday portion of the weekend, Lazaris creates a magical environment in which to prepare to not just learn of it but to literally and metaphysically experience celebration. In these few hours, Lazaris talks of *The Point and Power of Dreaming* and *The Point and Power of Celebration*. Lazaris explores how to use celebration in preparation and participation as well as in conclusion of our actions. Celebration can lift success to triumph, bounty to abundance, and transmuting and transforming can be lifted to transcending. Then Lazaris lays the foundation for *Creating the Map for a Magician's Celebration*. Meditation included.

As well as Lazaris' incredible 2001 tapes, which can serve as elegant guidelines to a Year of Mystery, we offer some tape suggestions for the first phase of 2001:

Phase I: Pondering the Possibilities & Potentials

Awakening the Unstoppable Power of Our Magic

Lazaris explores means to more fully discover and then awaken our magical power. From *Conscious Presence* to *Unconscious Presence*, we can gather this power, and once this power is awakened, with a bit of fashioning, we can touch and tap the "unstoppable" power that is often hidden within. Lazaris guides us upon another beautiful meditation and offers a foundation of elegant workable techniques to harness this now-awakened and unstoppable power. The first step toward greater dominion is a profound one. 3 hours ... \$24.95 plus shipping/handling/tax

The Magic Only Increases

It is time to heal our magic. It is time to bolster, strengthen, and balance our magic. During this powerful evening tape, Lazaris offers us a new map; he answers our question: What do we do when we fear we are losing our magic? To make this new map, Lazaris offers a *Collage of Energy* in the form of familiar and new techniques. From *The Magician's Way* to *The Experience of Oneness*, and from *The Counsel of the Ancients* to *The New Magic*, Lazaris explores each of 14 distinct energies that we can utilize to heal and strengthen our magic. These energies, used individually, in clusters, or as a collage of energy, can assist us in bolstering and balancing our magic. As well, we can come to know the magic – the magic that only increases. Lazaris also offers us an array of methods with which to work with these healing and strengthening energies. This was truly a special evening and this cassette can hold untold treasures and gifts for each of us. Richly powerful meditation included. 3 hours ... \$24.95 plus shipping/handling/tax

Awakening Our Genius

The concept of genius is latticed with misconceptions: some see it as high I.Q. or a specific talent. Some think genius means being perfect, or that it's something unfathomable. But more than that, fear, anxiety, dread and indebtedness all put our unique genius, which will defy consensus definitions, to sleep -- and unresolved pain and rage can overshadow it. Yet it is there, and within it lies the stuff of miracles. It is a synergy of wisdom, patience, dreaming, and a perspective of the possible; it is a capacity of knowing, a quality of persistence, and the willingness to be wrong (and then to change) in the pursuit of what is right, beautiful, and true. This is an amazing discussion, with an incredible meditation which Lazaris guides to fire neurons and recalibrate the brain. He concludes with a series of incredible techniques, including the Crimson Disk technique and work with the Future Self. 3 hours ... \$24.95 plus shipping/handling/tax

New Strategies to Optimize Success

This is a tape we will listen to time and time again. We can hear a new depth and we can find a deeper meaning each time. Lazaris lays the backdrop for this vitally important discussion by talking of why we need a new strategy to create optimum success. He speaks of the Great Awakening, access to ports of greater happiness and greater knowing as well as access to the ports of transcendence and metamorphosis. He talks of the information revolution we are currently in and how we could become overwhelmed and overrun with information without new strategies. And it is a time of grand opportunity. From this backdrop, Lazaris talks of creating an environment to attract optimum success by working with our current Strategy for

Success and by developing a living relationship with success – a fascinating concept that can yield untold results. Once we have an environment to attract the optimum, we need to create specific “Attractors” to place within that environment. Intensity-Intimacy, Elegance-Enthusiasm, Trust-Partnership, and the Complexity of Wisdom play key roles. Lazaris then turns his attention and his love upon the specifics of new strategies: Celebration-Triumph, Co-Creating with Crystals, and Archetypal Guidance are names – labels – for some of the techniques Lazaris brings to life and teaches us. Developing Fortune and working with the Unknown form the foundation for our new strategies. It is a thrilling discussion. One that you will not want to miss and one that you will want to listen to time and again.

New Dimensions of Joy

A phenomenal discussion in which Lazaris lays out our Formula of Success and our Strategy for Change. We each have such a formula and strategy, though often we are not conscious of it. Unaware of its components, it runs us, and both success and change seem beyond our reach. Lazaris also explores how to find our Formula and Strategy and how to change them - enhance them. He includes a beautiful discussion of frustration and its precipitation of boredom, anxiety, and depression. Our frustration can become productive in redirecting and redesigning our Formula and Strategy. With precision we can infuse our Formula and Strategy with joy. Miracles can abound. Lazaris guides us upon a meditation (The Bounty of the Sea of Success) in which we gather the components of success and change and take them down to the sea. There the sea changes and enhances what we deliver to it. We return with new and renewed pieces of success and the energies of change.

Love/Self-Love

Lazaris has often said that no matter what it is that we are doing, the bottom line is that we always seek love. Two sides of the same coin, loving self and loving others is the ultimate goal of our lives. These two tapes help us repattern our powerful Subconscious Mind and orient it towards allowing ever-more-powerful levels of Self-Love -- and an ever-greater capacity for loving others. Increased love always ripples through every other area of our lives, affecting our feelings for ourselves, our relationships with others, our love and tenderness for God/Goddess/All That Is.

The Red Label Series is a very special series of meditation tapes from Lazaris. Each title contains two topics which work together, and for each Lazaris gives a days-on/days-off formula for listening which follows the pattern with which your subconscious works most effectively in creating change. Though they are not subliminal tapes, once you have listened to them consciously, many may be used at night while you're asleep.
